Luke Historian And Theologian:

Luke: Historian and Theologian I. Howard Marshall, 1970 The writings of Luke Luke Acts comprise over 28% of the whole New Testament even more than the extensive writings of his friend and companion Paul whose letters account for almost exactly a further 25% This fact alone emphasizes the vital importance of the Lucan corpus to a true understanding of the doctrine as well as the history of apostolic times There has been a growing awareness of the qualities of Luke as a historian and in this book Dr Marshall demonstrates that Luke s theology which he summarizes as the theology of salvation is at least of equal stature and importance with his carefully compiled history Back cover Luke: Historian & Theologian I. Howard Marshall, 1998-08-05 I Howard Marshall provides us with a lucid guide to Luke s theology of salvation as it is unfurled in the Gospel narrative but always with an eye on its ongoing development in the companion work Acts **Luke** I. Howard Marshall, 1988 Marshall provides us with a lucid guide to Luke s theology of salvation as it is unfurled in Gospel narrative but always with an eye on its ongoing development in his companion work the Acts of the Apostles *Luke the Historian of Israel's Legacy, Theologian of Israel's 'Christ'* David Paul Moessner, 2016-07-25 David Moessner proposes a new understanding of the relation of Luke s second volume to his Gospel to open up a whole new reading of Luke s foundational contribution to the New Testament For postmodern readers who find Acts a generic outlier dangling tenuously somewhere between the mainland of the evangelists and the Peloponnese of Paul diffused and confused and shunted to the backwaters of the New Testament by these signature corpora Moessner plunges his readers into the hermeneutical atmosphere of Greek narrative poetics and elaboration of multi volume works to inhale the rhetorical swells that animate Luke s first readers in their engagement of his narrative In this collection of twelve of his essays re contextualized and re organized into five major topical movements Moessner showcases multiple Hellenistic texts and rhetorical tropes to spotlight the various signals Luke provides his readers of the multiple ways his Acts will follow all that Jesus began to do and to teach Acts 1 1 and consequently bring coherence to this dominant block of the New Testament that has long been split apart By collapsing the world of Jesus into the words and deeds of his followers Luke re configures the significance of Israel s Christ and the Reign of Israel s God for all peoples and places to create a new account of Gospel Acts discrete and distinctively different than the narrative of the many Luke 1 1 Luke the Historian of Israel s Legacy combines what no analysis of the Lukan writings has previously accomplished integrating seamlessly two generically estranged volumes into one new whole from the intent of the one composer For Luke is the Hellenistic historian and simultaneously biblical theologian who arranges the one plan of God read from the script of the Jewish scriptures parts and whole severally and together as the saving script for the whole world through Israel s suffering and raised up Christ Jesus of Nazareth In the introductions to each major theme of the essays this noted scholar of the Lukan writings offers an epitome of the main features of Luke s theological thought and in a final Conclusions chapter weaves together a comprehensive synthesis of this new reading of the whole *Luke - Historian and*

