Love Disconsolated Meditations On Christian Charity:

Love Disconsolated Timothy P. Jackson, 1999-11-25 Few concepts are more central to ethics than love but none is more subject to false consolation This 1999 book explores several theological philosophical and literary accounts of love focusing on how it relates to matters such as self interest and self sacrifice and invulnerability and immortality Timothy Jackson first considers key aspects of what the Bible says about love then he further examines the meaning of love and sacrifice through a close reading of novels by Fitzgerald and Hemingway Lastly he evaluates how love constrains and is constrained by other traditional moral concepts Throughout Jackson defends the moral priority of what the Christian tradition calls agape He argues that a proper understanding of agapic love rejects both moral relativism and the comfort of believing that good people cannot be harmed or that God causally necessitates every historical action and event When love is thus disconsolated it neither fears death nor despises life

Love and Christian Ethics Frederick V. Simmons, 2016-12-15 At the heart of Christian ethics is the biblical commandment to love God and to love one's neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about appropriate interpretations and implications of this critical norm In *Love and Christian Ethics* nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research *Love and Christian Ethics* is sure to become a benchmark resource in the field

Milton's Loves Rosamund Paice, 2023-04-25 This book is about the multiple loves of *Paradise Lost* and *Paradise Regained* sanctioned loves and outlawed loves sincere loves and false loves Christian loves classical loves humanist loves and love as emotion In showing how these loves motivate the most significant actions of the *Paradise* epics it reveals Milton to have made creative use of the tensions between philosophical ideals social conventions and the rather messier ways in which love emerges in practice Love so central to Milton's view of Edenic joy and obedience to God unsettles earthly and heavenly communities and is the origin of Miltonic transgression Milton's *Loves* sheds new light on some of the most prominent concerns of Milton scholarship including why Milton's God is so difficult for readers to connect to Satan's apparent heroism Milton's radical theology and the nature of Milton's muse It is a book that will appeal to students and scholars of Milton and early modern studies more broadly and is structured in a way that will aid easy reference

Christian Ethics and the Moral Psychologies Don S. Browning, 2006-05-17 Interest in psychology permeates our culture with psychological solutions advanced for a host of moral dilemmas How should ethically minded Christians include insights from such disciplines as psychoanalysis cognitive moral development and neuroscience in their theological reflection Don Browning offers a serious proposal for combining these disciplines with the best in ethical reflection from a Christian standpoint Along the way he introduces readers to the moral psychology work of Sigmund Freud Carol Gilligan Antonio Damasio and others opening up a dialogue between their work and the hermeneutics of Hans Georg Gadamer and Paul Ricoeur Browning also recognizes the potential limits of the conversation between Christian ethics and the moral psychologies pointing out where they must diverge

Hope and Christian Ethics David Elliot, 2017-07-14 The theological virtue of hope has long been neglected in Christian ethics However as social civic and global anxieties mount the need to overcome despair has become urgent This book proposes the theological virtue of hope as a promising source of rejuvenation Theological hope sustains us from the sloth presumption and despair that threaten amid injustice tragedy and dying it provides an ultimate meaning and transcendent purpose to our lives and it rejoices and refreshes us on the way with the prospect of eternal beatitude Rather than degrading this life and world hope ordains earthly goods to our eschatological end forming us to pursue social justice with a resilience and vitality that transcend the cynicism and disillusionment so widespread at present Drawing on Thomas Aquinas and virtue ethics the book shows how the virtue of hope contributes to human happiness in this life and not just the next

Human Dependency and Christian Ethics Sandra Sullivan-Dunbar, 2017-10-05 Dependency is a central aspect of human existence as are dependent care relations relations between caregivers and young children persons with disabilities or frail elderly persons In this book

