Aberrant Nuptials Paulo de Assis, Paolo Giudici ,2019-12-11 Unique focus on the relation between artistic research and the philosophy of Gilles Deleuze Aberrant Nuptials explores the diversity and richness of the interactions between artistic research and Deleuze studies Aberrant nuptials is the expression Gilles Deleuze uses to refer to productive encounters between systems characterised by fundamental difference More than imitation representation or reproduction these encounters foster creative flows of energy generating new material configurations and intensive experiences Within different understandings of artistic research the contributors to this book architects composers film makers painters performers philosophers sculptors and writers map current practices at the intersection between music art and philosophy contributing to an expansion of horizons and methodologies Written by established Deleuze scholars who have been working on interferences between art and philosophy and by musicians and artists who have been reflecting Deleuzian and Post Deleuzian discourses in their artworks this volume reflects the current relevance of artistic research and Deleuze studies for the arts

Photographs 1925-1933 Aenne Biermann,1988 **Releasing the Image** Jacques Khalip,Robert Mitchell,2011-08-09 From painting to poetry to new media technologies this book theorizes the image beyond the logic of representationalism and provokes new ways of engaging topics of embodiment agency history and technology

An Analysis of Susan Sontag's On Photography Nico Epstein,2018-02-21 Susan Sontag s 1997 text On Photography brought photographic theory into the university classroom with its staunch defence of the medium as art and inspired a new wave of Marxist Criticism in the field Sontag explains the way in which we are addicted to images and depend on them for knowledge of our surroundings and the problems and challenges this causes Already an established academic figure Sontag brought Walter Benjamin s theories in into the academic mainstream The book retains its relevance in the everyday world because of the applicability of its ideas to the world of digital photography

Viewing Photography in Post-Dictatorship Latin America David Rojinsky,2022-11-30 This book examines the archival aesthetic of mourning and memory developed by Latin American artists and photographers between 1997 2016 Particular attention is paid to how photographs of the assassinated or disappeared political dissident of the 1970s and 1980s as found in family albums and in official archives were not only re imagined as conduits for private mourning but also became allegories of social trauma and the struggle against socio political amnesia Memorials art installations photo essays street projections and documentary films are all considered as media for the reframing of these archival images from the era of the Cold War dictatorships in Argentina Chile Guatemala and Uruguay While the turn of the millennium was supposedly marked by the end of history and with the advent of digital technologies by the end of photography these works served to interrupt and hence belie the dominant narrative on both counts Indeed the

book's overarching contention is that the viewer's affective identification with distant suffering when engaging these artworks is equally interrupted instead the viewer is invited to apprehend memorial images as emblems of national and international histories of ideological struggle

Framing the Bride Bonnie Adrian, 2003-12-08

With a wedding impending the Taiwanese bride to be turns to bridal photographers makeup artists and hair stylists to transform her image beyond recognition They give her fairer skin eyes like a Western baby doll and gowns inspired by sources from Victorian England to MTV An absorbing consideration of contemporary bridal practices in Taiwan Framing the Bride shows how the lavish photographs represent more than mere conspicuous consumption They are artifacts infused with cultural meaning and emotional significance products of the gender and generation based conflicts in Taiwan's hybrid system of modern matrimony From the bridal photographs the book opens out into broader issues such as courtship marriage kinship globalization and the meaning of the West and Western cultural images of beauty Bonnie Adrian argues that in compiling enormous bridal albums full of photographs of brides and grooms in varieties of finery posed in different places and exuding romance Taiwanese brides engage in a new rite of passage one that challenges the terms of marriage set out in conventional wedding rites In Framing the Bride we see how this practice is also a creative response to U.S. domination of transnational visual imagery how bridal photographers and their subjects take the project of globalization into their own hands defining its terms for their lives even as they expose the emptiness of its images

