Lusus Iste Apuleius Metamorphoses:

Lusus Iste Judith K. Krabbe, 2003-11-03 The Metamorphoses of Apuleius is a sophisticated literary creation complex and often perplexing It continues to elicit widely varying critical comment about both its substance and its style The prologue to Metamorphoses ends with an exhortation and a promise Lector intende laetaberis pay attention reader you ll be glad This monograph Lusus iste Apuleius Metamorphoses continues the critical game in which Apuleius invites us to be co players It presents further observations of a reader who finds delight in the verbal entertainment lusus which Apuleius provides not simply in the story he tells but also in its complex design and verbal texture *Apuleius: Metamorphoses* Apuleius, Paul

Murgatroyd, 2009-03-05 This book contains selections from Apuleius famous and entertaining novel The Metamorphoses aimed at intermediate Latin students *Faulkner's Reception of Apuleius' The Golden Ass in The Reivers* Vernon L.

Provencal, 2020-07-09 Faulkner's final novel The Reivers has been gently dismissed by scholars and critics as no more than its subtitle claims A Reminiscence Although the new millennium has seen a new appreciation for Faulkner's later novels The Reivers is still perceived as a slightly fictionalized comic memoir romanticizing the early life of the author in the pre civil rights American South This volume takes this dismissal of The Reivers to task for failing to appreciate its employment of the Apuleian narrative of life altering metamorphosis to offer as his literary farewell hope for humanity's self redemption Vernon L Provencal studies the reception of The Golden Ass in The Reivers as comic novels of moral katabasis wilful descent into the lawless underworld and providential anabasis societal and spiritual redemption As the independent basis of the reception study The Reivers receives its first ever detailed reading while The Golden Ass is read anew from the teleological perspective offered by the undervalued prophecy that in the end the comic hero would become the book itself **Apuleius' Platonism**

Richard Fletcher, 2014-07-17 Apuleius of Madauros writing in the latter half of the second century CE in Roman North Africa is best known to us today for his Latin fiction the Metamorphoses aka The Golden Ass about a man who turned into a donkey and back again However he was also a Platonic philosopher who even though many of his writings are lost wrote a range of rhetorical and philosophical works which survive to this day This book examines these works to reveal how Apuleius Platonism is a result of his impersonation of philosophy that is a rhetorically powerful methodological tool that allows him to speak on behalf of Plato and his philosophy This book is the first exploration of the full scope of his idiosyncratic brand of Platonism across his multifarious literary corpus and is a major contribution to the study of the dynamic between literature and philosophy in antiquity and beyond **Apuleius Madaurensis, Metamorphoses:** Apuleius, 2007 Using a

transdisciplinary approach for a thorough assessment of the much debated religious ending of the Metamorphoses this new and detailed commentary on Apuleius Isis book will elucidate the narrative in its literary religious archaeological and cultural context The Construction of the Real and the Ideal in the Ancient Novel Michael Paschalis, Stelios Panayotakis, 2013-01-06

The present volume comprises thirteen of the papers delivered at RICAN 5 which was held in Rethymnon Crete on May 25 26

2009 The theme of the volume *The Construction of the Real and the Ideal in the Ancient Novel* allows the contributors the freedom to use their skills to examine the real and the ideal either individually or in conjunction or in interaction The papers offer a wide and rich range of perspectives a political reading of prose fiction in Late Period Egypt Selden the presence of robbers and murderers in ideal fiction Dowden the interaction between illusion and reality in novelistic ekphrasis Zeitlin divine loves as real precedents for human loves Rosati comical elements in Heliodorus *Aethiopika* Doody myths as paradigms for the inexperienced lovers in the Greek novels L. Toulon moral ideas in the *Odyssey* and the Greek novels in relation to moralizing interpretations of Homer Montiglio the reality of the basic plot of *Callirhoe* in the light of historical events and Aristotle's *Poetics* Paschalis the interaction between fictionality and reality in *Daphnis and Chloe* Bowie entrapment and insufficient understanding of reality in the *Satyrica* Labate fantasy physical and ideal landscapes in Apuleius *Metamorphoses* K. Nig bridging the gap between *Photis* real and *Isis* ideal in Apuleius Carver the gendered aesthetics of the Greek novels viewed through the lens of the mimetic theory of Dionysius of Halicarnassus Whitmarsh

Witches, Isis and Narrative

Stavros Frangoulidis, 2008-11-06 This is the first in depth study of Apuleius *Metamorphoses* to look at the different attitudes characters adopt towards magic as a key to deciphering the complex dynamics of the entire work The variety of responses to magic is unveiled in the narrative as the protagonist Lucius encounters an assortment of characters either in embedded tales or in the main plot A contextualized approach illuminates Lucius relatively good fortune when compared to other characters in the novel this results from his involvement with the magic of a sorcerer's apprentice rather than that of a real witch and signals the possibility of eventual salvation A careful investigation of Lucius attitude towards *Isis* in book 11 and his relationship with the witch slave girl *Photis* earlier on suggests that the novel's final book may be read as a second *Metamorphoses* consciously rewritten from a positive perspective Last but not least the book also breaks new ground by examining the narrative structure of the *Metamorphoses* against the background of the typical plotline found in the ideal romance The comparison shows how Apuleius both follows and alters this plot exploiting the genre to his own specific ends in keeping with his central theme of metamorphosis

