Andrew S. Berish

Miles Beyond The Electric Explorations Of Miles Davis 1967 1991:

Miles Beyond Paul Tingen, 2001 One of the 20th century's authentic musical geniuses Miles Davis was a pioneer of such jazz styles as cool hardbop and the fusion of orchestral music and jazz in his work with arranger Gil Evans Yet when he made his boldest move in the late 1960s and began to experiment with rock and African music giving birth to what became known as fusion or jazz rock Davis alienated many of his jazz fans This biography offers an in depth exploration of Miles Davis's controversial electric period and the violent split of sentiment that it produced within the jazz community Based on research both primary material and first hand recollections by over 50 musicians partners producers and artists author Paul Tingen offers facts insights and stories about Miles's remarkable artistic and personal life In doing so he provides a perspective on Miles's working methods as well as an in depth analysis of the music in historical order offering an understanding of the development of Miles's music from 1967 to 1991 a period that has been both neglected and misunderstood Among those interviewed are *The Miles Davis Lost Quintet and Other Revolutionary Ensembles* Bob Gluck, 2016-01-11 Uncover the inner creative method in a band that was literally reinventing their music on a gig by gig basis a compelling narrative All About Jazz Miles Davis's *Bitches Brew* is one of the most iconic albums in American music the preeminent landmark and fertile seedbed of jazz fusion Fans have been fortunate in recent years to gain access to Davis's live recordings from this time when he was working with an ensemble that has come to be known as the Lost Quintet In this book jazz historian and musician Bob Gluck explores the performances of this revolutionary group Davis's first electric band to illuminate the thinking of one of our rarest geniuses and by extension the extraordinary transition in American music that he and his fellow players ushered in Gluck listens deeply to the uneasy tension between this group's driving rhythmic groove and the sonic and structural openness surprise and experimentation they were always pushing toward There he hears and outlines a fascinating web of musical interconnection that brings Davis's funk inflected sensibilities into conversation with the avant garde worlds that players like Ornette Coleman and John Coltrane were developing Going on to analyze the little known experimental groups Circle and the Revolutionary Ensemble Gluck traces deep resonances across a commercial gap between the celebrity Miles Davis and his less famous but profoundly innovative peers The result is a deeply attuned look at a pivotal moment when once disparate worlds of American music came together in explosively creative combinations In discussion informed by interviews with many of the principals and by his own detailed analysis of recordings Gluck examines each group and its music in depth Choice A look at the profoundly influential but hazily remembered period in the 1970s after Miles went electric when pretty much everything was possible and pretty much everything happened Brooklyn Rail **1970s Jazz Fusion** Matthew Reed Baker, 2025-05-01 The once derided musical hybrid that is 1970s Jazz Fusion has since become one of the most influential genres of music in jazz rock soul and hip hop The once derided musical hybrid that is 1970s Jazz Fusion has since become one of the most influential genres of music in jazz rock soul and hip hop This book is a celebration of one of

the most adventurous but unappreciated eras in popular music wherein the traditional sounds of jazz were melded and mashed up with funk soul hard rock and electronics Even as they were accused of selling out and contaminating traditional jazz artists like Miles Davis Weather Report Herbie Hancock Chick Corea and the Mahavishnu Orchestra made some of the most creative and invigorating music of the era Full of the musicians personal stories and anecdotes this book provides a discussion of their albums and the cultural context for their music That context also includes how these albums have been passed down through generations and have reverberated through the music of today inspiring both hip hop and electronic artists through sampling and contemporary jazz and soul artists who are less constrained by traditional genres Though recorded decades ago jazz fusion remains culturally vital and sonically thrilling to this very day *Historical Dictionary of Popular Music* Norman Abjorensen, 2017-05-25 This book seeks to trace the rise of popular music identify its key figures and track the origins and development of its multiple genres and styles all the while seeking to establish historical context It is fundamentally a ready reference guide to the broad field of popular music over the past two centuries It has become a truism that popular music so pervasive in the modern world constitutes a soundtrack to our lives a constant though changing presence as we cross thresholds and grow from children to teenagers to adults But it has become more than a soundtrack it has become a narrative Not just an accompaniment to our daily lives but incorporating our lives our sense of identity our lived experiences into it We have become part of the music just as the music has become part of us The Historical Dictionary of Popular Music contains a chronology an introduction an appendix and an extensive bibliography The dictionary section has over 1000 cross referenced entries on major figures across genres definitions of genres technical innovations and surveys of countries and regions This book is an excellent resource for students researchers and anyone wanting to know more about popular music

