Britain, Bulgaria, and the Paris Peace Conference, 1918-1919 Patrick J. Treanor, 2019-11-20 Since at least 1876 Britain's policy toward Bulgaria had been derivative of her policy toward the Turkish Straits and it continued to be so during the period from the conclusion of the Armistice of Salonika until the signature of the Treaty of Neuilly British policy was the main factor in shaping the Treaty of Neuilly and therefore exercised an important influence on the simultaneously unfolding Bulgarian power struggle and on setting that country's political agenda for years to come **Lakes and Empires in Macedonian History** James Pettifer, Miranda Vickers, 2021-08-26 Lakes and Empires in Macedonian History Contesting the Waters tells the story of Psarades a lakeside village in Macedonian Greece on the shores of the Prespa lake This village which is in many ways a completely typical Greek settlement and yet remains unconventional in its way of life embodies the many contradictions of modern history and in exploring its roots James Pettifer and Miranda Vickers skilfully uncover the wider social cultural and political history of this lake region Drawing from oral testimonies and attentive to the construction of national histories this book considers how the development of international borders movement of people and role of national identities within imperial borderlands shaped Macedonia today What is more by centering the lakes and making use of an innovative environmental historical methodology Pettifer and Vickers offer the first environmental history of this multi ethnic borderland region shared by Greece North Macedonia and Albania The result is a nuanced and sophisticated transnational account of Macedonia from prehistory to the 21st century which will be essential reading for all Balkan scholars Greece at the Crossroads John O. Iatrides, Linda Wrigley, 1995 A collection of essays by European and American specialists offering new and authoritative analyses of the Greek civil war and its international dimensions The Greek civil war that broke out at the end of World War II was one of the formative events in the early days of the Cold War In the fall of 1944 at the moment of liberation from the German occupiers Greece stood at the crossroads in need of a new constitutional and social order However the factions that vied for influence over the state promoted their particular agendas with a vehemence

exclusiveness and mistrust that destroyed any chance for genuine compromise and reconciliation The essays collected here represent a systematic attempt to examine the domestic and external forces that were actively involved in the Greek civil war of the late 1940s and that contributed to its resolution Specifically they consider the political options available to postwar Greece by identifying the principal actors promoting such options and analyzing their programs tactics strengths and weaknesses They also highlight the close interaction among domestic regional and global levels of conflict and measure the impact of that conflict on the political development of Greece

Yugoslavia Ann Lane, 2017-03-14 Yugoslavia was a phenomenon of the short twentieth century Its two incarnations fell between the cataclysm of the First World War which destroyed the old order and the transformation of Europe which followed the collapse of communism in 1989 The task of building a viable unified state was complicated not only by Yugoslavia's diverse cultural composition but also by the pressures which the evolution of international society have placed on the modern state Yugoslavia Explains and examines the key themes in the history of the former Yugoslavia Synthesises the main strands in contemporary debate about the origins of the Yugoslav crisis Presents a truly international history exposing in full the role played by other countries in the rise and fall of the nation Focussing on both domestic and external factors Ann Lane presents a balanced analysis of this ultimately failed attempt at state building in a region of cultural diversity

The Longman Companion to European Nationalism 1789-1920 Raymond Pearson, 2014-09-25 A highly topical analysis of European Nationalism from the French Revolution through to the aftermath of the First World War when the nationalist issues and problems that dominate the political landscape of our own time were already fully established Covering an enormous range of peoples from the Icelanders to the Gypsies from Brittany to Wallachia the book presents a wealth of historical geopolitical information unavailable elsewhere Essential as a reference work it also provides a unique opportunity to survey systematically a crucial but fragmented subject in its full European context For historians political scientists departments of European studies and general readers

Essence of Political Manipulation Nikolaos Zahariadis, 2005 This book takes an intriguingly original look at the dynamics of foreign policy making Adopting a theory of political manipulation and using the case of Greek policy toward the Former Yugoslav Republic of Macedonia Nikolaos Zahariadis examines how human emotion and political institutions interact to produce cooperative and confrontational decisions His findings have implications for policy makers students of politics and informed citizens who want to know how leaders manipulate ideas emotions and democratic institutions to make decisions that win all the battles but ultimately lose the war

