Herb Hicks is an artist who understands the fear behind painting a self portrait but who also appreciates that a candid recounting of events in life can provide an emotional catharsis It is with this theory in mind that he shares his fascinating personal experiences and insight into his views as he recalls a unique journey through a creative life filled with adventures and misadventures In his memoir Hicks begins with remembrances from his childhood growing up in North Dakota where he emulated his cowboy heroes by riding a pretend horse wearing real bearskin chaps and firing a Red Ryder BB gun at imaginary desperadoes As he matured he found a passion for music formed his own combo and began traveling to and from gigs that took him from North Dakota to Montana and beyond Motivated by his love for music Hicks eventually landed in California where he began playing professionally and found a new passion as a visual artist a discovery that leads him down an unforgettable path questioning his challenges choices chances and changes To and from Gigs is the intimate memoir of a musician artist and teacher who embarked on a lifelong search to find his better self **Official Catalogue of the Industrial and Fine Art Department** ,1862 *Official Catalogue of the Fine Art Department* International Exhibition on Industry and Art (1862, London), 1862 **Official Catalogue of the Fine Art Department** ,1862 The Monthly Army List Great Britain. exhibitions and student learning objectives In each case issues related to design and development psychometric considerations and validity challenges are covered from both a generic and a content specific perspective The NCME Applications of Educational Measurement and Assessment series includes edited volumes designed to inform research based applications of educational measurement and assessment Edited by leading experts these books are comprehensive and practical resources on the latest developments in the field The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
