

Milinda spoke thus to Devamantiya: "Well then, do you, Devamantiya, let the revered one know that tomorrow he must converse with the king in the palace." When he had said this, King Milinda rose from his seat and asked the Elder Nāgasena (for permission to depart)¹ and, mounting his horse repeating 'Nāgasena, Nāgasena,'² he departed. Then Devamantiya spoke thus to the venerable Nāgasena: "Revered sir, King Milinda speaks thus: Tomorrow there must be conversation in the palace." The Elder assented by saying: "It is well." Then Devamantiya and Anantakāya and Mankura and Sabbadinna³ approached King Milinda towards the end of that night, and when they had approached King Milinda they spoke thus to him: "Sire, shall the revered Nāgasena come?" [30] "Yes, let him come." "With how many monks shall he come?" "Let him come with as many monks as he likes." Then Sabbadinna said: "Let him come, sire, with ten monks." And a second time the King said: "Let him come with as many monks as he likes." And a second time Sabbadinna said: "Sire, let him come with ten monks." And a third time the King said: "Let him come with as many monks as he likes." And a third time Sabbadinna said: "Sire, let him come with ten monks."

"All this hospitality has been prepared and I say: 'Let him come with as many monks as he likes,' but although I have said this, Sabbadinna says otherwise. Are we not competent to give food to the monks?" When this had been said, Sabbadinna was ashamed.

(iv) Then Devamantiya and Anantakāya and Mankura

¹ *āpucchitvā*, a *Vin.* expression.

² *MilnT.* 8 says that according to Buddhaghosācariya the king said this to show his great respect for Nāgasena.

³ Rh.D. in *QKM.* i, p. xix says that the compound Ananta-kāya "may possibly be made up to represent Antiochos. What Mankura and Sabbadinna (called simply Dinna at *Miln.* 56) may be supposed to be intended for it is difficult to say." Lamotte, *Hist.*, p. 415, suggests Pacoros for Mankura, and Šabbadotos for Sabbadinna. Devamantiya appears to stand for Demetrius. There is no suggestion that any of these was a king.

accessibly on some of the most contentious topics in Buddhism guaranteed to ruffle some feathers Armed with his rigorous examination of the canonical records respected scholar monk Bhikkhu Analayo explores and sharply criticizes four examples of what he terms superiority conceit in Buddhism the androcentric tendency to prevent women from occupying leadership roles be these as fully ordained monastics or as advanced bodhisattvas the Mahayana notion that those who don t aspire to become bodhisattvas are inferior practitioners the Theravada belief that theirs is the most original expression of the Buddha s teaching the Secular Buddhist claim to understand the teachings of the Buddha more accurately than traditionally practicing Buddhists Ven Analayo challenges the scriptural basis for these conceits and points out that adhering to such notions of superiority is not after all conducive to practice It is by diminishing ego letting go of arrogance and abandoning conceit that one becomes a better Buddhist he reminds us no matter what tradition one may follow Thoroughly researched Superiority Conceit in Buddhist Traditions provides an accessible approach to these conceits as academic subjects Readers will find it not only challenges their own intellectual understandings but also improves their personal practice Collected

Bartholomeusz,1994-08-25 A lively examination of female world renunciation on Buddhist Sri Lanka *Thailand's Theory of Monarchy* Patrick Jory,2016-05-09 2016 CHOICE Outstanding Academic Title Since the 2006 coup d tat Thailand has been riven by two opposing political visions one which aspires to a modern democracy and the rule of law and another which holds to the traditional conception of a kingdom ruled by an exemplary Buddhist monarch Thailand has one of the world s largest populations of observant Buddhists and one of its last politically active monarchies This book examines the Theravada Buddhist foundations of Thailand s longstanding institution of monarchy Patrick Jory states that the storehouse of monarchical ideology is to be found in the popular literary genre known as the J takas tales of the Buddha s past lives The best known of these the Vessantara J taka disseminated an ideal of an infinitely generous prince as a bodhisatta or future Buddha an ideal which remains influential in Thailand today Using primary and secondary source materials largely unknown

in Western scholarship Jory traces the history of the Vessantara Jataka and its political cultural importance from the ancient to the modern period Although pressures from European colonial powers and Buddhist reformers led eventually to a revised political conception of the monarchy the older Buddhist ideal of kingship has yet endured *Mindfulness in Early Buddhism* Tse-fu Kuan, 2007-12-18 This book identifies what is meant by sati smṛti usually translated as mindfulness in early Buddhism and examines its soteriological functions and its central role in the early Buddhist practice and philosophy Using textual analysis and criticism it takes new approaches to the subject through a comparative study of Buddhist texts in Pali Chinese and Sanskrit It also furnishes new perspectives on the ancient teaching by applying the findings in modern psychology In contemporary Buddhism the practice of mindfulness is zealously advocated by the Theravada tradition which is the only early Buddhist school that still exists today Through detailed analysis of Theravada's Pali Canon and the four Chinese Agamas which correspond to the four main Nikayas in Pali and belong to some early schools that no longer exist this book shows that mindfulness is not only limited to the role as a method of insight vipassana meditation as presented by many Theravada advocates but it also has a key role in serenity samatha meditation It elucidates how mindfulness functions in the path to liberation from a psychological perspective that is how it helps to achieve an optimal cognitive capability and emotional state and thereby enables one to attain the ultimate religious goal Furthermore the author argues that the well known formula of ekaayaṇa magga which is often interpreted as the only way implies that the four satipaṭṭhānas establishments of mindfulness constitute a comprehensive path to liberation and refer to the same as kaayaḡataa sati which has long been understood as mindfulness of the body by the tradition The analysis shows that kaayaḡataa sati and the four satipaṭṭhānas are two different ways of formulating the teaching on mindfulness according to different schemes of classification of phenomena **Women in Early Indian Buddhism** Alice Collett, 2014 This volume is a broad ranging comparative study with translations of texts sections of texts and textual fragments that are concerned with women in early Indian Buddhism including study of texts in Gandhari Sanskrit Pali Chinese Tibetan and Sinhala Esoteric Theravada Kate Crosby, 2020-12-22 A groundbreaking exploration of a practice tradition that was nearly lost to history Theravada Buddhism often understood as the school that most carefully preserved the practices taught by the Buddha has undergone tremendous change over time Prior to Western colonialism in Asia which brought Western and modernist intellectual concerns such as the separation of science and religion to bear on Buddhism there existed a tradition of embodied esoteric and culturally regional Theravada meditation practices This once dominant traditional meditation system known as borāṇa kammaṭṭhāna is related to yet remarkably distinct from Vipassana and other Buddhist and secular mindfulness practices that would become the hallmark of Theravada Buddhism in the twentieth century Drawing on a quarter century of research scholar Kate Crosby offers the first holistic discussion of borāṇa kammaṭṭhāna illuminating the historical events and cultural processes by which the practice has been marginalized in the modern era **Words for the Heart** Maria Heim, 2022-08-16 A richly diverse