With Stalin against Tito Ivo Banac, 2018-10-18 In 1948 in a series of moves that culminated in the famous Cominform Resolution Stalin struck at the Communist Party in Yugoslavia provoking the first split in the Communist state system With this long awaited book Ivo Banac becomes the first scholar to assess the domestic consequences of Yugoslavia's

expulsion from the Cominform and his findings will radically revise some of our most basic assumptions about Tito's revolution. Banac's subject is the nature and fate of those elements in the Yugoslav Communist party who were said to have sided with Moscow against their own country's leadership. He demonstrates that the so-called Cominformists represented as much as twenty percent of the party membership and had widely divergent aims. He then reconstructs the history of the labyrinthine factional struggles that preceded and accompanied the 1948 split and shows that as always the national question played the dominant role in Yugoslav politics. After identifying the members of the opposition and mapping its course, Banac recounts the harsh repression of the movement. He provides massive documentation of startling irony: the conflict with Stalin played the same part in the shaping of Yugoslavia's political system as the collectivization and purges of the 1930s did in the history of Soviet communism.

The Vision of Anglo-America Henry Butterfield Ryan, 2004. This study demonstrates the importance of the decline of British power in the creation of the Cold War.

The Macedonian Slavs in the Greek Civil War, 1944-1949 James Horncastle, 2019-06-03. In this study of Macedonian Slavs in the Greek Civil War, the author examines how their participation in the conflict and the attempts by other groups to manipulate them gave rise to modern issues that continue to affect politics in the region today. The Macedonian Question has confounded academics, politicians, and the people of the Balkans since the nineteenth century. While the countries have resolved the territorial component of the Macedonian Question, the critical and confusing question surrounding the ethnic and linguistic identity of the people of the region continues to be the source of international debate. Part of the reason for this confusion is because the history of the Macedonian Question is shrouded in nationalist polemics. The role of the Macedonian Slavs' involvement in the Greek Civil War is particularly contentious and embedded in nationalist polemics, which has impacted academic inquiry. This book argues that the preponderance of Macedonian Slavs within the communist forces during the Greek Civil War influenced the actions of all the major actors involved and is a significant factor in shaping the modern Macedonian national identity.

Politics of Ethnic Cleansing Klejda Mulaj, 2008-02-22. This book sheds light on the causes and consequences of ethnic cleansing in the twentieth-century Balkans, with particular reference to the former Yugoslavia in the 1990s. In providing a thorough and consistent analysis of large-scale episodes of ethnic cleansing in modern Balkan history, *Politics of Ethnic Cleansing* fills an important gap in existing conflict and peace studies literature. Offering a top-down interpretation of the expulsion of ethnic national minorities as a means of state building, the analysis rests on a fresh multidimensional approach which provides an eclectic discussion of nationalism, politics, and security. This book establishes an agenda for policy making and future research by making specific proposals for clearing up the present ambiguities in international humanitarian law related to ethnic cleansing, rethinking humanitarian intervention with a view to restoring the long-term viability of the target states, and repudiating the argument for forced homogenization as a conflict resolution strategy.

British Political and Military Strategy in Central, Eastern and Southern Europe in 1944 Elisabeth Barker, William Deakin, 1988-08-10. **A Short**

History of Modern Bulgaria R. J. Crampton, 1987-03-12 This survey of Bulgaria traces its history from the liberation from the Ottoman Empire to 1985

Moscow and Greek Communism, 1944-1949 Peter J. Stavrakis, 2018-09-05 Moscow and Greek Communism is the first comprehensive analysis of Soviet conduct in Greece during the most critical period of Greek history in this century the last months of World War II and the years of the Greek Civil War Peter J Stavrakis demonstrates that Soviet policy in Greece was highly mutable and reveals how its shifts were governed by Moscow's changing aims in the Near East generally Soviet policy toward the Western powers and the constantly changing Greek political situation Stavrakis draws on previously inaccessible evidence from Greek Communist archives recently declassified materials from the U S National Archives documents from British archives and personal memoirs of former Greek partisans to create the most accurate picture available of developments in the Balkans between 1944 and 1949 He traces the course of Soviet policy explaining why Stalin vacillated in his attitude toward the armed insurgency of the Greek Communist party KKE finally acting in a way that ensured its defeat Students of Soviet foreign policy will want to consider his thesis that the lessons learned in Greece have continued to guide Soviet interventionism in regions where its capabilities for control are limited
