Lyricism In The Poetry Of T S Eliot:

Lyricism in the Poetry of T. S. Eliot Ann P. Brady, 1978 **The Narratological Analysis of Lyric Poetry** Peter Hühn, Jens Kiefer, 2011-08-11 This study offers a fresh approach to the theory and practice of poetry criticism from a narratological perspective Arguing that lyric poems share basic constituents of narration with prose fiction namely temporal sequentiality of events and verbal mediation the authors propose the transgeneric application of narratology to the poetic genre with the aim of utilizing the sophisticated framework of narratological categories for a more precise and complex modeling of the poetic text On this basis the study provides a new impetus to the neglected field of poetic theory as well as to methodology The practical value of such an approach is then demonstrated by detailed model analyses of canonical English poems from all major periods between the 16th and the 20th centuries The comparative discussion of these analyses draws general conclusions about the specifics of narrative structures in lyric poetry in contrast to prose fiction **Aspects of Lyric in the Poetry of Emily Brontë** Maureen Peeck-O'Toole, 2022-07-04 A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes Rodney Edgecombe, 2015-10-05 Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon a problem seemingly unique to him and created in part by his misconception of his own strengths as a writer An extremely good poet who had things turned out differently might have functioned as a missing link between Keats and Tennyson he fatally divided his attention between verse and medicine a discipline that by his own admission made in the poem composed for Zo King served to wither his creative gift This fission of energy was bad enough but more damaging still was his misconception of metier for whatever mental resources remained to Beddoes after gruelling days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse Whereas the Beddoes revival that has been gathering momentum in recent years has centred on Death's Jest Book the play onto which the poet directed some might say misdirected so much of his creative energy this study focuses wholly on his lyric and narrative verse much of which has received short critical shrift It follows the sequence of poems set out in the Donner edition and focuses on their verbal richness and inventiveness as they unspool upon the page **Lyric Poetry and Space Exploration from Einstein to the Present** Margaret Greaves, 2023 Anchored in the postwar period but drawing on a long history of poetry and science Lyric Poetry and Space Exploration from Einstein to the Present charts surprising connections between poetry and extraterrestrial space **The Lyric Theory Reader** Virginia Walker Jackson, Yopie Prins, 2014-02 Reading lyric poetry over the past century The Lyric Theory Reader collects major essays on the modern idea of lyric made available here for the first time in one place Representing a wide range of perspectives in Anglo American literary criticism from the twentieth and twenty first centuries the collection as a whole documents the diversity and energy of ongoing critical conversations about lyric poetry Virginia Jackson and Yopie Prins frame these conversations with a general introduction bibliographies for further reading and introductions to each of the

Lyric Poetry Mutlu Blasing, 2009-01-10 Lyric poetry has long been regarded as the intensely private emotional expression of individuals powerful precisely because it draws readers into personal worlds But who exactly is the I in a lyric poem and how is it created In *Lyric Poetry* Mutlu Blasing argues that the individual in a lyric is only a virtual entity and that lyric poetry takes its power from the public emotional power of language itself In the first major new theory of the lyric to be put forward in decades Blasing proposes that lyric poetry is a public discourse deeply rooted in the mother tongue She looks to poetic linguistic and psychoanalytic theory to help unravel the intricate historical processes that generate speaking subjects and concludes that lyric forms convey both personal and communal emotional histories in language Focusing on the work of such diverse twentieth century American poets as T S Eliot Ezra Pound Wallace Stevens and Anne Sexton Blasing demonstrates the ways that the lyric I speaks from first to last as a creation of poetic language

