in 1972 and made Gallup Poll's top ten list of most admired women fourteen times. She survived the turmoil of the Watergate scandal with her popularity and dignity intact. The real Pat Nixon, however, bore little resemblance to the woman so often described as elusive, mysterious, and plastic in the press. Pat married Richard Nixon in June of 1940. As the couple rose to prominence, Pat became Second Lady from 1953-1961 and then First Lady from 1969-1974, forging her own graceful path between the protocols of the strait-laced mid-century and the bra-burning Sixties and Seventies. Pat was a highly travelled First Lady, visiting eighty-three countries during her tenure. After a devastating earthquake in Peru in 1970, she personally flew in medical supplies and food to hard-hit areas, meeting one-on-one with victims of the tragedy. The First Lady's 1972 trips with her husband to China and to Russia were critical to the detente that resulted. Back in the US, Pat greatly expanded upon previous preservation efforts in the White House, obtaining more art and antique objects than any other First Lady. In the domestic arena, she was progressive on women's issues, favoring the Equal Rights Amendment and backing a targeted effort to get more women into high-level government jobs. Pat strongly supported nominating a woman for the Supreme Court. She was pro-choice, supporting women's reproductive rights publicly even before the landmark *Roe v. Wade* case in 1973. When asked to define her signature First Lady agenda, she defied being put into a box, often saying, "People are my project." The Mysterious Mrs. Nixon. Heath Hardage. Lee presents readers with the essential nature of this First Lady: an empathetic, adventurous, self-made woman who wanted no power or influence but who connected warmly with both ordinary Americans and people from different cultures she encountered world-wide.

Treasures Kathleen V. Cairns, Eliane Leslau

Silverman, 2004. This is a book about memory and meaning; these texts bring to light the reflections and stories that women have constructed around the objects they have treasured, which in the past may have been deemed unimportant. These

objects contain each woman's life experience and act as a foundation for her values and for the development of her character. The objects are often passed along to other women or handed down to family members thereby connecting generations of women and creating a collective women's history. Culled from interviews with over one hundred different women, these are rich, compelling.
