*Colonial connections, 1815-45* Zoë Laidlaw, 2013-07-19 This groundbreaking book challenges standard interpretations of metropolitan strategies of rule in the early nineteenth century After the Napoleonic wars the British government ruled a more diverse empire than ever before and the Colonial Office responded by cultivating strong personal links with governors and colonial officials through which influence patronage and information could flow By the 1830s the conviction that personal connections were the best way of exerting influence within

the imperial sphere went well beyond the metropolitan government as lobbyists settlers and missionaries also developed personal connections to advance their causes However the successive crises in the 1830s exposed these complicated networks of connection to hostile metropolitan scrutiny This book challenges traditional notions of a radical revolution in government identifying a more profound and general transition from a metropolitan reliance on gossip and personal information to the embrace of new statistical forms of knowledge The analysis moves between London New South Wales and the Cape Colony encompassing both government insiders and those who struggled against colonial and imperial governments

**Colonial Connections 1815-1845** Zoe Laidlaw,2005 This groundbreaking book challenges standard interpretations of metropolitan strategies of rule in the early nineteenth century By the 1830s the conviction that personal connections were the best way of exerting influence within the imperial sphere went well beyond the metropolitan government as lobbyists settlers and missionaries also developed personal connections to advance their causes **The Scots in South Africa** John M. MacKenzie,2013-07-19 The description of South Africa as a rainbow nation has always been taken to embrace the black brown and white peoples who constitute its population But each of these groups can be sub divided and in the white case the Scots have made one of the most distinctive contributions to the country s history Now available in paperback this book is a full length study of their role from the eighteenth to twentieth centuries It highlights the interaction of Scots with African peoples the manner in which missions and schools were credited with producing Black Scotsmen and the ways in which they pursued many distinctive policies It also deals with the inter weaving of issues of gender class and race as well as with the means by which Scots clung to their ethnicity through founding various social and cultural societies This book offers a major contribution to both Scottish and South African history and in the process illuminates a significant field of the Scottish Diaspora that has so far received little attention **Scots in the Polish-Lithuanian Commonwealth, 16th to 18th**

**Centuries** Peter Paul Bajer,2012-03-02 This book offers an examination of Scottish migration to the Polish Lithuanian Commonwealth numbers of migrants patterns of settlement laws regulating their presence their activities their social advancement into the Polish nobility their assimilation and then the eventual disappearance as a distinct ethnic group in Poland Lithuania **Managing Mobility in Early Modern Europe and its Empires** Katja Tikka,Lauri Uusitalo,Mateusz Wyżga,2023-12-16 This book examines how migration and mobility were controlled supported and restricted in early modern Europe and European colonies The aim of the book is to investigate how different actors such as rulers regional lords local authorities and corporations tried to regulate different forms of mobility and how those on the move reacted to these attempts The book examines the agency of both the authorities and the migrants shifting focus between the macro and the micro level The chapters will also illuminate the ways gender religion language ethnicity occupation and socioeconomic status were entangled in the regulations concerning mobility Control of migration is inextricably linked with power relations In this book mobility is seen as a wide social process which covers daily or seasonal movement as well as less or more stable

migration      **Across the German Sea** Kathrin Zickermann, 2013-04-15 In *Across the German Sea* Early Modern Scottish Connections with the Wider Elbe Weser Region Zickermann analyses the commercial maritime and military relations between Scotland and the German cities Hamburg Bremen and territories Bremen and Verden Holstein Braunschweig Lüneburg located alongside the lower parts of the rivers Elbe and Weser Based on a wealth of British German and Scandinavian archival material the study demonstrates the importance of the region for Scottish commodity exchange and network building across political borders whilst contributing significantly to our understanding of the formation of Scottish communities abroad It also shows that Scottish commercial political military and religious activities within the region which featured a Danish Norwegian and Swedish dimension were intertwined and cannot be studied in isolation
