denominational and ecumenical perspectives on marriage and the family The third part sketches a sociological profile of the family in some European countries and addresses pastoral and sacramental issues connected with it The final part places the Christian family in the context of contemporary society *God as Love* Johannes M. Oravec, 2014-04-19 The development and principal characteristics of Russian religious thought in the nineteenth and twentieth centuries The theme of love in the manuals of the nineteenth century Academic theology The birth of lay and ecclesial modern theology The concept of love with the two founders of Russian religious philosophy N F Fedorov and V S Solov'ev The moralist school of theology The mystical wisdom stream of theology To ponder and to pronounce love in exile between philosophy and poetry The theology of love in the perspective of return to the fathers the neopatristic school of the twentieth century Christian Marriage Ronald J. Wilkins, 1986 Orthodox Christianity: A Very Short Introduction A. Edward Siecienski, 2019-06-03 To many in the West Orthodoxy remains shrouded in mystery an exotic and foreign religion that survived in the East following the Great Schism of 1054 that split the Christian world into two camps Catholic and Orthodox However as the second largest Christian denomination Orthodox Christianity is anything but foreign to the nearly 300 million worshippers who practice it For them Orthodoxy is a living breathing reality a way of being Christian ultimately rooted in the person of Jesus and the experience of the early Church Whether they are Greek Russian or American Orthodox Christians are united by a common tradition and faith that binds them together despite differences in culture True the road has not always been smooth Orthodox history is littered with tales of schisms and divisions of persecutions and martyrdom from the Sack of Constantinople capital of the Byzantine Empire and seat of the Ecumenical Patriarch to the experience of the Russian Orthodox Church under the Soviet Union Still today Orthodoxy remains a vibrant part of the religious landscape not only in those lands where it has made its historic home Greece Russia the Middle East and Eastern Europe but also increasingly in the West Orthodox Christianity A Very Short Introduction explores the enduring role of this religion and the history beliefs and practices that have shaped it ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable A Guide to the Sacraments John Macquarrie, 2013-01-26 A highly acclaimed account of the sacramental principle and the seven sacraments of the church Maternal Body Frost, Carrie Frederick, 2019 Places Orthodox sources icons hymns and prayers on motherhood into conversation with each other In so doing this work brings an anchored vision of motherhood to the twenty first century especially the embodied experience of motherhood **Sexuality, Gender & Education** Joseph Tham, L.C., 2018-03-15 The debates on gender and sexuality are widespread today Many claim that a cultural war is being waged between conservatives who uphold the time honored values of family and sexuality and liberals who promote an agenda to redefine these traditional roles Since the public is often uninformed about the science and philosophical currents

undergirding the questions of gender and sexuality the Pontifical Athenaeum Regina Apostolorum organized an academic symposium in Rome to shed light on the debate This book gathers the insights of that symposium which integrated the disciplines of medicine neuroscience psychology psychiatry history philosophy moral theology biblical studies law bioethics and pedagogy This work is aimed at Catholics and all those who seek a more profound understanding of one of today's most important topics In the personalist approach of bioethics the natural law tradition distinguishes the person from his or her acts In the case of same sex attractions the Church teaches clearly that the inclination is not in itself sinful and that persons with such attractions are deserving of respect and compassion in accord with their full human dignity Nonetheless same sex acts are not natural or ordered The Church strives to build bridges with the LGBT community by fostering a relationship of compassion sensitivity and mutual respect However real bridges also require honesty and openness to the truths that pertain to human sexuality procreation the family and the education of future generation

The Sexual Person Todd A. Salzman, Michael G. Lawler, 2008-05-21 Two principles capture the essence of the official Catholic position on the morality of sexuality first that any human genital act must occur within the framework of heterosexual marriage second each and every marriage act

must remain open to the transmission of life In this comprehensive overview of Catholicism and sexuality theologians Todd A Salzman and Michael G Lawler examine and challenge these principles Remaining firmly within the Catholic tradition they contend that the church is being inconsistent in its teaching by adopting a dynamic historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static classicist anthropology and worldview on sexual ethics While some documents from Vatican II like *Gaudium et spes* the marital act promotes self giving by which spouses enrich each other gave hope for a renewed understanding of sexuality the church has not carried out the full implications of this approach In short say Salzman and Lawler emphasize relationships not acts and recognize Christianity s historically and culturally conditioned understanding of human sexuality The *Sexual Person* draws historically methodologically and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage cohabitation homosexuality reproductive technologies and what it means to be human This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians and between theologians and the Magisterium

