

An aerial photograph of a city at sunset. The sun is low on the horizon, creating a warm, orange glow that filters through the air. The city below is a dense grid of buildings and streets, with a prominent highway interchange visible on the left side. The overall mood is contemplative and romantic.

So it was possible to
love a stranger.

Love Of Strangers:

Love Tony Milligan,2014-10-14 What is love What is it to be loved Can we trust love Is it overrated These are just some of the questions Tony Milligan pursues in his novel exploration of a subject that has occupied philosophers since the time of Plato Tackling the mood of pessimism about the nature of love that reaches back through Schopenhauer and Kierkegaard he examines the links between love and grief love and nature and between love of others and loving oneself We love too few things in the world Milligan concludes adding that we need to be loved too to appreciate our own value and the worth of life itself

Love From Heaven Lorna Byrne,2017-02-14 Bestselling author and mystic Lorna Byrne teaches us how to have more compassion for both ourselves and others and to see all the love around us in this powerful and moving book perfect for fans of Louise Hay and Doreen Virtue Lorna Byrne an Irish mystic has been seeing angels since she was a baby but she sees even more than that In *Love from Heaven* she reveals for the first time that she sees love as a physical force Lorna first became conscious that the angels were teaching her about love when she was five years old and today she can see how love manifests in each of us She sees that newborn babies are full of pure love and that many teenagers and adults seem surrounded at the heart level by a transparent but ironlike band which restricts that love We are all pure love but nine out of ten of us have locked away most of this love within ourselves This love remains there though indestructible and ready to be released if only we can learn to love ourselves first *Love from Heaven* will transform the way you think about love stir up the love within and make you more compassionate leading to a happier life for you and those around you

Civil Disobedience

Tony Milligan,2013-03-28 Civil disobedience is a form of protest with a special standing with regards to the law that sets it apart from political violence Such principled law breaking has been witnessed in recent years over climate change economic strife and the treatment of animals Civil disobedience is examined here in the context of contemporary political activism in the light of classic accounts by Thoreau Tolstoy and Gandhi to call for a broader attitude towards what civil disobedience involves The question of violence is discussed arguing that civil disobedience need only be aspirationally non violent and that although some protests do not clearly constitute law breaking they may render people liable to arrest For example while there may not be violence against persons there may be property damage as seen in raids upon animal laboratories Such forms of militancy raise ethical and legal questions Arguing for a less restrictive theory of civil disobedience the book will be a valuable resource for anyone studying social movements and issues of political philosophy social justice and global ethics

The Interaction Between Law and Love in the Pauline Writings Pandelani Paul,2015-07-16 There are five chapters of this book The first chapter is the overview of the whole book and how the research was going to be conducted It also gives the summary of law and love in the books of Paul The interaction between law and love in Pauline writing has been an interesting topic where we have discovered that the law of God cannot be separated from his agape love which has followed mankind from creation and eventually leads him to eternity We discovered that the law of God reveals Gods character and

that is his love The law of God and his love are one and cannot be separated from each other God gives the law to prove to man that he loves him deeply and eternally The death of Jesus on the cross was the final crown of the proof of how much we mean to God and the length He can go to redeem us He gave his all for our redemption The plan of salvation is the perfect revelation of law and love in Pauline writings Chapter 1 and 2 looks at law and love and the theology and ethics of law and love The plan of salvation is laid bare and how the Jews missed the mark of spreading the Word to the whole world by holding to God as a Jewish God alone In chapter 3 we discover the difference between the ceremonial law and the Decalogue The ceremonial laws were pointing toward the coming of Jesus and so with his arrival they came to an end because they were pointing to his coming The Decalogue was there and it will continue till the end of time when Jesus will come the second time Chapter 4 is all about love and what it means to God and how he could not compromise his Decalogue and the meaning of redemption Chapter 5 is the blending of law and love in Pauline writings Keeping the law is not a problem when you love God and you know that God loves you its not difficult to keep the Decalogue because your love supercedes the law When you love someone its easy to follow or keep the law Gods Decalogue is a mirror and love is the crown of our redemption For God so loved the world that he gave His only begotten son to die for man because His law could not be changed Love will lift us up such that doing and keeping Gods law will not be a burden but a pleasure because through Christs death we realize how important we are to God

Love and Christian Ethics Frederick V. Simmons, Brian Sorrells, 2016 At the heart of Christian ethics is the biblical commandment to love God and to love one s neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about appropriate interpretations and implications of this critical norm In *Love and Christian Ethics* nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research *Love and Christian Ethics* is sure to become a benchmark resource in the field

Saved by Faith and Hospitality Joshua W. Jipp, 2017 Too few Christians today says Joshua Jipp understand hospitality to strangers and the marginalized as an essential part of the church's identity In this book Jipp argues that God's relationship to his people is fundamentally an act of hospitality to strangers and that divine and human

hospitality together are thus at the very heart of Christian faith Jipp first provides a thorough interpretation of the major biblical texts related to the practice of hospitality to strangers considering especially how these texts portray Christ as the divine host who extends God's welcome to all people Jipp then invites readers to consider how God's hospitality sets the pattern for human hospitality offering suggestions on how the practice of welcoming strangers can guide the church in its engagement with current social challenges immigration incarceration racism and more Moral Powers, Fragile Beliefs Joseph Carlisle, James Carter, Daniel Whistler, 2011-02-17 *The John MacArthur Collection Volume 2* John MacArthur, Jr., 2015-11-30 Now available Three of John MacArthur's spiritual classics on one edition Grow in your journey of faith with practical Biblical insights from pastor and teacher John MacArthur This collection contains Divine Design For decades culture has blurred the lines between men and women all in the name of equality Yet instead of creating harmony this approach has caused frustration and confusion leaving families broken and hurting Divine Design draws readers back to God's intention for men and women and tackles big issues such as authority in marriage mothers in the home and the innate difference between males and females Readers will discover how embracing their unique design can foster security balance and love in a marriage and family Saved Without a Doubt Am I really saved Am I going to heaven How can I know for sure Every believer has wrestled with these questions at some point in their journey Saved Without a Doubt examines Scripture to uncover the truth of salvation while addressing tough questions that can hinder our faith Readers will develop a Bible based theology of salvation and be encouraged to securely rest in their personal relationship with Christ The Power of Suffering Why does God allow suffering Even more perplexing where is God when people hurt The Power of Suffering holds the vital answers MacArthur takes a look at the reality and role of suffering in the life of a believer He offers readers a profound message of hope encouragement and peace **Handbook of Research on Teaching Ethics in Business and Management Education** Wankel, Charles, Stachowicz-Stanusch, Agata, 2011-12-31 This book is an examination of the inattention of business schools to moral education addressing lessons learned from the most recent business corruption scandals and financial crises and also questioning what we're teaching now and what should be considering in educating future business leaders to cope with the challenges of leading with integrity in the global environment Provided by publisher
