The Mirror of the Self Shadi Bartsch,2017-07-21 People in the ancient world thought of vision as both an ethical tool and a tactile sense akin to touch Gazing upon someone or oneself was treated as a path to philosophical self knowledge but the question of tactility introduced an erotic element as well In The Mirror of the Self Shadi Bartsch asserts that these links among vision sexuality and self knowledge are key to the classical understanding of the self Weaving together literary theory philosophy and social history Bartsch traces this complex notion of self from Plato s Greece to Seneca s Rome She starts by showing how ancient authors envisioned the mirror as both a tool for ethical self improvement and paradoxically a sign of erotic self indulgence Her reading of the Phaedrus for example demonstrates that the mirroring gaze in Plato because of its sexual possibilities could not be adopted by Roman philosophers and their students Bartsch goes on to examine the Roman treatment of the ethical and sexual gaze and she traces how self knowledge the philosopher s body and the performance of virtue all played a role in shaping the Roman understanding of the nature of selfhood Culminating in a profoundly original reading of Medea The Mirror of the Self illustrates how Seneca in his Stoic quest for self knowledge embodies the Roman view marking a new point in human thought about self perception Bartsch leads readers on a journey that unveils divided selves moral hypocrisy and lustful Stoics and offers fresh insights about seminal works At once sexy and philosophical The Mirror of the Self will be required reading for classicists philosophers and anthropologists alike **In and Out of the Mind**
