Howard, 2020-10-31 In *Composing for the Revolution* Nie Er and China s Sonic Nationalism Joshua Howard explores the role the songwriter Nie Er played in the 1930s proletarian arts movement and the process by which he became a nationalist icon Composed only months before his untimely death in 1935 Nie Er s last song the March of the Volunteers captured the rising anti Japanese sentiment and was selected as China s national anthem with the establishment of the People s Republic Nie was quickly canonized after his death and later recast into the People s Musician during the 1950s effectively becoming a national monument Howard engages two historical paradigms that have dominated the study of twentieth century China revolution and modernity He argues that Nie Er active in the leftist artistic community and critical of capitalism availed himself of media technology especially the emerging sound cinema to create a modern revolutionary and nationalist music This thesis stands as a powerful corrective to a growing

literature on the construction of a Chinese modernity which has privileged the mass consumer culture of Shanghai and consciously sought to displace the focus on China's revolutionary experience Composing for the Revolution also provides insight into understudied aspects of China's nationalism its sonic and musical dimensions Howard's analyses highlights Nie's extensive writings on the political function of music examination of the musical techniques and lyrics of compositions within the context of left wing cinema and also the transmission of his songs through film social movements and commemoration Nie Er shared multiple and overlapping identities based on regionalism nationalism and left wing internationalism His march songs inspired by Soviet mass songs combined Western musical structure and aesthetic with elements of Chinese folk music The songs ideological message promoted class nationalism but his March of the Volunteers elevated his music to a universal status thereby transcending the nation Traversing the life and legacy of Nie Er Howard offers readers a profound insight into the meanings of nationalism and memory in contemporary China Composing for the Revolution underscores the value of careful reading of sources and the author's willingness to approach a subject from multiple perspectives *Billboard*, 1981-09-26 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard**, 1951-03-31 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **The Songs of the Russian People** William Ralston Shedden Ralston, 1872 **The Songs of the Russian People** W. Sacred Marriages Martti Nissinen, Risto Uro, 2008-06-30 The title of this volume *Sacred Marriages* consciously plays with the traditional concept of sacred marriage but the plural form *sacred marriages* gives the reader an idea that something more is at stake here than a monomaniacal idea of manifestations deriving from a single prototype Following the guidelines of one of the contributors Ruben Zimmermann the editors tentatively define sacred marriage as a real or symbolic union of two complementary entities imagined as gendered in a religious context *Sacred marriages* plural then refers to various expressions of this kind of union in different cultures that seek to overcome to cite Zimmermann again the great dualism of human and cosmic existence The subtitle indicates that the contributors are primarily interested in different aspects of the divine human sexual metaphor that is the imagining and reenactment of a gendered relationship between the human and

divine worlds This metaphor which is essentially about relationship rather than sexual acts can find textual ritual mythical and social expressions in different times and places Indeed the sacred marriage ritual itself should be considered not a manifestation of the sacralized power of sexuality experienced in sexual intercourse but one way of objectifying the divine human sexual metaphor **Billboard** ,1955-04-30 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