Social and Private Life in the Metamorphoses of Apuleius Katherine Eliza Carver, 1922

The Shadow of an Ass Jeffrey P. Ulrich, 2024-11-06 Jeffrey Ulrich's *The Shadow of an Ass* addresses fundamental questions about the reception and aesthetic experience of Apuleius *Metamorphoses* popularly known as *The Golden Ass* by situating the novel in a contemporaneous literary and philosophical discourse emerging in the Second Sophistic This unique Latin novel follows a man who is accidentally turned into a donkey because of his curiosity viewing the world through a donkey's eyes until he is returned to human form by the Egyptian goddess *Isis* In the end he chooses to become a cult initiate and priest instead of a debased and overindulgent ass On the one hand the novel encourages readers to take pleasure in the narrator's experiences as he relishes food sex and forbidden forms of knowledge Simultaneously it challenges readers to reconsider their participation in the story by exposing its donkey narrator as a failed model of heroism

and philosophical investigation Ulrich interprets the *Metamorphoses* as a locus of philosophical inquiry positioning the act of reading as a choice of how much to invest in this tale of pleasurable transformation and unanticipated conversion The *Shadow of an Ass* further explores how Apuleius as a North African philosopher translating an originally Greek novel into a Latin idiolect transforms himself into an intermediary of Platonic philosophy for his Carthaginian audience Situating the novel in a long history of philosophical and literary conversations Ulrich suggests that the *Metamorphoses* anticipates much of the philosophical burlesque we tend to associate with early modern fiction from *Don Quixote* to Lewis Carroll

Ancient Narrative Volume 8 , Apuleius and Antonine Rome Keith R. Bradley,2012-01-01 Apuleius and Antonine Rome features outstanding scholarship by Keith Bradley on the Latin author Apuleius of Madauros and on the second century Roman world in which Apuleius lived Bradley discusses Apuleius work in the context of social relations especially the family and household religiosity in all its diversity and complexity and cultural interactions between the imperial centre and the provincial periphery These essays examine the *Apology* the speech Apuleius made when he defended himself on the criminal charge of having enticed a wealthy widow to marry him through magical means the fragments of his speeches known as the *Florida* and the remarkable serio comic novel *Metamorphoses* better known as *The Golden Ass* Altogether Apuleius and Antonine Rome effectively illustrates how socio cultural history can be recovered from works of literature

[Paideia at Play](#) Werner Riess,2008 *Paideia* the yearning for and display of knowledge reached its height as a cultural concept in the works of the Second Sophistic an elite literary and philosophical movement seeking to ape the style and achievements of the 5th and 4th centuries BC A crucial element in the display of *paideia* was an ability to mix the witty and playful with the serious and instructive The Second Sophistic is known as a Greek phenomenon but these essays ask how the Latin author Apuleius fitted into this framework and created a distinctively latin expression of *paideia* focusing on the elements of playfulness at its heart

The Folds of Olympus Jason König,2025-10-28 A cultural and literary history of mountains in classical antiquity The mountainous character of the Mediterranean was a crucial factor in the history of the ancient Greek and Roman world *The Folds of Olympus* is a cultural and literary history that explores the important role mountains played in Greek and Roman religious military and economic life as well as in the identity of communities over a millennium from Homer to the early Christian saints Aimed at readers of ancient history and literature as well as those interested in

mountains and the environment the book offers a powerful account of the landscape at the heart of much Greek and Roman culture Jason K nig charts the importance of mountains in religion and pilgrimage the aesthetic vision of mountains in art and literature the place of mountains in conquest and warfare and representations of mountain life He shows how mountains were central to the way in which the inhabitants of the ancient Mediterranean understood the boundaries between the divine and the human and the limits of human knowledge and control He also argues that there is more continuity than normally assumed between ancient descriptions of mountains and modern accounts of the picturesque and the sublime Offering a unique perspective on the history of classical culture *The Folds of Olympus* is also a resoundingly original contribution to the literature on mountains

Roman Reflections Gareth D. Williams,Katharina Volk,2016 This volume reasserts the significance of Roman philosophy by exploring how the Romans developed sophisticated forms of philosophical discourse shaped by their own history concepts and values as well as crucially by the Latin language

Temple Purity in 1-2 Corinthians Yulin Liu,2013 Paul s view of the church as the temple and his concern about its purity in 1 2 Corinthians has traditionally been interpreted from the perspective of a Jewish background However Yulin Liu reveals that the pagans were very aware of temple purity when visiting some temples in the Greco Roman world and the purification concerns of three pagan temples in Corinth are documented in his work The author affirms that the Gentile believers among the Corinthian community were able to grasp Paul s message because of it Also Liu investigates Paul s use of temple purity to address the necessity of unity holiness and faithfulness of the Corinthian Christians in an eschatological sense The separation of God s people from profane matters actually points to a new exodus and a progressive consummation of the construction of the eschatological temple