Samuel Beckett's Lyric Failure Mantra Mukim, 2025-03-06 Providing one of the first book length accounts of Samuel Beckett s poetry this work illustrates how Beckett s poetry and its failures reconfigure the lyric form Reading Beckett alongside nineteenth and twentieth century European poets such as Hlderlin Mallarm Rimbaud Montale and Apollinaire the book situates failure in the triangulation of the lyric impulse subjectivity and the human voice Beckett in his poems employs lyric tactics that range from deixis parataxis and caesura to specific kinds of timbre resonances and punctuations These tactics situate the poetic voice in the liminal points between life and death event and non event beginning and ending and more broadly between expression and failure The book frames these liminalities under the rubric of lyric failure Moving beyond the usual comparisons with his prose and drama the study highlights failure as a generative force that structures Beckett s anti expressive poetics

German Lyric Poetry Siegbert Prawer,2020-01-31 Originally published in 1952 this book provides a detailed critical analysis of 40 German lyrics All the poems analysed are reprinted in full so that criticism may be checked by reference to the original text The book therefore provides a unique introduction to German poetry from the Age of Enlightenment to that of Rilke without burdening the reader with too much details about minor figures Staging the Lyric Sarah Berry,2024-11-14 Verse drama is not a dead form but very much alive on the contemporary stage Drawing on plays from throughout the English speaking world including the United States United Kingdom Ireland and the Caribbean Staging the Lyric seeks to explain the 21st century resurgence of Anglophone verse drama tracing it back to an experimental impulse that is present in the modernist verse drama of a century ago Covering major writers including Derek Walcott Seamus Heaney Sylvia Plath Samuel Beckett Dorothy Sayers Djuna Barnes and Ntozake Shange it also encompasses lesser known and more recent poets and playwrights This modern verse drama differs from its ancient and Elizabethan antecedents as it is understood not as a genre in its own right but as a hybrid of the lyric and the dramatic Both modernist and contemporary writers take advantage of this hybridity as fertile ground for experimentation While they differ in their ideology and form this book contends that they are united by exploring the relationship between lyric and dramatic elements on stage and what these two different modes afford To demonstrate this continuity it traces a genealogy from contemporary plays by Joanna Laurens Joyelle

McSweeney and David Grieg back to W B Yeats Gertrude Stein T S Eliot and W H Auden to reveal that the tensions that animate verse drama have stayed the same even as the strategies for staging them have evolved The book is divided into three sections Voice Words and Time each treating one feature that has been used to define the lyric Within these sections the chapters compare contemporary plays with modernist ones that experiment with the same point of tension between the lyric and the dramatic

Imagining the Soul in Premodern Literature Abe Davies, 2021-06-28 This book is a study of ghostly matters of the soul in literature spanning the tenth century and the age of Shakespeare All people according to John Donne constantly believe that they have an immortal soul But he also reflects that in fact there is nothing so well established as constrains us to believe both that the soul is immortal and that every particular man hath such a soul In understanding the question of man's disembodied part as at once fundamental and fundamentally uncertain he was entirely of his time and *Imagining the Soul in Premodern Literature* considers this fraught shifting yet uniquely compelling entity in the context of the literary forms and effects involved in its representation Gruesome medieval dialogues between damned souls and worm eaten bodies verse and prose works by Donne Ren Descartes Margaret Cavendish and Andrew Marvell a profusion of sonnet sequences sermons manuals of instruction and travelogues Hamlet and its natural philosophical thinking about the apparently disembodied soul haunting Elsinore these chapters range across all this and more offering a rigorous yet accessible account of an essential aspect of premodern literature that will be of interest to scholars students and the general reader alike

Romanticism, Lyricism, and History Sarah M. Zimmerman, 1999-05-06 Arguing against a persistent view of Romantic lyricism as an inherently introspective mode this book examines how Charlotte Smith William Wordsworth and John Clare recognized and employed the mode's immense capacity for engaging reading audiences in reflections both personal and social Zimmerman focuses new attention on the Romantic lyric's audiences not the silent passive auditor of canonical paradigms but historical readers and critics who can tell us more than we have asked about the mode's rhetorical possibilities She situates poems within the specific circumstances of their production and consumption including the aftermath in England of the French Revolution rural poverty the processes of parliamentary enclosure the biographical contours of poets careers and the myriad exchanges among poets patrons publishers critics and readers in the
