Soul Signs In Love Diane Eichenbaum, 2001-02-08 Do you believe that the key to finding your soul mate is only in your stars That you and your partner must have compatible Sun signs if romance is going to thrive Not so The truth is that many couples who seem ideally matched astrologically don't sustain a loving relationship While most astrology books may tell you that true love is a matter of fate Diane Eichenbaum's Soul Signs in Love shows you that you have the freedom to create the relationship that's right for you Eichenbaum reveals that relationships involve a combination of factors destiny an

understanding of each partner's sign and the willingness to work through the highs and lows of love's natural progression. Each of the twelve signs of the Zodiac corresponds to a phase of a romance from passionate courtship represented by fiery Aries to the commitment and soul bonding of watery Pisces. Each Sun sign has its gifts: the discernment of Virgo or the enthusiasm of Sagittarius for example, and its corresponding challenges: the self-doubt of Taurus or the unpredictability of Aquarius that it brings to a relationship. By understanding that the choice to love and grow with your partner is yours and yours alone, Soul Signs in Love shows you how to enjoy and revel in the unfolding process of discovery and revelation that underlies lasting love.

The Signs in Love Carolynne Faulkner, 2023-02-07 An astrological guide to deepening your romantic connection or finding the love of your life. Carolynne Faulkner knows the number one reason her clients seek her out to consult the stars: love. After all, we are made of stardust, and understanding the cosmos can provide critical insight into our lives, our well-being, and matters of the heart. This unique guide explains how each sign matches up with the others, with the pros and pitfalls of each, and offers interactive journaling prompts to allow each reader to create a wholly personal road map to understanding themselves and their unions in romance, family, and friendship. There is no question that certain pairings cause sparks to crackle, while others grow quietly into a relationship that will last forever. Each combination has its challenges too, but Faulkner reassures readers that the idea of incompatibility is a myth, and if your partner seems to come from another planet, it might just take a little more empathy and hard work to keep the romance alive. Learn what it looks like when a particular match flows well or not so well, and how the planets combine to play a role in both of your charts. Faulkner's Dynamic Astrology approach offers a tried and tested framework to the signs, how harmonious each match is likely to be, and more importantly, how to build a foundation for a forever love.