Theologian I. Howard Marshall, 2006-01 Apart from the apostle Paul Luke is arguably the most influential force in the canon of the New Testament His Gospel and Acts occupy almost a third of the New Testament Marshall provides us with a lucid guide to Luke's theology of salvation as it is unfurled in Gospel narrative but always with an eye on its ongoing development in his companion work the Acts of the Apostles **Luke: Historian and theologian** Ian H. Marshall, 1980 **Luke** Ian Howard Marshall, 1970 Theology as History, History as Theology Scott Shauf, 2012-02-13 This monograph explores the theology of the Acts of the Apostles while taking seriously the status of the writing as ancient historiography What does it mean to speak of theology in a historiographical work How can this theology be apprehended What does this theology have to do with the overall character of the writing and with how the writing functioned for its original audience Acts 19 is both case study and source to generate the answers **A Theology of the New Testament** George Eldon Ladd, 1993-09-02 Ladd's magisterial work on New Testament theology has well served scores of seminary students since 1974 Now this comprehensive standard evangelical text has been carefully revised by Hagner to include an update of Ladd's survey of the history of the field of New Testament theology an augmented bibliography and an entirely new subject index Dictionary of Jesus and the Gospels Joel B. Green, Scot McKnight, I. Howard Marshall, 1992-02-18 Edited by Joel B Green Scot McKnight and I Howard Marshall this reference work encompasses everything relating to Jesus and the Gospels *Establishment Violence in Philo and Luke* Torrey Seland, 2021-08-30 This study tries to throw new light on both Philo of Alexandria and the scenarios involved in the violent death of Stephen and the attacks against Paul in Jerusalem as recorded in the Lukan Acts of the Apostles *Spirit Hermeneutics* Keener, 2016 How do we hear the Spirit's voice in Scripture Once we have done responsible exegesis how may we expect the Spirit to apply the text to our lives and communities In *Spirit Hermeneutics* biblical scholar Craig Keener addresses these questions carefully articulating how the experience of the Spirit that empowered the church on the day of Pentecost can and should dynamically shape our reading of Scripture today Keener considers what Spirit guided interpretation means explores implications of an epistemology of Word and Spirit for biblical hermeneutics and shows how Scripture itself models an experiential appropriation of its message Bridging the Word Spirit gap between academic and experiential Christian approaches *Spirit Hermeneutics* narrates a way of reading the Bible that is faithful both to the Spirit inspired biblical text and the experience of the Spirit among believers from book flap **Jesus of Nazareth** Gerald L. Borchert, 2011 *Jesus of Nazareth* is a comprehensive introduction to Jesus and the gospels for college and seminary students It begins with discussions on communication and patterns of reading the Bible before detailing the historical setting the geographical social and religious contexts during the time of Jesus such as the language and community aspects and the rabbinic literary and institutional settings that were present Next Borchert discusses the nature of the gospels before each gospel witness is treated individually to identify the particular uniqueness of the portrait of Jesus that is being presented by each author The non canonical portraits of Jesus are also introduced in order to help readers understand

the struggles which emerged in the early church Finally the significance of Jesus who is the focus of the gospels is presented After reviewing the time issues for Jesus theological concerns related to Jesus are considered such as the virginal conception and the incarnation the issues of temptation and sin the relationship of Jesus to God and the messianic consciousness of Jesus the crucial issues of the death and resurrection of the Messiah and the Church's expectation of the return of Jesus in power This important theological section concludes with discussions on the integrity of our understanding of Jesus and the very sensitive nature of proof as compared to the nature of belief Borchert weighs these matters fairly bearing in mind his own presuppositions He closes the work with suggested implications of this study in terms of doubt and rejection on the one hand and worship as well as living and witnessing to and for Jesus on the other Written with clarity and erudition this accessible introduction reflects a life time of both classroom and church experience in the teaching the Gospels

Studies in the Acts of the Apostles Rick Strelan, 2020-03-12 This collection of essays is indicative of the years of research that the author has devoted to the Acts of the Apostles In a very easy style some of the intriguing episodes in Acts are understood through the lens of ancient literature and the worldview that is reflected in it The intention is to try and read them as an early Christian might have heard them even if from a modern perspective that reading appears quite strange It is hoped that the modern reader might be intrigued and even inspired to read Acts again and so to explore its strange events and people even more deeply More broadly such an exploration might lead to an appreciation that all writings that many Christians now hold as inspired and authoritative are deeply embedded in an ancient cultural context

New Testament Theology Eckhard J. Schnabel, 2023-11-21 Southwestern Journal of Theology 2023 Book Award Honorable Mention Theological Studies New Testament Theology is a major new contribution to New Testament scholarship by renowned scholar Eckhard Schnabel While many New Testament theologies approach the material through a particular thematic construct e g covenant Schnabel takes a different approach First he focuses on Jesus Messiah and his significance for the early church Second he seeks to describe the theology of the New Testament as it was written and read in its historical context This approach honors the fact that the authors and original readers of the New Testament were real people dealing with real issues in their specific ecclesiological cultural and missiological settings Schnabel comprehensively combines a historical description of the New Testament's theology with a systematic reflection on the New Testament's message and the convictions of Jesus and his early followers This valuable contribution to the field will be insightful reading for students scholars and pastors

A Biblical-Theological Introduction to the New Testament Michael J.