Woman as Prophet in the Home and the World R. Mary Hayden Lemmons, 2016-09-15 This first ever interdisciplinary study of woman as prophet shows that in these troubling times ordinary women especially Christian women need to function as prophets by proclaiming in word and deed the indispensability of lovingly seeking the welfare of others More specifically social science shows that the person centered love prophesied by women prophets is able to meet interpersonal challenges within the home and world while philosophy and theology establish that women are able to excel as prophets due to the virtuous dispositions inculcated by femininity the choice to be caring a God centered spirituality and a pro life humanitarian personalist feminism that welcomes male collaborators Facilitating the ability of Christian women to prophesy love are Baptismal graces Thomistic virtues and a much needed prophetic Marian ecclesiology based on what John Paul II calls the prophetism of femininity These interdisciplinary findings provide an essential resource for educators and students of humanity the theology of women and evangelization These findings emerge first from an investigation into the cognitive and ontological underpinnings of what John Paul II called the feminine genius A second set of findings emerges from exploring the prophetic dimensions of the feminine genius secular feminism s need to adopt the insights of Christianity and the ability of femininity s prophetism to recast both femininity and feminism as Marian prophecies A third set of findings arises from analyzing the spirituality of women prophets within the Christian tradition by considering the conditions necessary for prophesying explicating requisite Thomistic virtues and delving into the spirituality of Hildegard Catherine of Siena Julian of Norwich and Teresa of Avila A fourth set of findings arises from innovative studies of polarization secularization lust romantic love the conditions whereby mothers with careers can flourish and the ability of nuns to combat racism in a small Midwestern town Overall these interdisciplinary investigations explicate the theology of women and show that women who prophesy love either in the order of grace or

Jeal,2010-03-08 This collection of essays was originally presented at the St Margaret s Consultation on Doctrine Liturgy and Preaching held at St Margaret s Anglican Church in Winnipeg Canada in 2008 They consider human sexuality and marriage from a distinctly theological rather than polemical standpoint aiming to avoid frequently polarized debates The interesting commonality indicated in the articles is that sex and marriage are not about self fulfillment but are outwardly directed aimed toward the other person toward growth maturity and deepened spirituality for the benefit of the church for productive good and for children The first section explores theological and ethical issues surrounding human sexuality and aims toward understanding the nature of relationships in these contexts The second section explores the spiritual nature of marriage and the history of thinking on marriage and family within Christian theology For those interested in pursuing truly theological engagement with marriage and sexuality this collection is required reading **God and Eros** Colin Patterson,Conor Sweeney,2015-10-12 What can God and eros have to do with each other Against Nietzsche s claim that Christianity poisoned eros God and Eros rereads the mystery of human love as an ecstatic sharing in the mystery of the triune God who is Love Body sex and affectivity far from being locked in a lower order called nature instead belong to a sacramental order that is permeated by the call to love In presentations designed to appeal to a general audience the faculty of the John Paul II Institute for Marriage and Family Melbourne approach this mystery through the lens of St John Paul II s theology of the body with the goal to both introduce and more clearly illumine its major features In particular emphasis is placed on how a theology of the body is not just about sex Rather it is above all about how each and every person no matter what her state of life is stamped by the watermark of being from and being for Working within this broader perspective God and Eros offers the reader a lively engaging and at times challenging tour of the full ethos of the nuptial mystery *Thinking Globally and Responding Locally in the Church* Thomas Knieps-Port le Roi,Shaji George Kochuthara,David Dawson Vasquez,2023-07 How has Pope Francis s groundbreaking document on marriage and family *Amoris Laetitia* been implemented in Africa In Asia In Latin America In this volume scholars from across these regions reflect on their experiences correcting the overly western
