Military Decorations Of The Roman Army

J. E. Lendon

Military Decorations Of The Roman Army:

The Military Decorations of the Roman Army Valerie A. Maxfield, 1981-01-01 **The Roman Army at War** Adrian Keith Goldsworthy, 1998 This detailed examination of the way in which the Roman army operated during a war and how it fought a battle breaks away from existing studies which mostly concentrate on the army in peacetime and attempts to understand the army as an institution whose ultimate purpose was to wage war Adrian Goldsworthy explores the influence to the Roman army's organization on its behaviour during a campaign emphasizing its great flexibility in comparison to most of its opponents He considers the factors determining the result of a conflict and proposes contrary to orthodox opinion that the Roman army was able to adapt successfully to any type of warfare Following the technique pioneered by John Keegan in *The Face of Battle* 1976 Dr Goldsworthy builds up a precise picture of what happened during battle tactics employed weaponry leadership behaviour of individuals as well as groups of soldiers and of utmost importance morale Inside the Roman Legions Kathryn Milne, 2024-06-13 Takes the career of Spurius Ligustinus detailed by the Roman historian Livy as a focus giving a very human and empathetic approachability to the author's lucid and thorough analysis Inside the Roman Legions aims to tell the story of the Roman soldier through a holistic empathetic examination of what the experience of military service in the Middle Republic was really like It traces real examples of soldiers described in the ancient sources to reveal how they traveled how they were organized and what campaign objectives they faced Specifically the author follows the ordinary soldier Spurius Ligustinus whose life is related by the historian Livy as an example detailing the experiences of his career The book begins by discussing the young future soldier's background and what military values were conveyed to him through the prevailing culture of the time It then follows him through a range of potential experiences examining camp conditions and training with various types of weapons and armor and proceeds to take the reader through the experience of fighting in a pitched battle step by step It also addresses experiences that only some soldiers would have had such as escaping a total defeat deserting or being subject to unusual punishments Throughout the focus of the book is on how the individual might be shaped by the experiences as they are described **Leading the Roman Army** Jonathan Mark Eaton, 2020-07-30 The Roman imperial army represented one of the main factors in the exercise of political control by the emperors The effective political management of the army was essential for maintaining the safety and well being of the empire as a whole This book analyses the means by which emperors controlled their soldiers and sustained their allegiance from the battle of Actium in 31 BC to the demise of the Severan dynasty in AD 235 Recent discoveries have revolutionized our understanding of the Roman army This study provides an up to date synthesis of a range of evidence from archaeological epigraphic literary and numismatic sources on the relationship between the emperor and his soldiers It demonstrates that this relationship was of an intensely personal nature He was not only the commander in chief but also their patron and benefactor even after their discharge from military service Yet the management of the army was more complex than this

emperor soldier relationship suggests An effective army requires an adequate military hierarchy to impose discipline and command the troops on a daily basis This was of particular relevance for the imperial army which was mainly dispersed along the frontiers of the empire effectively in a series of separate armies The emperor needed to ensure the loyalty of his officers by building mutually beneficial relationships with them In this way the imperial army became a complex network of interlocking ties of loyalty which protected the emperor from military subversion *Soldiers and Civilization* Reed R Bonadonna,2017-05-15 *Soldiers and Civilization* covers the history of the military profession in the Western World from the ancient Greeks to the present day Drawing from military history sociology and other disciplines it goes beyond traditional insights to locate the military profession in the context of both literary and cultural history Reed Bonadonna maintains that soldiers have made an unacknowledged contribution to the theory and practice of civilization and that they will again be called upon to do so in important ways The comprehensive nature of the book and the extent to which Bonadonna draws on the disciplines of the humanities to make his points set this volume apart from others on the subject The military profession in its broadest consideration might be viewed as an interdisciplinary branch of the humanities A soldier is made of the words of history poetry and the laws and language of his calling With each new conflict the military may be called upon to preserve the values of civilization To fulfill its future role the military professionals of today must know heed and apply the examples and narratives of the most successful and exemplary military professionals of the past at their best *Soldiers and Ghosts* J. E. Lendon,2005-01-01 Sparta Macedonia and Rome how did these nations come to dominate the ancient world Lendon shows readers that the most successful armies were those that made the most effective use of cultural tradition **The Cambridge Illustrated History of Warfare** Geoffrey Parker,2021-08-05 The new edition of *The Cambridge Illustrated History of Warfare* written and updated by a team of nine distinguished military historians examines how war was waged by Western powers across a sweeping timeframe beginning with classical Greece and Rome moving through the Middle Ages and the early modern period down to the wars of the twenty first century in Afghanistan Iraq and Syria The book stresses five essential aspects of the Western way of war a combination of technology discipline and an aggressive military tradition with an extraordinary capacity to respond rapidly to challenges and to use capital rather than manpower to win Although the focus remains on the West and on the role of violence in its rise each chapter also examines the military effectiveness of its adversaries and the regions in which the West s military edge has been and continues to be challenged *Conflict in Ancient Greece and Rome* Sara Elise Phang,Iain Spence Ph.D.,Douglas Kelly Ph.D.,Peter Londey Ph.D.,2016-06-27 The complex role warfare played in ancient Greek and Roman civilizations is examined through coverage of key wars and battles important leaders armies organizations and weapons and other noteworthy aspects of conflict *Conflict in Ancient Greece and Rome* The Definitive Political Social and Military Encyclopedia is an outstandingly comprehensive reference work on its subject Covering wars battles places individuals and themes this thoroughly cross referenced three volume set provides

