Who's who in Finance and Industry, 1995 War Horse Louis A. DiMarco, 2008 **War Horse** Phil Livingston, Edward R. Roberts, 2003 *War Horse* is exactly researched lavishly illustrated with over 130 archival photographs and is written with thoroughness excitement and many humorous anecdotes **Heroic Horses** Duncan Forer, 2019-02-28 *Heroic Horses* tells the tale of a number of military horses and their contributions in a range of wars and conflicts across the globe from the Napoleonic era to the Korean War The book recounts the stories and exploits of some famous war horses and some far less well known along with those of their riders and in so doing describes the history of those wars and campaigns The theme is the heroic nature of the horses service and how different breeds have made varying contributions based upon the breed characteristics and the individual nature of the mounts concerned The breeds of horses which feature include Thoroughbreds Arabians Basuto Ponies Mustangs Australian Walers South African Boerpeerds Hunters Appaloosas and even a Mongolian Pony along with mentions of numerous others The objective is to tell the war story from the horse's perspective and hence understand the campaigns from an equine perspective This is the first book that will tell

the stories of many equine heroes rather than of a particular horse and the first to base the history not only around the war concerned but also around the breed The first chapter focuses on the life of the Duke of Wellington's Thoroughbred Copenhagen who carried him through the Peninsula and the 100 Days of the Waterloo Campaign The descendant of one of the most famous racehorses of all time Eclipse through Copenhagen we learn of the early development of the Thoroughbred racehorse and then of the Duke of Wellington's military career culminating at Waterloo Finally we enjoy Copenhagen's years of fame as an equine superstar Next the book considers the Crimean War Despite his many flaws it took great courage for Lord Cardigan to lead his cavalry into the Russian guns at Balaclava We hear his story from the perspective of the incredibly honest and brave Thoroughbred Ronald who led the Charge of the Light Brigade We hear of Ronald's life the Crimean War and also the story of another Thoroughbred who charged that day Sir Briggs An ex Steeplechaser owned by Lord Tredegar through Sir Briggs we learn something of the early development of the sport of Steeplechasing Turning to the United States we discuss the remarkable career of the Mustang Tartar from surviving the winter snows of the Utah campaign against the Mormons in 1857-8 and on through the entire Civil War The stories of other equine battlers of the war are also told including General Meade's horse Old Baldy who saw action in nine major battles before we move back out west to discover how after the Fetterman Massacre at Fort Phil Kearny John Portugee Phillips rode Dandy for three days and nights through snow drifts and sub zero temperatures to raise help from Fort Laramie They arrived on Christmas day but the effort was too much for poor Dandy who collapsed dead of exhaustion on arrival Staying in the west we discuss possibly the most famous military Mustang of all Comanche the only survivor of Custer's Last Stand at the Battle of the Little Bighorn The mount of Captain Myles Keogh through Comanche we retell the story of both Keogh and Custer and in so doing learn much about the Mustang breed and Indian Warfare on the Great Plains Finally despite his many wounds it is a story with a happy ending as Comanche enjoyed a celebrated retirement as mascot for the 7th Cavalry A year after the Little Bighorn the peaceable Nez Perce tribe of Idaho who were provoked into conflict and gave the US Army a consummate lesson in mobile mounted warfare Accomplished horse breeders they had developed the spotty Appaloosa from native stock into a hard sure footed breed of great endurance and adaptability Throughout 1877 on their Appaloosas they were to out run the US Army over 1700 miles of Idaho Wyoming Yellowstone and Montana for 113 days defeating the soldiers on numerous occasions despite being outnumbered We discover the history of this remarkable breed and tell the story of this epic campaign of maneuver and endurance which culminated in their defeat and capture just 40 miles from the Canadian border Turning to the Zulu War the book looks at the Basuto breed With the British Central Column defeated by the Zulus at Isandlwana and the southern column besieged at Eshowe Lord Chelmsford hoped that Colonel Wood's Northern Column might provide some much needed success In one of the lesser known battles of the Zulu War the then Lieutenant Colonel Redvers Buller led his men to the summit of Hlobane plateau in the hope of capturing Zulu cattle What he discovered was a Zulu Impi which trapped his