Hating Jazz Andrew S. Berish, 2025-03-12 A deep dive into the meaning behind the hatred of jazz A rock guitarist plays four notes in front of one thousand people while a jazz guitarist plays one thousand notes in front of four people You might laugh or groan at this jazz joke but what is it about jazz that makes people want to disparage it in the first place Andrew S Berish's *Hating Jazz* listens to the voices who have denounced disparaged and mocked the music By focusing on the rejection of the music Berish says we see more holistically jazz's complicated place in American cultural life Jazz is a display of Black creativity and genius an art form that is deeply embedded in African American life Though the explicit racial tenor of jazz jokes has become muted over time making fun of jazz either in a lighthearted or aggressive way is also an engagement with the place of Blackness in America An individual's taste in music may seem personal but Berish's analysis of jazz hatred demonstrates that musical preferences and trends are a social phenomenon Criticism of jazz has become inextricable from the ways we understand race in America past and present In addition to this form of criticism Berish also considers jazz hate as a form of taste discrimination and as a conflict over genre boundaries within different jazz cultures Both enlightening and original *Hating Jazz* shows that our response to music can be a social act unique to our historical

moment and cultural context we react to music in certain ways because of who we are where we are and when we are

Black Diamond Queens Maureen Mahon, 2020-10-09 African American women have played a pivotal part in rock and roll from laying its foundations and singing chart topping hits to influencing some of the genre's most iconic acts. Despite this, black women's importance to the music's history has been diminished by narratives of rock as a mostly white male enterprise. In *Black Diamond Queens*, Maureen Mahon draws on recordings, press coverage, archival materials and interviews to document the history of African American women in rock and roll between the 1950s and the 1980s. Mahon details the musical contributions and cultural impact of Big Mama Thornton, LaVern Baker, Betty Davis, Tina Turner, Merry Clayton, Labelle, the Shirelles and others, demonstrating how dominant views of gender, race, sexuality and genre affected their careers. By uncovering this hidden history of black women in rock and roll, Mahon reveals a powerful sonic legacy that continues to reverberate into the twenty-first century.

In with the In Crowd Mike Smith, 2024-05-28 Most studies of 1960s jazz underscore the sounds of famous avant-garde musicians like John Coltrane, Ornette Coleman and Albert Ayler. Conspicuously absent from these narratives are the more popular jazz artists of the decade that electrified dance clubs, permeated radio waves and released top-selling records. Names like Eddie Harris, Nancy Wilson, Ramsey Lewis and Jimmy Smith are largely neglected in most serious work today. Mike Smith rectifies this oversight and explores why critical writings have generally cast off best-selling 1960s jazz as unworthy of in-depth analysis and reverent documentation. The 1960s were a time of monumental political and social shifts. Avant-garde jazz made by musicians indifferent to public perception aligns well with widely held images of the era. In *In with the In Crowd: Popular Jazz in 1960s Black America*, Smith argues that this dominant and unfortunately distorted view negates and ignores a vibrant jazz community. These musicians and their listeners created a music defined by socialization, celebration and Black pride. Smith tells the joyful story of the musicians, the radio DJs, the record labels and the live venues where jazz not only survived but thrived in the 1960s. This was the music of everyday people who viewed jazz as an important part of their cultural identity as Black Americans. In an era marked by turmoil and struggle, popular jazz offered a powerful outlet for joy, resilience, pride and triumph.

3 Shades of Blue James Kaplan, 2025-03-04 The National Bestseller. One of The Minneapolis Star Tribune's Best Books of the Year. A superb book. Kaplan is a master biographer, a dogged researcher and shaper of narrative, and this is his most ambitious book to date. Los Angeles Times. From the author of the definitive biography of Frank Sinatra, the story of three towering artists: Miles Davis, John Coltrane and Bill Evans, and how they came together to create the most iconic jazz album of all time, *Kind of Blue*. In 1959, America's great indigenous art form, jazz, reached the height of its power and popularity. James Kaplan's magnificent *3 Shades of Blue* captures how that golden era came to be and its pinnacle with the recording of *Kind of Blue*. It's a book about music and business and race and heroin and the cities that gave jazz its home and the Black geniuses behind its rise. It's an astonishing meditation on creativity and the strange environments where it can flourish most. It's a book about the great forebears and

founders of a lost era and the disrupters who would take the music down truly new paths And it s about why the world of jazz most people know is a museum to this never replicated period But above all 3 Shades of Blue is a book about three very different men the greatness and varied fortunes of Miles Davis John Coltrane and Bill Evans The tapestry of their lives is in Kaplan s hands a national odyssey with no direction home It is also a masterpiece a book about jazz that is as big as America

