This is an eminently practical reference work for all wordsmiths looking to add musicality to their writing. Users of this dictionary can alphabetically look up words in the General Index to find collections of words that have the same rhythm as the original word and are readily useable in ways that are familiar to us in everything from vers libre poetry to the lyrics and music of Bob Dylan and hip hop groups. Professional writers and students have long used traditional rhyming dictionaries for inspiration; by perusing lists of rhyming words they may ask themselves, "I need a word that rhymes with blue and are led to shoe flu or you." These rhyming words evoke through juxtaposition new images thoughts and actions that inspire creative directions and pleasing twists as verses and stanzas unfold. For the first time ever this dictionary now allows writers and poets to ask the same question but of word rhythm: "I need a word with the same rhythm as butterfly." Today's lyricists and poets know that there is so much more to the flow of their creations than just matching vowels. *The Word Rhythm Dictionary* organizes words by additional properties: phonetic similarity alliteration and literary consonance the number of syllables in words and syllable stress patterns. Never has it been easier to locate words that feature similar sounds matching meters and rhythmic grooves from traditional rhymes like clashing and splashing to near rhymes like rollover and bulldozer unrefuted undisputed to pure metrical matches like biology and photography. Additional appendixes allow readers to search according to poetic metrical feet and musical rhythm through a visual index of notated rhythms allowing musicians and lyricists to track down words that match preexisting motives and melodies.
