**Military Holsters of World War II** Eugene J. Bender,1984-01-01      **World War II US Army Combat Equipments**

Gordon L. Rottman,2016-02-25 A soldier's web gear is as important to his ability to live and fight on the battlefield as are his clothing and weapons In World War II the US Army issued equipment items that had originated in 1910 though modified and augmented in the 1920s and 1930s and again during the war itself as a result of combat experience This book describes and illustrates the great majority of the personal equipment provided for infantry riflemen GIs armed with other weapons and their ammunition bearers officers and medics In addition to the web gear itself it covers canteens mess kit and first aid items weapons related and other specialist items the long struggle to produce a practical backpack bivouac and shelter gear and the most commonly carried tools The text also explains the basics of materials colors markings nomenclature and weights for the guidance of collectors It is illustrated with wartime photos and color close ups and the wide ranging color plates specially prepared for this book offer more than 130 images

**The US Army in World War II (2)** Mark Henry,2012-09-20 It was the Mediterranean theatre which saw the blooding of the US Army against the German Wehrmacht in North Africa in winter 1943-44 After this rough education the US forces pressed on to Sicily the South of France and the Italian mainland Here faced by difficult terrain they and their British Commonwealth allies fought a long campaign until VE Day This second of a series of three MAA titles covers the uniforms worn on these fronts including US Army cold weather airborne and tankers gear some particularly interesting and important units including mountain Japanese American and African American troops and a variety of crew served weapons Men at Arms 342 347 and 350 are also available as a single volume special edition as The US Army in World War II

**United States Army in World War II.** ,1955      **Pistols** Jeff Kinard,2004-11-23 The development of the pistol helped bring the age of the armored knight to an end provided the elite with a status symbol of dangerous glamour and inspired both artisans and industrialists to reach new heights of invention Pistols follows the evolution of personal sidearms in Europe the United States and Asia from medieval era hand cannons with their clunky ignition systems to the revolutionary Colt revolvers of the 19th century to the modern semiautomatic weapons of today Full of fascinating insights and details this work shows how pistols brought about the decline of knights in armor and ultimately replaced the sword on the battlefield The book also explores the pistol's astonishing democratization as it moved from being a luxury item of the nobility to standard issue for soldiers to a mass produced commodity and source of intensive corporate competition Along the way readers meet the many colorful characters often eccentric geniuses who devoted themselves to pistol development