Sandra Sullivan Dunbar argues that many prominent interpretations of Christian love either obscure dependency and care or fail to adequately address injustice in the global social organization of care. Sullivan Dunbar engages a wide ranging interdisciplinary conversation between Christian ethics and economics, political theory and care scholarship, drawing on the rich body of recent feminist work reintegrating dependency and care into the economic, political and moral spheres. She identifies essential elements of a Christian ethic of love and justice for dependent care relations in a globalized care economy. She also suggests resources for such an ethic ranging from Catholic social thought, feminist political ethics of care, disability and vulnerability studies and Christian theological accounts of the divine-human relation. Loving Creation Gary

Chartier, 2022-09-27 Is it true that all we need is love? Does love capture the essence of Christian ethics? Does a love-centered ethic need to be impartial in a way that leaves no room at ground level for relationships and projects? What is the place of well-being in an ethic of love? Loving Creation: The Task of Moral Life seeks to answer these questions by showing how a love ethic and an ethic of creation are not at odds but rather reinforce each other. Gary Chartier articulates a love-centered creation ethic or a creation-centered love ethic and applies it to such issues as sex, economic life, love for enemies and political order. In the book, Chartier offers a powerful alternative both to natural law theories that seem to lose sight of the welfare of actual people and to the accounts of Christian love that embrace an alienating impartiality. He develops an understanding of Christian love as focused on creation that can contribute effectively to enriching both social practices and personal lives. Loving Creation is unabashedly theological. But the theological considerations it adduces are ones that will allow Christians to engage in the public sphere with adherents of other religious traditions and of none. It is a contribution not only to theological understanding but also to personal moral reflection, to church practice and to Christian participation in public life.

Love Divine Jordan Wessling, 2020-06-01 Love Divine provides a systematic account of the deep and rich love that God has for humans. While the associated theological territory is vast, the objective is to contend for a unified paradigm regarding fundamental issues pertaining to the God of love who deigns to share His life of love with any human willing to receive it. Realizing this objective includes clarifying and defending specific conclusions concerning how the doctrine of divine love should be approached, what God's love is, what role love plays in motivating God's creation and subsequent governance of humans, how God's love of humans factors into His emotional life, which humans it is that God loves in a saving manner, what the punitive wrath of God is and how it relates to God's love for humans, and how it might be possible for God to share the intra-trinitarian life of love with human beings. As the book unfolds, the chapters interlock and build upon one another in the effort to trace nodal issues related to God's love as it begins in Him and then spills out in the creation, redemption and glorification of humanity, a kind of exitus-reditus structure that is driven by the unyielding love of God. Natural Law and Religious Freedom J. Daryl Charles, 2017-07-20 Every successive generation finds fresh reasons for the study of natural law. Current interest in the natural law may well be due to a pervasive moral pessimism in the Western cultural context and wider

contemporary geopolitical challenges Those geopolitical challenges result from two significant and worrisome global developments unprecedented violent persecution of religious minorities on several continents and a growing climate of secular hostility toward religious faith in Western societies Natural Law and Religious Freedom aims to address what is relatively absent from the literature by demonstrating the importance of natural law ethics in both establishing and preserving basic human rights of which religious freedom has pride of place Probing contemporary challenges to natural law thinking that are both internal and external to religious faith and examining the character and constitution of natural law ethics Natural Law and Religious Freedom will be of interest to theologians ethicists and philosophers as well as policy analysts politicians and activists who are concerned to anchor religious freedom and human rights policy considerations in an enduring way

Visions of Agapé Craig A. Boyd, 2017-03-02 This book brings together philosophical and theological perspectives on agapistic love The aim of the text is to illuminate the nature of unlimited love by distinct and integrative approaches to the intersection of the divine and the human Various scientific approaches to human forms of love seem to shed light on our nature as social beings But to what extent are the natural desires for affection sexual love and friendship augmented revised perfected or replaced by the gift of grace In other words we can ask how is it that agap modifies or shapes the natural loves Diverse theological and moral traditions address the question in quite startling contrast Thomists follow the dictum that Grace does not destroy nature but perfects it Lutherans draw a sharp contrast between law and Gospel while Wesleyans see charity as the sanctifying power of the Holy Spirit Some feminist theorists see the idea of self giving love as contrary to genuine self fulfilment while the neo Kantians see love as a duty to others and some Kierkegaardians see the command to love as an unusual manifestation of divine command ethics These diverse approaches in light of contemporary research in the natural and social sciences can provide fertile ground for the exploration of the intersection of human and divine love To date there is no text available that brings scholars from various theological and philosophical backgrounds together to engage in interdisciplinary dialogue on this important and much neglected aspect of research into the human and divine loves This book offers a significant attempt to remedy the situation

