Luftwaffe Rudder Markings 1936-1945:

Ostfront 1944 Alex Buchner, 1991 **OSTFRONT 1944** The German Defensive Battles on the Russian Front in 1944 Alex Buchner In 1944 when the entire Russo German front was ablaze under continual Soviet attacks wrong estimations by the highest German command led to critical decisions with grave consequences The Red Army was growing increasingly stronger and launched a major offensive They engaged the Germans in a series of battles Cherkassy Tarnopol Crimea Vetevsk Brody Jassy That ended in the collapse of Army Group Center and catastrophic German losses These battles cost the German army in the east well over a half million casualties The entire story is set forth in this new book by Alex Buchner This in depth study uses presently available sources and the reports of still living participants to document the events on the Eastern Front of 1944 It tells the story from the German point of view reflecting on what is considered the most barbarous fighting of World War II Alex Buchner is the author of several World War II studies including **The German Infantry Handbook 1939-1945** available from Schiffer Military History **Library of Congress Catalog** Library of Congress, 1971 Beginning with 1953 entries for Motion pictures and filmstrips Music and phonorecords form separate parts of the Library of Congress catalogue Entries for Maps and atlases were issued separately 1953-1955 **Library of Congress Catalogs** Library of Congress, 1976 *The British Library general catalogue of printed books to 1975* British Library, 1985 **Six Months to Oblivion** Werner Girbig, 1997 This book covers the last chapter the decline and fall of the air defense of Germany It is a diary of losses and a chronicle in which the fighter pilot plays the lead It tells of the young men who joined their squadrons full of optimism and derring do only to give their lives to no purpose in a last desperate endeavour nIts focal point is the controversial Operation Bodenplatte on the morning of New Year's Day 1945 an operation in which the German fighter force received its final mortal wound losing some 230 aircrew in less than 4 hours the fighter units suffered their most severe defeat Only now after years of evaluation of all available sources can the true figures of fighter losses on January 1, 1945 be reported nBut this picture of the sacrifice of fighter formations does not mean that fighter pilots were unable to score successes The figures for enemy aircraft shot down and the contact reports show clearly that the German pilots could still both parry and deal out hard punches nFew people have any real idea of the actual scale of the German fighter force's sacrifice The imagination boggles at the tragic events that took place in the skies over Europe as the war neared its end even in the perspective of history the full extent of the debacle can scarcely be depicted nIn **Six Months to Oblivion** Werner Girbig explains these last months of the Luftwaffe and the fall of a once mighty air force **American Aviation Historical Society Journal** American Aviation Historical Society, 1971 **National Union Catalog**, 1968 Includes entries for maps and atlases **The National union catalog, 1968-1972**, 1973 *The National Union Catalogs, 1963-1964* **AAHS Journal** American Aviation Historical Society, 1971 **Luftwaffe Rudder Markings, 1936-1945** Karl Ries, Ernst Obermaier, 1991 Valuable reference to rudder markings of many pilots including aircraft type and unit **General Catalogue of Printed Books** British Museum.
