The Macadamia Ian McConachie, 2025-02-21 The Macadamia Australia s Gift to the World is the story of a delicious nut and the first Australian plant to produce an international food Ian McConachie AM is a pioneer and leader of the Australian macadamia industry and an acknowledged authority on the macadamia He draws on a wealth of material collected over

decades to tell the story of the macadamia nut and the industry it supports After describing the evolution and habitat of macadamias he considers the relationship of Australia s Indigenous peoples with the species He traces the discoveries and experiences of early European botanists and pioneering farmers in the nineteenth century through to the first attempts to establish commercial ventures With a nut so hard that new machines had to be invented to crack them many innovations have been needed to successfully grow macadamias as a horticultural crop Ian records how increased investment by farmers factory owners and marketers after World War II led to an expansion of macadamia plantings with the Colonial Sugar Refining Company and the Australian Macadamia Society contributing significantly to the development of a modern industry He describes how macadamias have spread to over 40 countries and offers ideas and insights for the future success of the growing macadamia industry Integrated Pest Management in Macadamia and Pecans in the USA D.
