Military Architecture

Eugene Emmanuel Viollet-Le-Duc

Military Architecture:

Modern Fortification: or, elements of military architecture, etc Sir Jonas Moore, 1689 **Roman Military Architecture on the Frontiers** Rob Collins, Matt Symonds, Meike Weber, 2015-11-30 The Roman army was one of the most astounding organizations in the ancient world and much of the success of the Roman empire can be attributed to its soldiers Archaeological remains and ancient texts provide detailed testimonies that have allowed scholars to understand and reconstruct the army's organization and activities This interest has traditionally worked in tandem with the study of Roman frontiers Historically the early imperial period and in particular the emergence of the frontiers has been the focus of research During those investigations however the remains of the later Roman army were also frequently encountered if not always understood Recent decades have brought a burgeoning interest in not only the later Roman army but also late antiquity more widely It is the aim of this volume to demonstrate that while scholars grappling with the late Roman army may want for a rich corpus of inscriptions and easily identifiable military installations research is revealing a dynamic less predictable force that was adapting to a changing world in terms of both external threats and its own internal structures The dynamism and ingenuity of the late Roman army provides a breath of fresh air after the suffocating uniformity of its forbears The late Roman army was a vital and influential element in the late antique empire Having evolved through the 3rd century and been formally reorganized under Diocletian and Constantine the limitanei guarded the frontiers while the comitatenses provided mobile armies that were fielded against external enemies and internal threats The transformation of the early imperial army to the late antique army is documented in the rich array of texts from the period supplemented by a perhaps surprisingly rich archaeological record *The Military Architecture of the Middle Ages: as Illustrated by Kenilworth, Warwick, and Maxtoke Castles, and the Other Military Remains in the County* George T. Robinson (F.G.H.S.), 1859 [An Essay on the Military Architecture of the Middle Ages](#) M. Macdermott, 2022-07-27 Reprint of the original first published in 1860 **An Essay on the Military Architecture of the Middle Ages** Eugène-Emmanuel Viollet-le-Duc, 1860 **An Essay on the Military Architecture of the Middle Ages Translated from the French of E. Viollet-le-Duc by M. MacDermott** Eugène Emmanuel Viollet-le-Duc, 1860 *An Essay on the Military Architecture of the middle ages. Translated from the French ... by M. Macdermott. With the original French engravings* Eugène Emmanuel VIOLLET-LE-DUC, 1860 *Stronghold* Martin Hubert Brice, 1984 *Military Architecture in England During the Middle Ages* A. Hamilton Thompson, 2025-08-18 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

Greek Architecture, Volume 2 Civil and Military Architecture Mussche, 2022-12-19 [Books on Military Architecture Printed in Venice](#) Paul Breman, 2021-10-25 In the great days of Italian fortification literature the century from Valle's first Venetian edition in 1524 to the appearance of Tensini in 1624 Venice accounted for roughly as many titles as the

rest of Europe together Books on fortification were a natural for the enterprising printer publishers of this city state free from the constraints of small minded princes and their paranoid insistence on state secrets This annotated catalogue describes 350 books published until the time when Venice ceased to be an independent state It provides massive documentation taking into account the many ghosts created by misprints or over zealous bibliographers and gives full collations extensive annotations and locations of copies of all entries An index of printers and a bibliographie raisonn e of the sources used appear at the end The thirty five illustrations are chosen for their relevance to the subject and range from early bastion traces to emblematic portraits Monumenta graeca et romana: Civil and military architecture David A.

Caccioli,2009 The Villanovan and Etruscan collections of the Detroit Institute of Arts not only represent an important source of Classical Antiquity in the United States but also serve as a historical model of how such artifacts were acquired by large American museums from the late nineteenth through mid twentieth centuries These collections provide museum visitors scholars and students with an indepth view into one of antiquity s most fascinating peoples the Etruscans and their predecessors The wide ranging collections contain artifacts from every aspect of Etruscan life such as utilitarian tools and weapons objects for personal adornment votive statuettes and cinerary urns to house the dead One statuette the Detroit Rider is considered to be among the finest surviving examples of Etruscan small sculpture The catalogue brings together all of these pieces for the first time with photographs and relevant bibliographic sources on their cultural and religious functions in antiquity **The Art of Siege Warfare and Military Architecture from the Classical World to the Middle Ages**

