Paradisal Love John D. Baildam, 1999-10-01 This is the first comprehensive study of Herder's preoccupation with the Song of Songs Baildam considers the importance of this poetry in his thinking and examines his commentaries and translations of 1776 and 1778 Despite Herder's claims to the contrary his own cultural position is revealed in his translations and in his unique interpretation of the work as the voice of pure paradisal love Starting with Herder's interest in the Song of Songs between 1765 and 1778 this book sets his reflections in the wider context of his relativistic views on the nature of poetry contemporary German culture and the importance of primitive poetry in general and the poetry of the Bible in particular Then Baildam looks at current literary critical theories with implications for Herder's translations of these Lieder der Liebe and discusses Herder's theories of language and translation in comparison with German translation theories Herder's reading of the Song as the most primitive natural and sublime example of Hebrew poetry is placed in the context of earlier and contemporary interpretations his opinion of which is examined In the last part of the book there is an appraisal first of Herder's commentaries themselves analysing how the details reflect his overall concept of the work and then of his translations comparing them with each other with the Lutheran text to which Herder ultimately directed his readership and with the Hebrew text A concluding chapter reviews the reception of Herder's work and three appendices offer a parallel presentation of Herder's translations of 1776 and 1778 Luther's translation of 1545 and Goethe's translation of 1775

Hours at Home: a Popular Monthly, Devoted to Religious and Useful Literature James Manning Sherwood, 1870 Brotherly Love Kenneth B. Loiselle, 2014-08-21 Friendship an acquired relationship primarily based on choice rather than birth lay at the heart of Enlightenment preoccupations with sociability and the formation of the private sphere In Brotherly Love Kenneth Loiselle

argues that Freemasonry is an ideal arena in which to explore the changing nature of male friendship in Enlightenment France. Freemasonry was the largest and most diverse voluntary organization in the decades before the French Revolution. At least fifty thousand Frenchmen joined lodges the memberships of which ranged across the social spectrum from skilled artisans to the highest ranks of the nobility. Loiselle argues that men were attracted to Freemasonry because it enabled them to cultivate enduring friendships that were egalitarian and grounded in emotion. Drawing on scores of archives including private letters, rituals, the minutes of lodge meetings and the speeches of many Freemasons, Loiselle reveals the thought processes of the visionaries who founded this movement, the ways in which its members maintained friendships both within and beyond the lodge, and the seemingly paradoxical place women occupied within this friendship community. Masonic friendship endured into the tumultuous revolutionary era, although the revolutionary leadership suppressed most of the lodges by 1794. Loiselle not only examines the place of friendship in eighteenth-century society and culture but also contributes to the history of emotions and masculinity and the essential debate over the relationship between the Enlightenment and the French Revolution.

Language, Love, Alterity and Transcendence as a Model of Julia Kristeva's Dynamic Spirituality Kevin O'Donnell, 2024-10-16 Even an atheist has a spirituality. Spirituality can be considered as human rather than narrowly religious. Many today call themselves spiritual but not religious. It is impossible to define and so various limited models are suggested by researchers. This book explores these issues and proposes a new model based upon the oeuvre of the Bulgarian-French semiologist, philosopher and psychoanalyst Julia Kristeva. Kristeva is an atheist with a respect for religion, its valuing of the non-discursive and its role in therapy. Her work is supplemented and contrasted by her peers Hélène Cixous and Luce Irigaray. The author proposes a model based on Kristeva's work where themes of Language, Love, Alterity and Transcendence interact to form what we call spirituality rather than simply being unconnected aspects of it. Suggestions are given of how this resulting model can be applied to Secondary Education, Religious Education in particular and also approaches to Healthcare Education.

A Guide to Romantic Love: the Romantic Character and the Romantic Tradition Ariana Gonzalez Hernandez, 2018-02-17 Romantic love is something that is actually a product of a romantic culture. It's a product of its traditions and of the character of those who subscribe to its values. In this comprehensive guide, you will not only learn about the romantic character and the traditions that enable you to cultivate romantic love in your life; you will also learn about the culture itself as well as its history, enabling you to develop a profound understanding and appreciation for this culture and the unique type of relationship that it yields. This guide isn't just about creating romantic relationships or about culture; it's about self-improvement, about building character, about potential and about becoming complete in the process. Since our relationships are a reflection of who we are, then the improvement of our relationships naturally begins with the improvement of ourselves. Peoples of the romantic culture have captured the hearts of the world for centuries. Their enigmatic ways provoke fascination and curiosity among those foreign to their cultures. The mystery of their

enigmatic ways is solved once and for all by providing you with a window into their seemingly magical world At the same time you will learn how to take part in their culture in order to create your own enigmatic persona and your own magical and truly romantic and loving relationships

The Erotic Margin Irvin Cemil Schick,1999 Gender and sexuality have long held an important place in western attitudes towards the people and regions of the world from the titillating accounts of harem life in the Middle East to the terrifying captivity narratives of North America *The Erotic Margin* is a first attempt to pull together this large disparate and often contradictory literature and view it as a corpus Schick argues that such images served to construct spatial difference and thereby helped Europe represent its own place in the world during an age of rapid geographical expansion Informed by the recent literature on human geography as well as feminist and postcolonial theory *The Erotic Margin* turns to sexual anthropology as well as travel literature in which from the eighteenth century on both traveler and destination were portrayed in unmistakably gendered and sexualized terms Reviewing examples ranging from the New World to India the Near East to black Africa and the South Sea islands to the Barbary Coast the book reflects on why foreign women were variously portrayed as alluring or threatening foreign men as effeminate weaklings or dangerous rapists and foreign lands as sexual idylls or hearts of darkness

Poets of Divine Love Alessandro Vettori,2004 Clearly written this incisive critical study opens a new analytic window not only to the rhetoric of medieval Italian poetry but also to a richer understanding of one of the most important strands of medieval European culture

If God Is Love, Don't Be a Jerk John Pavlovitz,2021-09-28 Thou Shalt Not Be Horrible Imagine for a moment what the world might look like if we as people of faith morality and conscience actually aspired to this mantra What if we were fully burdened to create a world that was more loving and equitable than when we arrived What if we invited one another to share in wide open fearless spiritual communities truly marked by compassion and interdependence What if we daily challenged ourselves to live a faith that simply made us better humans John Pavlovitz explores how we can embody this kinder kind of spirituality where we humbly examine our belief system to understand how it might compel us to act in less than loving ways toward others This simple phrase Thou Shalt Not Be Horrible could help us practice what we preach by creating a world where spiritual community provides a sense of belonging where all people are received as we are the most important question we ask of a religious belief is not Is it true but rather is it helpful it is morally impossible to pledge complete allegiance to both Jesus and America simultaneously the way we treat others is the most tangible and meaningful expression of our belief system In *If God Is Love Don t Be a Jerk* John Pavlovitz examines the bedrock ideas of our religion the existence of hell the utility of prayer the way we treat LGBTQ people the value of anger and other doctrines to help all of us take a good honest look at how the beliefs we hold can shape our relationships with God and our fellow humans and to make sure that love has the last loudest word