Miles Davis' Bitches Brew George Grella,2015-10-22 It was 1969 and Miles Davis prince of cool was on the edge of being left behind by a dynamic generation of young musicians an important handful of whom had been in his band Rock music was flying off in every direction just as America itself seemed about to split at its seams Following the circumscribed grooves and ambiance of In A Silent Way coming off a tour with a burning new quintet called The Lost Band with Wayne Shorter Chick Corea Dave Holland and Jack DeJohnette he went into the studio with musicians like frighteningly talented guitarist John McLaughlin and soulful Austrian keyboardist Joe Zawinul Working with his essential producer Teo Macero Miles set a cauldron of ideas loose while the tapes rolled At the end there was the newly minted Prince of Darkness a completely new way forward for jazz and rock and the endless brilliance and depth of Bitches Brew Bitches Brew is still one of the most astonishing albums ever made in either jazz or rock Seeming to fuse the two it actually does something entirely more revolutionary and open ended blending the most avant garde aspects of Western music with deep grooves the album rejects both jazz and rock for an entirely different idea of how music can be made *Bitch* Karen Stollznow,2024-06-27

Delve into the history of the word bitch from its humble origins to the complex modern phenomenon it is today **Popular Music and Society** Brian Longhurst,2007-05-07 This new edition of Popular Music and Society fully revised and updated continues to pioneer an approach to the study of popular music that is informed by wider debates in sociology and media and cultural studies Astute and accessible it continues to set the agenda for research and teaching in this area The textbook begins by examining the ways in which popular music is produced before moving on to explore its structure as text and the ways in which audiences understand and use music Packed with examples and data on the contemporary production and consumption of popular music the book also includes overviews and critiques of theoretical approaches to this exciting area of study and outlines the most important empirical studies which have shaped the discipline Topics covered include The contemporary organisation of the music industry The effects of technological change on production The history and politics of popular music Gender sexuality and ethnicity Subcultures Fans and music celebrities For this new edition two whole new chapters have been added on performance and the body and on the very latest ways of thinking about audiences and the spaces and places of music consumption This second edition of Popular Music and Society will continue to be required reading for students of the sociology of culture media and communication studies and popular culture **The Routledge Companion to Jazz Studies** Nicholas Gebhardt,Nichole Rustin-Paschal,Tony Whyton,2018-12-07 The Routledge Companion to Jazz Studies presents over forty articles from internationally renowned scholars and highlights the strengths of current

jazz scholarship in a cross disciplinary field of enquiry Each chapter reflects on developments within jazz studies over the last twenty five years offering surveys and new insights into the major perspectives and approaches to jazz research The collection provides an essential research resource for students scholars and enthusiasts and will serve as the definitive survey of current jazz scholarship in the Anglophone world to date It extends the critical debates about jazz that were set in motion by formative texts in the 1990s and sets the agenda for the future scholarship by focusing on key issues and providing a framework for new lines of enquiry It is organized around six themes I Historical Perspectives II Methodologies III Core Issues and Topics IV Individuals Collectives and Communities V Politics Discourse and Ideology and VI New Directions and Debates

Modern Jazz Guitar Styles Andre Bush,2011-11-14 A unique book and audio package including extensive chapters on soloing chords rhythm and effects With in depth exercises on modern scale applications and intervallic choices developing individual chord voicings incorporating rock and funk concepts exploring elements from world music such as odd meters and polyrhythms and ideas for developing your own sonic textures and approach to tonal manipulation Each section features an essay illustrating the musical history and specific innovations of modern jazz guitar masters with insightful commentary accompanying each concept and example The last section thoroughly analyzes studio performances of two original compositions incorporating all the above materials Modern Jazz Guitar Styles provides the serious student or professional seeking to broaden his palette with a comprehensive overview of the current state of jazz guitar Extensive chapters on soloing chords rhythm and effects In depth exercises on modern scale applications and intervallic choices Ideas for developing your own sonic textures and approach to tonal manipulation Covers developing individual chord voicings incorporating rock and funk concepts and exploring elements from world music Provides serious student professional a comprehensive overview of current state of jazz guitar Includes access to online audio *Firesign* Jeremy