Michael Eisenberg,Rabei Khamisy,2021-01-13 The papers in this book present for the first time the world of warfare both defensive and offensive from the Classical periods to end of the Middle Ages in one collection These scholarships have attracted ancient writers and generals and nowadays historians archaeologists and researchers poliorcetics Military historiography and ancient manuals are well familiar from the Classical period throughout the Hellenistic great battlefields until the end of the Middle Ages the chronological scope of this codex The current book is the first to encompass this long array of time while trying to enrich the reader with the continuity development and regression in the different periods and spheres of the ancient poliorcetics and beyond the papers presented here are focusing on the physical fortifications besieging and defense techniques development and efficiency of ancient projectiles and sieging machinery battlefields and the historiographical evidence The X papers of the book are written by some of the best scholars in their field presenting here for the first time the results of their research in the west and in the east *Muslim Military Architecture in Greater Syria* Hugh

N. Kennedy,2006 This book investigates the Muslim castles of greater Syria from c 700 to c 1700 from archaeological and historical perspectives *Civil and military architecture* Georges Perrot,1883 *Medi eval Military Architecture in*

England George Thomas Clark,1884 **Military Architecture of the Middle Ages** Eugene Emmanuel

Viollet-Le-Duc,2002-12-01 Originally published in 1860 this book of military architecture features some truly spectacular

examples of Roman and Medieval fortifications including castles bastions and camps This remarkable work is a literal treasure trove of hard to find information on a litany of structures and defenses An essay on military architecture and the various modes of warfare is presented along with details of each conquest Representative of the best most heavily fortified embattlements that were constructed from the days of Caesar through the Sixteenth century this work includes engines of war towers cats walls and wooden ramparts drawbridges moats keeps and curtain walls of these castle forts and encampments It is illustrated with eye views of medieval engagements numerous sectional drawings as well as plans and has complete descriptions of these classic wood stone and mortar structures revealing their secrets Jesuits and Fortifications Denis De Lucca,2012-02-17 This book sets out to explore the contribution of the Society of Jesus to the dissemination of knowledge about military architecture in the Baroque age It shows how the Jesuits developed a militant form of religious expression targeted at protestants and infidels and how many Jesuit mathematicians assisted Catholic leaders by using the mathematical faculties attached to many colleges and seminaries for nobles to provide classroom and private teaching publications and even consultancies concerning fortification theory then considered to form part of the mathematical disciplines This book reveals that the involvement of many Jesuits in de re militari was widespread sometimes leading to criticism internal controversies and crises of conscience The interest of Jesuits in fortifications was discontinued after the 1773 1814 suppression period Military Architecture in England During the Middle Ages Alexander Hamilton Thompson,1912 *The Military Revolution and Revolutions in Military Affairs* Mark Fissel,2022-12-05 The Military Revolution and Revolutions in Military Affairs updates two central debates in military history the one surrounding the concept of military revolution and the one on military affairs whilst advancing original research in both fields Only a handful of publications consider the military revolution and the RMA in tandem This book breaks new ground conceptually and appeals to an exceptionally large and diverse readership Comparative revisionist studies of the military revolution and RMA better enable us to comprehend the historical continuum and reveal the new RMA for what it is And for what it is shortly to become This book presents original contributions within the epicentre of the military revolution debate the 1500s with an emphasis on gunpowder revolution offensively and defensively The connections with the Revolution in Military Affairs are then made explicit by scholars a practitioner and an analyst with an emphasis on airborne lethal autonomous weapons systems This is a chronologically broad and unique methodological approach to a historical debate that begs for clarification as we enter an era where killer robots will almost certainly take from humans their monopoly on violence

This Enthralling Realm of Kindle Books: A Comprehensive Guide Unveiling the Pros of Kindle Books: A World of Convenience and Flexibility E-book books, with their inherent mobility and ease of access, have liberated readers from the constraints of physical books. Gone are the days of carrying cumbersome novels or carefully searching for particular titles in shops.
