Charles Stewart Parnell and His Times N. C. Fleming, Alan O'Day, 2011-07-06 Charles Stewart Parnell 1846-1891 wrote remarkably little about himself but he has attracted the attention of many writers politicians and scholars both during his lifetime and ever since His controversial and provocative role in Irish and British affairs had him vilified as a murderer in *The Times* and afterwards dramatically vindicated by the Westminster Parliament It cast him as a romantic hero to the young James Joyce and a self-serving opportunist to the journalists of the *Nation* Parnell has been the subject of court cases parliamentary enquiries and debates journalism plays poems literary analysis and historical studies For the first time all these have been collected catalogued and cross referenced in one volume an invaluable resource for scholars of late nineteenth century Ireland and Britain Divided into fifteen chapters including a biographical sketch the volume contains information on manuscript and archival collections printed primary sources Parnell's writing Parnell's speeches in the House
