Lobbying the European Union Paul A. Shotton, Paul G. Nixon, 2020-09-10 Unique in bringing together contributions from academics and practitioners on the theme of strategic intelligent modern lobbying this book provides a thorough and accessible discussion on key ideas pertinent to the pursuance of public affairs in the European Union Combining innovative academic research with first hand professional experience it offers the reader a combination of practical recommendations case studies and academic theory to add new insights to interest group research and lobbying strategies While focusing on the European Union the contributors acknowledge the multi level dimension of EU decision making and incorporate research on multi level governance as well as lobbying by sub national authorities Through this they present a fuller picture of a subject that should appeal to students academics and practitioners alike

The Brussels Effect Anu Bradford, 2020-01-27 For many observers the European Union is mired in a deep crisis Between sluggish growth political turmoil following a decade of austerity politics Brexit and the rise of Asian influence the EU is seen as a declining power on the world stage Columbia Law professor Anu Bradford argues the opposite in her important new book The Brussels Effect the EU remains an influential superpower that shapes the world in its image By promulgating regulations that shape the international business environment elevating standards worldwide and leading to a notable Europeanization of many important aspects of global commerce the EU has managed to shape policy in areas such as data privacy consumer health and safety environmental protection antitrust and online hate speech And in contrast to how superpowers wield their global influence the Brussels Effect a phrase first coined by Bradford in 2012 absolves the EU from playing a direct role in imposing standards as market forces alone are often sufficient as multinational companies voluntarily extend the EU rule to govern their global operations The Brussels Effect shows how the EU has acquired such power why multinational companies use EU standards as global standards and why the EU s role as the world s regulator is likely to outlive its gradual economic decline extending the EU s influence long into the future A

Legal Analysis of NGOs and European Civil Society Piotr Staszczyk, 2019-06-26 Amid widespread awareness and discussion of the democratic deficit and shrinking civil space the role of nongovernmental organizations NGOs becomes increasingly important Yet the precise legal status of such bodies is ill defined Here for the first time is a thorough commentary and analysis of the position of NGOs and European civil society in the European Union EU constitutional system bringing to the fore existing and desirable means of public participation in EU lawmaking Recognizing that NGOs have historically been designed to meet the ends of civil society the analysis focuses on the following topics and issues means in EU law of advocating for the collective interests of civil society unofficial means of influencing the EU institutions access to documents and the European Citizens Initiative as means of exerting pressure on EU legislation relations between the EU institutions and NGOs including lobbying activities bringing actions in the common good before courts and other institutions the special role of NGOs in environmental protection complaints to the Commission and the European Ombudsman EU funding for NGOs and transboundary philanthropy Drawing on a broad spectrum of sources of law including CJEU case law and relevant legal literature the book offers insightful proposals leading to the democratization of the EU s internal procedures that will allow enhanced cooperation of civil society representatives across national borders In its thorough examination of legal tools that can respond to the democratic deficit this book makes a distinctive contribution to the public debate on the future of the European Union especially in the context of emerging threats to further integration It will prove of great value not only to civil activists academics and policymakers but also to everyone interested in European integration and affordance for social participation

National Brands and Global Markets Nikolas Glover, David M. Higgins, 2023-02-02 Between Brexit efforts to Make America great again and ongoing appeals for patriotic consumption to boost economies the intersection between national identity marketing campaigns and consumer choices has been brought to the fore This book maps out this terrain and provides a framework for how research on Made in campaigns and programmes in individual countries can be placed into a broader historical context The book argues that the history of Made in can be used to shed light on society at large the actors that have promoted it the institutions that have regulated it and the cultural environments that have attributed it meaning At times Made in has been a basic descriptive trade mark while in other periods it has been a key component of carefully developed commercial brands and in yet other instances it has been used in attempts to forge and redefine national identities The book opens with an introduction to the three key factors which have featured prominently in Made in campaigns commercial logic national economic policy and its use as an instrument in political discourse and it provides an overview of the evolution of Made in from a marketing perspective This is followed by country specific discussions of Made in with case studies including countries in Western Europe the US Japan and the antipodes This book will be of significant interest to students and scholars of economic history business history and marketing Chapter 7 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under

