J. Gaffney

Lunite De La Gauche 19651973:

One Hundred Years of Socialism Donald Sassoon,2010-07-30 On 14 July 1889 the centenary of the French Revolution socialist parties from all corners of Europe met in Paris On the same day in the same city the Exposition Universelle was launched to mark the achievements of capitalist production The two events symbolized the beginning of the epic struggle between socialism and capitalism in Europe In this comprehensive study of a century of socialism the author traces the fortunes of the political parties of the Left in Western Europe From the rise of the Bolsheviks to the fall of the Berlin wall from the Second International through two world wars to the Cold War and the birth of the welfare state from the working class militancy and student uprisings of the 1960s through the revival of feminism and the arrival of green politics to the reluctant embrace of market economics en route to the millennium Donald Sassoon charts the course of socialism across 14 countries He shows that throughout their history the fortunes of socialism and capitalism have been inextricably linked They have grown up side by side each one challenging and seeking to destroy yet nourishing and shaping the other *Problems of Communism* ,1978 **Eurocommunism & Eurosoci alism** Bernard Edward Brown,1979 **Political Leadership in France** J. Gaffney,2010-04-09 Gaffney analyzes how de Gaulle came to power in 1958 The drama surrounding the Fourth Republic s collapse and the focus upon an exceptional individual meant that de Gaulle was able to confer a particular style of leadership on the Fifth Republic The five Presidents who came after him have each capitalized on their own political persona

The Organization of Political Parties in Southern Europe Piero Ignazi,Colette Ysmal,1998-06-25 A comprehensive analysis of the organization of the current major political parties of France Spain Italy and Greece The contributors underline the various characteristics of the parties and highlight the power relations among the various actors leaders and factions

R. Frears,1977 **Telos** ,1983 *French Political Parties in Transition* Alistair Cole,1990 Monographic Series Library of Congress,1976 **French Political Parties Under the Fifth Republic** Frank Lee Wilson,1982 **International Economic Insights** ,1994 A London Bibliography of the Social Sciences British Library of Political and Economic Science,1977 Vols 1 4 include material to June 1 1929 **The Government and Politics of France** Vincent Wright,1989 *The French National Assembly Elections of 1978* Howard Rae Penniman,1980 The French National Assembly Elections of 1978 edited by Howard R Penniman analyzes the elections that were widely expected to bring the left to power in France Instead they gave the center right coalition

which in one guise or another has ruled France since the creation of the Fifth Republic a slim lead in the popular vote and a decisive majority in the National Assembly The Socialists and Communists vying for predominance on the left were unable to reach a stable agreement on the terms of their alliance they also suffered from the polarization of French politics which the Gaullists have encouraged through changes in the electoral system Forced to choose between the center right and a left that included a strong Communist party still committed to the radical transformation of French society the electorate came down on the side of the status quo The contributors to this volume are Roy Pierce writing on the history of legislative elections in France Jerome Jaffre on the electorate Georges Lavau Janine Mossuz Lavau and Jean Charlot on the campaigns and prospects of the major party groupings Roland Cayrol on the media in the campaign and Monica Charlot on women in politics In a concluding chapter Jeane J Kirkpatrick describes the underlying patterns of partisanship in post Gaullist France and detailed electoral returns are provided in an appendix compiled by Richard M Scammon Howard R Penniman is professor of government at Georgetown University a resident scholar at the American Enterprise Institute and an election consultant to the American Broadcasting Company He is the author of several books on government and politics in the United States as well as the editor of a number of volumes in this series of election studies Socialism of a Different Kind Bernard E.
