Miles To Go Before I Sleep Claire Gilbert,2021-03-18 Claire s honest raw authentic diaries will be a source of comfort to many Miranda Hart At the age of 54 Claire Gilbert was diagnosed with myeloma an incurable cancer of the blood The prognoses ranged from surviving only a few months to living for several decades with no guarantee of which outcome was to be hers It was a shocking diagnosis into uncertainty or rather into only one certainty death But Claire discovered that facing her own mortality was liberating She discovered this through writing letters Claire asked her siblings and a small group of friends if they would let her write to them with total honesty about what she was going through as she was going through it These letters turned out to be a great solace and gradually her group of dear readers has grown what she had to say wasn t just of value to herself but to others too The letters chart Claire s journey through diagnosis chemotherapy and a brutal round of stem cell treatment and end with the rest of the UK joining her in her immuno compromised isolation in March 2020 when the coronavirus pandemic hit Unflinchingly honest and wide ranging Claire writes about the restorative role of nature politics poetry humour and a restless exploration of the spiritual dimension of death and dying This is an honest luminous
