What Anyone Can Do Leo Bottary, 2018-09-03 Most of us don't seek advice or reach out to others for help very easily. In part, it's because we're conditioned to see life as an individual endeavor rather than a team sport. Or because we believe that asking for help makes us look weak or incapable. We regard self-help as by-yourself-help. News flash: no one in the history of the world has ever achieved any level of happiness or success totally by themselves. In his 1976 book *The Long Run Solution*, Joe Henderson suggested that becoming truly accomplished at running or at anything doesn't typically require us to perform superhuman feats. In fact, success is frequently realized by those who simply do the things anyone can do that most of us never will. In *What Anyone Can Do*, with the help of Leo Bottary's *Year of the Peer* podcasts, guests, and playful illustrations by Ryan Foland, you'll discover that if you surround yourself with the right people, you'll do the things anyone can do far more often. And when you do that, you and the people around you will realize more of what you want out of business and life. It's that simple. *The Power of Peers* 2016 made a strong case for how and why formal peer groups are so effective. This book steps outside the

formal peer group arena to examine all the important relationships we have in our lives parents teachers spouses mentors children mentees etc and provides a practical approach and specific framework for harnessing their power for your benefit and theirs It s what anyone can do You re anyone right Start Finishing Charlie Gilkey,2019-09-24 Awards for Start Finishing Publishers Weekly Fall 2019 Top 10 Business and Economics Books Book Authority Best New Book in the categories of Time Management Success Productivity and Goal Setting Kirkus Reviews Top Indie Book Montaigne Medal Finalist Independent Publisher Book Award 2020 Silver Award for Business Careers Sales Eric Hoffer Book Award 2020 Grand Prize Productivity Meets Purpose Discover a Powerful Nine Step Method to Start Finishing the Work That Matters Most How much of your time and attention lately has been focused on things that truly matter to you Most people s honest answer is not enough Everyone is buried by busywork responsibility distraction and fatigue The joy producing difference making ideas are waiting for when the time is right when the current project is over when they have a little more money when the kids are grown or when they get a more understanding boss They are waiting for someday The trouble is someday never comes on its own Start Finishing presents a nine step method for converting an idea into a project by addressing the challenges you ll face and getting the project on a reality based schedule This critically acclaimed book will teach you how to Practice the five keys that lead to self mastery Build your success pack of supporters guides peers and beneficiaries Keep working through the thrashing that comes with any project that matters to you Chunk link and sequence your ideas down to doable parts Use the Five Project Rule to prioritize your daily schedule and be at peace with the work you choose not to do Fly through drag points how to deal with head trash no win scenarios and other people s priorities Heatmap your schedule so you do the right work at the right time Overcome cascades logjams and tarpits the three ways projects routinely get stuck Finish strong celebrate review and ride the momentum to your next goal You are not incapable wired to struggle or fated to be unable to get your act together With a few key steps you can change the way you show up how you plan and how you respond when things get tough You can Start Finishing the work that matters most to you Includes original contributions from Seth Godin Susan Piver Jonathan Fields James Clear and many other teachers *The Education of a Value Investor* Guy Spier,2025-09-23 What happens when a young Wall Street investment banker spends a small fortune to have lunch with Warren Buffett He becomes a real value investor In this fascinating inside story Guy Spier details his career from Harvard MBA to hedge fund manager But the path was not so straightforward Spier reveals his transformation from a Gordon Gekko wannabe driven by greed to a sophisticated investor who enjoys success without selling his soul to the highest bidder Spier s journey is similar to the thousands that flock to Wall Street every year with their shiny new diplomas aiming to be King of Wall Street Yet what Guy realized just in the nick of time was that the King really lived 1 500 miles away in Omaha Nebraska Spier determinedly set out to create a new career in his own way Along the way he learned some powerful lessons which include why the right mentors and partners are critical to long term success on Wall Street why a topnotch education can