The European Renaissance in American Life Paul F. Grendler, 2006-03-30 An informative but light hearted look at the popularity of the Renaissance today this book was written by a Renaissance scholar intrigued with the way his subject continues to resonate outside the scholarly community His purpose is to uncover and describe the many manifestations of America's love of the Renaissance Why do millions don costumes to attend Renaissance Faires Why do novels and films about the period enjoy continued popularity as do Renaissance icons such as Elizabeth I Michelangelo Shakespeare and the Mona Lisa How is it that American politicians and business leaders still look to Machiavelli as a symbol of wisdom or of evil Grendler posits that Americans embrace the Renaissance as a model of culture and sophistication seeing it as confirmation that the individual can achieve greatness against long odds a belief at the core of our own society After an examination of The Real Renaissance 1400-1620 the book looks at ways in which Americans relive the experience including Faires and Living Last Suppers ways in which we re create the Renaissance in our own world and finally ways in which the Renaissance is portrayed for better or worse in fiction and film

Lobbying in the European Parliament Maja Kluger Dionigi, 2016-12-01 This book explains when and how interest groups are influential in the European Parliament which has become one of the most important lobbying venues in the EU Yet we know little about the many ways in which interest groups and lobbyists influence parliamentary politics The author offers insights on four key cases of lobbying based on the analysis of EU documents lobbying letters and 150 interviews She argues that lobbying success depends on a number of factors most notably the degree of counter lobbying issue salience and committee receptiveness These factors are brought together in the framework of Triple I interests issues and institutions to determine the success or failure of lobbying This book will be of use to students and scholars interested in EU politics and governance EU decision making and interest group politics along with policy makers and practitioners

International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences, 2002

On Niccolò Machiavelli Gabriele Pedullà, 2023-10-17 Five hundred years after his death Niccolò Machiavelli still draws an astonishing range of contradictory characterizations Was he a friend of

tyrants An ardent republican loyal to Florence's free institutions The father of political realism A revolutionary populist A calculating rationalist A Renaissance humanist A prophet of Italian unification A theorist of mixed government A forerunner to authoritarianism The master of the dark arts of intrigue This book provides a vivid and engaging introduction to Machiavelli's life and works that sheds new light on his originality and relevance Gabriele Pedull a leading Italian expert and acclaimed writer offers fresh readings of the Florentine thinker's most famous writings *The Prince* and the *Discourses on Livy* as well as lesser known texts A new and often surprising Machiavelli emerges one closer to his time but also better suited to inform our own Pedull's portrait of Machiavelli highlights his close attention to social and emotional bonds staunch opposition to oligarchy keen awareness of the economic side of power dynamics and strong preference for history over philosophy as a guide for leaders This book recovers the excitement Machiavelli roused in his first readers for a twenty first century audience capturing his capacity to provoke both then and now with unconventional ideas and startling insights

Tourist Destination Management Nazmi Kozak, Metin Kozak, 2019-04-27 This book provides a wide ranging overview of the current state of tourist destination management and presents important recent research in the field Contemporary theoretical and methodological approaches to management and marketing are discussed and innovative practices with respect to both urban and rural destinations are described with the aid of many interesting case studies from across Europe and beyond In addition the volume addresses key issues such as governance cooperation the use of social media and sustainability A variety of influences on tourism development are examined and efficient strategies for making destinations distinct are explored The book will be a welcome addition and update to the existing literature and will be of interest to academics and practitioners alike

Machiavelliana Michael Jackson, Damian Grace, 2018-06-05 In *Machiavelliana* Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccol Machiavelli's name in society generally and in academic fields distant from his intellectual origins It assesses the appropriation of Machiavelli in didactic works in management social psychology and primatology scholarly texts in leaderships studies as well as novels plays commercial enterprises television dramas operas rap music Mach IV scales children's books and more The book audits surveys examines and evaluates this Machiavelliana against wider claims about Machiavelli It explains the origins of Machiavelli's reputation and the spread of his fame as the foundation for the many uses and misuses of his name They conclude by redressing the most persistent distortions of Machiavelli

The Politics of Persuasion Urs Steiner Brandt, Gert Tinggaard Svendsen, 2016-01-29 The EU is at a crossroads Should it choose the path towards protectionism or the path towards free trade This book convincingly argues that lobbying regulation will be a decisive first step towards fulfilling the European dream of free trade in accordance with the original purpose of the Treaty of Rome Without the regulation of lobbyists to try and prevent undue political persuasion there is a greater risk of abuse in the form of corruption subsidies and trade barriers which will come at the expense of consumers tax payers and competitiveness This interdisciplinary approach

both theoretical and methodological offers a wealth of knowledge concerning the effect of lobbying on political decision making and will appeal to academics across the social sciences practitioners and policy makers