essential support to any student or general reader investigating ancient Greek history and conflicts as well as the social and political institutions of the Roman Republic and Empire The set covers ancient Greek history from archaic times to the Roman conquest and ancient Roman history from early Rome to the fall of the Western Roman Empire in 476 CE It features a general foreword prefaces to both sections on Greek history and Roman history and maps and chronologies of events that precede each entry section Each section contains alphabetically ordered articles including ones addressing topics not traditionally considered part of military history such as noncombatants and war and gender followed by cross references to related articles and suggested further reading Also included are glossaries of Greek and Latin terms topically organized bibliographies and selected primary documents in translation

Warfare and Culture in World History Wayne E. Lee, 2011-10 It has long been acknowledged that the study of war and warfare demands careful consideration of technology institutions social organization and more But for some the so called war and society approach increasingly included everything but explained nothing because it all too often seemed to ignore the events on the battlefield itself The military historians in **Warfare and Culture in World History** return us to the battlefield but they do so through a deep examination of the role of culture in shaping military institutions and military choices Collected here are some of the most provocative recent efforts to analyze warfare through a cultural lens drawing on and aggressively expanding traditional scholarship on war and society through sophisticated cultural analysis With chapters ranging from an organizational analysis of American Civil War field armies to the soldiers culture of late Republican Rome and debates within Ming Chinese officialdom over extermination versus pacification this one volume provides a full range of case studies of how culture whether societal strategic organizational or military could shape not only military institutions but also actual battlefield choices

The Republican Roman Army Michael M. Sage, 2013-01-11 The Republican Roman Army assembles a wide range of source material and introduces the latest scholarship on the evolution of the Roman Army and the Roman experience of war The author has carefully selected and translated key texts many of them not previously available in English and provided them with comprehensive commentaries and essays This wide ranging survey of documents recreates the social and historical framework in which ancient Roman warfare took place from the Archaic and Servian period through to the Late Republic The topics addressed extend beyond the conventional questions of army mechanics such as strategy and tactics and explore questions such as the army's influence on Roman society and its economy Complete with notes index and bibliography The Republican Roman Army provides students of Ancient and Military History with an unprecedented survey of relevant materials

The Cambridge History of Warfare Geoffrey Parker, 2020-06-04 The new edition of The Cambridge History of Warfare offers an updated comprehensive account of Western warfare from its origins in classical Greece and Rome through the Middle Ages and the early modern period down to the wars of the twenty first century in Afghanistan Iraq and Syria

Warfare and Culture in World History, Second Edition Wayne E. Lee, 2020-08-31 An expanded edition of the

leading text on military history and the role of culture on the battlefield Ideas matter in warfare Guns may kill but ideas determine when where and how they are used Traditionally military historians attempted to explain the ideas behind warfare in strictly rational terms but over the past few decades a stronger focus has been placed on how societies conceptualize war weapons violence and military service to determine how culture informs the battlefield Warfare and Culture in World History Second Edition is a collection of some of the most compelling recent efforts to analyze warfare through a cultural lens These curated essays draw on and aggressively expand traditional scholarship on war and society through sophisticated cultural analysis Chapters range from an organizational analysis of American Civil War field armies to an exploration of military culture in late Republican Rome to debates within Ming Chinese officialdom over extermination versus pacification In addition to a revised and expanded introduction the second edition of Warfare and Culture in World History now adds new chapters on the role of herding in shaping Mongol strategies Spanish military culture and its effects on the conquest of the New World and the blending of German and East African military cultures among the Africans who served in the German colonial army This volume provides a full range of case studies of how culture whether societal strategic organizational or military could shape not only military institutions but also actual battlefield choices

Roman Military Disasters Paul Chrystal, 2015-11-30 Over some 1200 years the Romans proved adept at learning from military disaster and this was key to their eventual success and hegemony Roman Military Disasters covers the most pivotal and decisive defeats from the Celtic invasion of 390 BC to Alaric's sack of Rome in AD 410 Paul Chrystal details the politics and strategies leading to each conflict how and why the Romans were defeated the tactics employed the generals and the casualties However the unique and crucial element of the book is its focus on the aftermath and consequences of defeat and how the lessons learnt enabled the Romans usually to bounce back and win

Brill's Companion to Military Defeat in Ancient Mediterranean Society Jessica H. Clark, Brian Turner, 2018-04-03 In Brill's Companion to Military Defeat in Ancient Mediterranean Society Jessica H Clark and Brian Turner lead a re examination of how Near Eastern Greek and Roman societies addressed or failed to address their military defeats and casualties of war Original case studies illuminate not only how political and military leaders managed the political and strategic consequences of military defeats but also the challenges facing defeated soldiers citizens and other classes who were left to negotiate the meaning of defeat for themselves and their societies By focusing on the connections between war and society history and memory the chapters collected in this volume contribute to our understanding of the ubiquity and significance of war losses in the ancient world