Truth, Community, and the Prophetic Voice Christopher J. Libby, 2018-06-18 The central concern of Truth Community and the Prophetic Voice asks how it might be possible today to uphold an understanding of the prophetic voice that comports in essential ways with its expression in the biblical vision while attending especially to contemporary judgments regarding the epistemological significance of community and concerns about the nature and function of claims to truth Ultimately and more specifically Christopher J Libby hopes to gain some purchase on what an adequate contemporary Christian theological rendering of the prophetic looks like He argues that it is not only possible to provide a non foundationalist account of the prophetic voice but that that voice is able to come truly into its own when cast in a non foundationalist frame

A Global Political Morality Michael J. Perry, 2017-04-03 An elaboration and defence of the first truly global political morality in human history the morality of human rights

Political Agape Timothy P. Jackson, 2015-04-29 What is the place of Christian love in a pluralistic society dedicated to liberty and justice for all What would it mean to take both Jesus Christ and Abraham Lincoln seriously and attempt to translate love of God and neighbor into every quarter of life including law and politics Timothy Jackson addresses such questions in Political Agape Prophetic Christianity and Liberal Democracy Jackson argues that love of God and neighbor is the perilously neglected civil virtue of

our time and that it must be considered even before justice in structuring political principles and policies To indicate the specific implications of civic agapism he looks at such issues as the death penalty Christian complicity in the Holocaust the case for same sex marriage and the morality of adoption The book concludes with Jackson's reflections on Martin Luther King Jr as a Christian hero *Judaism Is About Love* Shai Held,2024-03-26 A profound startling new understanding of Jewish life illuminating the forgotten heart of Jewish theology and practice love A dramatic misinterpretation of the Jewish tradition has shaped the history of the West Christianity is the religion of love and Judaism the religion of law In the face of centuries of this widespread misrepresentation Rabbi Shai Held one of the most important Jewish thinkers in America today recovers the heart of the Jewish tradition offering the radical and moving argument that love belongs as much to Judaism as it does to Christianity Blending intellectual rigor a respect for tradition and the practices of a living Judaism and a commitment to the full equality of all people Held seeks to reclaim Judaism as it authentically is He shows that love is foundational and constitutive of true Jewish faith animating the singular Jewish perspective on injustice and protest grace family life responsibilities to our neighbors and even our enemies and chosenness Ambitious and revelatory *Judaism Is About Love* illuminates the true essence of Judaism an act of restoration from within **Spirit and Capital in an Age of**

Living Organ Donation and Transplantation Scaria Kanniyakonil,2005 *Oliver O'Donovan's Moral Theology* Samuel Tranter,2020-10-01 This book offers the first sustained full length treatment of the wide ranging work of major Anglican theologian Oliver O Donovan Analyzing such key texts as *Resurrection and Moral Order* *The Desire of the Nations* and *Ethics as Theology* Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O Donovan's evolving vision of moral theology Tranter traces this tension as it relates to O Donovan's writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O Donovan's project such as his accounts of creation sin and redemption and his understanding of the relationships between the cross and

the resurrection on one hand and Christology and pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O Donovan s influence on contemporary Christian ethicists and political theologians such as Luke Bretherton Gilbert Meilaender Jean Porter and Brent Waters and engages with critical readings of O Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O Donovan s proposals may be appropriated and amended as a resource for theology and ethics going forward *Love in Hard Places* D. A. Carson, 2002 A readable guide for helping Christians understand what biblical forgiveness and biblical love really look like in the painful situations in life