Kathryn Morgan,2024 *Imaging Animal Industry* focuses on the visual culture of the American meat industry between 1890 and 1960 Drawing on archival collections across the American Midwest this book relates a history of the meatpacking industry s use of images in the early to mid twentieth century In the process it reveals the key role that images particularly photographs have played in assisting with the rise of industrial meat production **The Amateur Photographer & Photography**,1924

Pictures and Progress Maurice O. Wallace,Shawn Michelle Smith,2012-06-19 *Pictures and Progress* explores how during the nineteenth century and the early twentieth prominent African American intellectuals and activists understood photography s power to shape perceptions about race and employed the new medium in their quest for social and political justice They sought both to counter widely circulating racist imagery and to use self representation as a means of empowerment In this collection of essays scholars from various disciplines consider figures including Frederick Douglass Sojourner Truth Ida B Wells Paul Laurence Dunbar and W E B Du Bois as important and innovative theorists and practitioners of photography In addition brief interpretive essays or snapshots highlight and analyze the work of four early African American photographers Featuring more than seventy images *Pictures and Progress* brings to light the wide ranging practices of early African American photography as well as the effects of photography on racialized thinking Contributors Michael A Chaney Cheryl Finley P Gabrielle Foreman Ginger Hill Leigh Raiford Augusta Rohrbach Ray Sapirstein Suzanne N Schneider Shawn Michelle Smith Laura Wexler Maurice O Wallace *Theatre and Photography* Joel Anderson,2015-01-14 Examining the relationship between theatre and photography this book shows how the two intertwine and provide vantage points for understanding each other Joel Anderson explores the theory and practice of photographing theatre and performance as well as theatre and photography s mutual preoccupation with posing staging framing and stillness

Photography on the Color Line Shawn Michelle Smith,2004-06-07 An exploration of the visual meaning of the color line and racial politics through the analysis of archival photographs collected by W E B Du Bois and exhibited at the Paris Exposition of 1900 *Background Noise* Saúl Yurkiévich,2003 *Background Noise* introduces to the English speaking world the poetry of Argentinian writer Saul Yurkievich in a bilingual edition His poetry is a play of language and ideas with language leading the way His longer poems are collages full of similarities and contrasts that remain unresolved not circumscribed by a determination to harmonize or integrate Also important to Yurkievich are sound and rhythm His poems are like jazz solos spontaneously flowing in response to nothing but themselves And therefore they are great joys to read aloud But beneath the pleasures of Yurkievich s riffs there is a troubling despair There is a sense in the poems of our inability

to know to find to get what we desire Writing in the tradition of Huidobro Vallejo and the early Neruda Yurkievich's work both celebrates and laments the world's pandemonium The title poem begins tenebrous turbid turmoil turbulence an incantation of chaos Also included in this volume is an interview with Yurkievich and his friend the late fiction writer Julio Cortazar about their approaches to writing Book jacket **Epic** Frederick Turner, 2017-07-28 Epic does many things Among others it defines the nature of the human storyteller recalls the creation of the world and of the human race describes the paradoxical role of the hero as both the Everyman and the radical exception and establishes the complex quest underlying all human action Epic illustrates that these ingredients of epic storytelling are universal cultural elements in existence across multiple remote geographical locations historical eras ethnic and linguistic groups and levels of technological and economic development Frederick Turner argues that epic despite being scoffed at and neglected for over sixty years is the most fundamental and important of all literary forms and thereby deserves serious critical attention It is the source and origin of all other literature the frame within which any story is possible The mission of this book is to repair gaps in the literary understanding of epic studies and offer permission to future epic writers and composers The cultural genres of Marvel Comics gothic anime manga multi user dungeon gaming and superhero movies reprise all the epic themes and motifs Consider The Wizard of Oz Star Wars The Lord of the Rings Lost The Matrix Superman Harry Potter and Narnia Here can be found the epic beast man the miraculous birth of the hero the creation myth the founding of the city the quest journey the descent into the land of the dead the monsters and the trickster This book will be of interest to all readers fascinated by folklore oral tradition religious studies anthropology mythology and enthusiastic about literature in general **The Century**, 1906