Military Honour and the Conduct of War Paul Robinson, 2006-07-28 This book analyses the influences of ideas of honour on the causes conduct and endings of wars from Ancient Greece through to the present day war in Iraq

The Oxford Handbook of Warfare in the Classical World Brian Campbell, Lawrence A. Tritle, 2017-07 This Handbook gathers 38 leading historians to describe analyze and interpret warfare and its effects in classical Greece and Rome

Maxwell, V.A., The military decorations of the Roman army Jürgen

Oldenstein,1986 **The Roman World 44 BC-AD 180** Martin Goodman,2013-06-17 The Roman World 44 BC AD 180 deals with the transformation of the Mediterranean regions northern Europe and the Near East by the military autocrats who ruled Rome during this period The book traces the impact of imperial politics on life in the city of Rome itself and in the rest of the empire arguing that despite long periods of apparent peace this was a society controlled as much by fear of state violence as by consent Martin Goodman examines the reliance of Roman emperors on a huge military establishment and the threat of force He analyses the extent to which the empire functioned as a single political economic and cultural unit and discusses region by region how much the various indigenous cultures and societies were affected by Roman rule The book has a long section devoted to the momentous religious changes in this period which witnessed the popularity and spread of a series of elective cults and the emergence of rabbinic Judaism and Christianity from the complex world of first century Judaea This book provides a critical assessment of the significance of Roman rule for inhabitants of the empire and introduces readers to many of the main issues currently faced by historians of the early empire This new edition incorporating the finds of recent scholarship includes a fuller narrative history expanded sections on the history of women and slaves and on cultural life in the city of Rome many new illustrations an updated section of bibliographical notes and other improvements designed to make the volume as useful as possible to students as well as the general reader Artifacts from Ancient Rome James B. Tschen-Emmons,2014-09-30 When Roman objects and artifacts are properly analyzed they serve as valuable primary sources for learning about ancient history This book provides the guidance and relevant historical context students need to see relics as evidence of long past events and society Artifacts from Ancient Rome is a unique social history that explores major aspects of daily life in a long ago era via images of physical objects and historical information about these items This book also affords hands on training on how to approach primary sources The author a historian also trained as an archaeologist begins by explaining the concept of using artifacts to understand and see the past and providing a primer for effectively analyzing artifacts Entries on the artifacts follow with each containing an introduction a description of the artifact an explanation of its significance and a list of further sources of information Readers of the book will not only gain a composite impression of daily life in ancient Rome through the study of artifacts from domestic life religion war transportation entertainment and more but will also learn how to best understand and analyze primary sources for learning *Voluntas Militum: Community, Collective Action, and Popular Power in the Armies of the Middle Republic (300-100 BCE)* Dominic M. Machado,2023-06-20 Scholars military men and casual observers alike have devoted significant energy to understanding how the armies of the Roman Middle Republic 300 100 BCE were able to function so effectively examining their organization hierarchy recruitment tactics and ideology in close detail But what about the concerns interests and goals of the soldiers who powered it The present study argues that the military forces of the Middle Republic were not simply cogs in the Roman military machine but rather dynamic and diverse social units that played a key role in shaping an ever changing Mediterranean world Indeed the soldiers

in the armies of this period not only developed connections with one another but also formed bonds with non military personnel who traveled with as well as inhabitants of the places where they campaigned The connections soldiers developed while on campaign gave them significant power and agency as a group Throughout the third and second centuries BCE soldiers took collective actions ranging from mutiny to defection to looting to ensure that their economic social and political interests were advanced and protected Recognizing the communities that Roman soldiers formed and the power that they exerted not only reframes our understanding of the Middle Republic and its armies but fundamentally alters how we conceptualize the turbulent years of the Late Republic and the massive social political and military changes that followed

The Enthralling World of E-book Books: A Detailed Guide Unveiling the Benefits of Kindle Books: A Realm of Ease and Flexibility Kindle books, with their inherent mobility and ease of availability, have liberated readers from the limitations of hardcopy books. Gone are the days of lugging bulky novels or carefully searching for specific titles in shops. E-book devices, stylish and portable, seamlessly store an extensive library of books, allowing readers to immerse in their preferred reads whenever, everywhere. Military Decorations Of The Roman Army Introduction

In the digital age, access to information has become easier than ever before. The ability to download Military Decorations Of The Roman Army has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Military Decorations Of The Roman Army has opened up a world of possibilities. Downloading Military Decorations Of The Roman Army provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a

button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Military Decorations Of The Roman Army has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Military Decorations Of The Roman Army. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Military Decorations Of The Roman Army. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Military Decorations Of The Roman Army, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Military Decorations Of The Roman Army has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Military Decorations Of The Roman Army Books

1. Where can I buy Military Decorations Of The Roman Army books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