Braddock,2024-10-29 A cultural clearinghouse of the American 1960s and 70s told through the story of the period s most important forgotten comedy group This expansive book reclaims the Firesign Theatre hazily remembered as a comedy act for stoners as critically engaged artists working in the heart of the culture industry at a time of massive social and technological change At the intersection of popular music sound and media studies cultural history and avant garde literature Jeremy Braddock explores how this inventive group made the lowbrow comedy album a medium for registering the contradictions and collapse of the counterculture and traces their legacies in hip hop turntablism computer hacking and participatory fan culture He deploys a vast range of material sources drawing on numerous interviews and writing in tune with the group s obsessive and ludic reflections on multitrack recording radio television cinema early artificial intelligence and more to focus on Firesign s work in Los Angeles from 1967 to 1975 This ebullient act of media archaeology reveals Firesign Theatre as authors of a comic utopian pessimism that will inspire twenty first century recording arts and urge us to engage the massive technological changes of our own era Play the Way You Feel Kevin Whitehead,2020-04-01 Jazz stories have been

entwined with cinema since the inception of jazz film genre in the 1920s giving us origin tales and biopics spectacles and low budget quickies comedies musicals and dramas and stories of improvisers and composers at work And the jazz film has seen a resurgence in recent years from biopics like *Miles Ahead* and HBO's *Bessie* to dramas *Whiplash* and *La La Land* In *Play the Way You Feel* author and jazz critic Kevin Whitehead offers a comprehensive guide to these films and other media from the perspective of the music itself Spanning 93 years of film history the book looks closely at movies cartoons and a few TV shows that tell jazz stories from early talkies to modern times with an eye to narrative conventions and common story points Examining the ways historical films have painted a clear picture of the past or overtly distorted history *Play the Way You Feel* serves up capsule discussions of sundry topics including Duke Ellington's social life at the Cotton Club avant garde musical practices in 1930s vaudeville and Martin Scorsese's improvisatory method on the set of *New York, New York* Throughout the book Whitehead brings the same analytical bent and concise witty language listeners know from his jazz segments on NPR's *Fresh Air* with Terry Gross He investigates well known songs traces the development of the stock jazz film ending and offers fresh often revisionist takes on works by such directors as Howard Hawks John Cassavetes Shirley Clarke Francis Ford Coppola Clint Eastwood Spike Lee Robert Altman Woody Allen and Damien Chazelle In all *Play the Way You Feel* is a feast for film genre fanatics and movie watching jazz enthusiasts

BAG Benjamin Looker, 2004 From 1968 to 1972 St Louis was home to the Black Artists Group BAG a seminal arts collective that nurtured African American experimentalists involved with theater visual arts dance poetry and jazz Inspired by the reinvigorated black cultural nationalism of the 1960s artistic collectives had sprung up around the country in a diffuse outgrowth known as the Black Arts Movement These impulses resonated with BAG's founders who sought to raise black consciousness and explore the far reaches of interdisciplinary performance all while struggling to carve out a place within the context of St Louis history and culture A generation of innovative artists Julius Hemphill Oliver Lake and Emilio Cruz to name but a few created a moment of intense and vibrant cultural life in an abandoned industrial building on Washington Avenue surrounded by the evisceration that typified that decade's urban crisis The 1960s upsurge in political art blurred the lines between political involvement and artistic production and debates over civil rights black nationalism and the role of the arts in political and cultural struggles all found form in BAG This book narrates the group's development against the backdrop of St Louis spaces and institutions examines the work of its major artists and follows its musicians to Paris and on to New York where they played a dominant role in Lower Manhattan's 1970s loft jazz scene By fusing social concern and artistic innovation the group significantly reshaped the St Louis and by extension the American arts landscape

This is Pop Eric Weisbard, 2004 This publication is an inquiry that crosses stylistic categories of pop music and writing pop music

The Last Miles George Cole, 2007-07-17 The story of the final recordings of one of the greatest jazz musicians of the twentieth century

The Miles Davis Reader Frank Alkyer, 2023-11-30 If you ever needed proof that a magazine can have a love affair with a musician you're holding it in your

hands For DownBeat the preeminent publication of the jazz world Miles Dewey Davis was one of its most cherished subjects Since it began covering the jazz scene in 1939 no other artist has been more diligently chronicled in its pages than Davis The beauty of this collection is seeing the development of an artist over time The reviews of his music go from quietly introducing a new talent to revering perhaps the greatest jazz artist of his generation The feature articles begin with a very young very polite Davis lamenting I ve worked so little I could probably tell you where I was playing any night in the last three years As he develops the interviews show Davis gaining confidence and stature showing swagger and becoming the over the top say it like it is showman that made every interview an event The Miles Davis Reader compiles more than 200 news stories feature articles and reviews by some of the greatest writers in jazz into one volume It delivers a patchwork of his words and music in the moment as they happened With several lengthy features added along with a dozen new photographs this new edition is a beautiful series of snapshots a year by year ride through the many phases of Davis as an artist and as a man **Ambient Music ,**
