Prolegomena II. Criticism Frederick John Foakes-Jackson, Kirsopp Lake, 1922 **The Acts of the Apostles:**
Prolegomena II: Criticism Frederick John Foakes-Jackson, Kirsopp Lake, 1922 *Judaism of the Second Temple Period* David Flusser, 2007 David Flusser was a very prolific scholar of the Dead Sea Scrolls and his contributions to Scrolls research apocalypticism and apocalyptic literature are inestimable With this English translation of many of his essays Flusser's insights are now available to a wider audience than ever before Here Flusser examines the influence of apocalypticism on various Jewish sects He states that the teachings of Jesus while reflecting first and foremost the views of the sages were also influenced by Jewish apocalypticism Examining the Essenes their effect on Hebrew language the split of sects and much more Flusser's collected essays offer an important source of study for any Dead Sea Scrolls scholar Publisher A History of the Jews and Judaism in the Second Temple Period, Volume 3 Lester L. Grabbe, 2020-02-20 This is the third volume of the projected four volume history of the Second Temple period collecting all that is known about the Jews from the period of the Maccabean revolt to Hasmonean rule and Herod the Great Based directly on primary sources the study addresses aspects such as Jewish literary sources economy Qumran and the Dead Sea Scrolls the Diaspora causes of the Maccabean revolt and the beginning and end of the Hasmonean kingdom and the reign of Herod the Great Discussed in the context of the wider Hellenistic world and its history and with an extensive up to date secondary bibliography this volume is an invaluable addition to Lester Grabbe's in depth study of the history of Judaism **Fools, Martyrs, Traitors** Lacey Baldwin Smith, 2012-05-09 In this engrossing exploration of martyrdom Lacey Baldwin Smith takes us on a riveting journey through history as he examines one of the most baffling characteristics of the human species its willingness to die to sanctify a deity to defend a cause or simply to prove a point In telling the stories of his chosen martyrs by delving into their psyches politics and remarkable personalities he illuminates the complex and elusive subject of martyrdom as it has evolved over two and a half millennia The story starts with Socrates the Western world's first recorded martyr and moves on to Judaic and early

Christian martyrs the Maccabees and their heroic suffering Jesus of Nazareth and the impact of the crucifixion on his message and Saint Perpetua who died spectacularly in a Roman amphitheater The narrative then transports us to England to Archbishop Thomas Becket and his sensational murder at the altar of his own cathedral in Canterbury to Sir Thomas More who died Henry VIII's good servant but God's first to the Protestant martyrs under Catholic Mary Tudor and to Charles I the only English king to be tried and executed as a traitor The concluding chapters cover modern martyrdom as it has become increasingly secularized and entangled with treason They include John Brown whose body lies mouldering in the grave but whose soul goes marching on Mahatma Gandhi and his school for martyrs the Holocaust and its impact on modern Jewish thought Dietrich Bonhoeffer and the unsuccessful attempts to assassinate Hitler and Julius and Ethel Rosenberg's execution for giving secret information about the atomic bomb to the USSR The book ends with the troubling figure of SS Lieutenant Kurt Gerstein and the ultimate question Is there such a person as a totally disinterested martyr Fools and traitors to some heroes to others all the men and women who appear here have helped shape our definition of martyrdom The questions Lacey Baldwin Smith raises and the way he brings the past to life make this a uniquely compelling book Phinehas, the Sons of Zadok, and Melchizedek Dongshin Don Chang, 2016-08-11 Dongshin Don Chang examines 1 and 2 Maccabees the Dead Sea Scrolls and Hebrews to see how the combined concepts of covenant and priesthood are defined and interlinked within various biblical and extra biblical traditions The three studies show the interesting and varying dynamics of the use of combined concepts of covenant and priesthood The articulations of the two entities are shown to reflect in part the concern of the Second Temple Jewish authors how significant the priestly institutions and priesthood were not only in cultic matters but also in relation to political and authoritative concerns Chang's analysis makes clear that some of the Second Temple compositions have pursued ideas of the legitimacy of priestly identities by juxtaposing the concepts of covenant and priesthood from various traditions Interpretation and representation of certain traditions becomes a way in which some Second Temple Jews and some members of the early Jewish Christian communities developed their priestly covenantal identities It is with an understanding of this Chang argues that we can better understand these Second Temple texts
