Mabel Goes To Montessori:

America's Early Montessorians Gerald L. Gutek, Patricia A. Gutek, 2020-09-05 This book traces the early history of the Montessori movement in the United States through the lives and careers of four key American women Anne George Margaret Naumburg Helen Parkhurst and Adelia Pyle Caught up in the Montessori craze sweeping the United States in the Progressive era each played a significant role in the initial transference of Montessori education to America and its implementation from 1910 to 1920 Despite the continuing international recognition of Maria Montessori and the presence of Montessori schools world wide Montessori receives only cursory mention in the history of education especially by recognized historians in the field and in courses in professional education and teacher preparation The authors in seeking to fill this historical void integrate institutional history with analysis of the interplay and tensions between these four women to tell this educational story in an interesting and often dramatic way Montessori Comes to America Phyllis Povell, 2009-12-22

What role did women's leadership play in the introduction and revival of the Montessori Method in America Phyllis Povell explores this question through the contributions of Maria Montessori and Nancy McCormick Rambusch who brought the Montessori Method to the American educational scene Introduced to the U S in the early 20th century by Montessori herself the Method lapsed into oblivion after WWI Thanks to Rambusch it was reborn after the launching of Sputnik In Montessori Comes to America Povell traces the evolution of women's leadership and its influence on the Montessori Method's development She includes insights from her own formative years showing how childhood education and career all shape women into leaders New research not only illuminates the unique roles of two historic early childhood educators but also updates the historical record and reveals the human dimension behind one of the most colorful chapters in American educational development