mounted infantry and left them with the 400ft knife edge drop of the Devil's Pass as their only escape. On his brave sure-footed Basuto Pony Warrior Trooper George Mossop leapt down that pass and despite impaling himself Warrior went on to carry Mossop the 12 miles to safety at Khambula. The chapter covers the history of this campaign and the development of the Basuto breed along with the story of how Buller won his VC that day. Next we turn to the breed of endurance specialists the Arabian Horse and describe how it contributed to British Colonial conflicts in the later nineteenth century. Vonoliel was the Arabian that carried Lord Frederick Roberts 300 miles across Afghanistan to Kandahar to win a famous victory. Also there on that campaign was Lt Col Francis Brownlow of the 72nd Highlanders who rode his remarkable chestnut Arabian Maidan who had been bred in the Nejd of Saudi Arabia. A remarkable horse that was born in 1869 and had already won many races. Maidan went on to further campaigns and to win many more races before his death in England. Finally we hear of Maharajah the Arabian mount of the Imperial Yeoman Captain Jack Seely. Against the Imperial Yeomanry were the Boer Commandos of Christian De Wet on their mobile hardy Boerperds. Maharajah carried Jack throughout his tour in the equine holocaust of the 2nd Boer War and was one of the few horses to return home. The story of horses in World War I has become associated with the futility of the charge against trenches, machine guns and barbed wire. However in the Middle East where mobility was key, cavalry had notable success such as that of the Australian Light Horse at Beersheba on 31st October 1917. Trooper Sloan Scotty Bolton charged that day on his Waler horse Monty and we tell their story as has been told in the 1987 feature film *The Light Horsemen*. We tell of the development of the Waler breed and their adaptability to the desert and also of the contribution of British cavalry such as the magnificent charge of the Queen's Own Dorset Yeomanry at Agagia against the Senussi tribe in Egypt. In addition to describing Allenby's cavalry campaigns we also link back to the story of the now General Jack Seely and hear of the equally heroic and magnificent but sadly more costly charge of Lord Strathcona's Horse of the Canadian Cavalry Brigade at Moreuil Wood on the Western Front. Closer to a scene out of Spielberg's *Warhorse* we describe how Lieutenant Gordon Flowerdew earned his VC on 31st March 1918 and helped to stop the German advance on the Western Front. Equine involvement in war did not cease with the Treaty of Versailles. An Italian Equestrian of Olympic standard named Amadeo Guillet was to show that in the terrain of Abyssinia mounted troops could still be successful. In telling his story we describe the Abyssinian Crisis of 1935 and how on Christmas Day he charged on his Arabian Sandor to defeat Haile Selassie's troops at Selaclaca Gorge. Subsequently during the Second World War again astride Sandor he charged with over 500 mounted men against British and Indian troops in armoured cars and tanks at Keru, throwing grenades as they went. Our final equine hero comes from the US Marine Corps at Outpost Vegas during the Korean War. Purchased by 2nd Lt Eric Pedersen of the Recoilless Rifle Platoon of the Anti-tank Company of the 5th Marine Corps, Sergeant Reckless was a chestnut Mongolian pony from the racecourse at Seoul who was trained to carry 75mm ammunition. On 25 March 1953 Sgt Reckless carried those shells by himself without being led across paddy fields and up steep hills a

distance of 1 800yds He made that trip 51 times carrying wounded men back down as he went and earning two purple hearts for his wounds in the process Back in the USA at the end of the war he was a highly decorated veteran and celebrity who in 1990 was ranked by Life Magazine as one of the top 100 US heroes of all time alongside Washington and Lincoln The book should appeal to anyone with a general interest in military history who is after a new perspective on otherwise familiar or in some cases little known history However the book is written in such a way that it will also be of interest to anyone with a love of horses or equestrian pursuits With the courage of horses not limited to one nation there are stories from across the English speaking world notably UK USA Australia South Africa Canada and New Zealand It should also appeal to the Arabian world due to the many references to Arab horses and there is even the story of an heroic Arabian owned by an Italian By telling the story of conflicts with the horse as the protagonist Heroic Horses brings alive the histories for a wider range of readers than would be the case if the viewpoint were that of the rider In focusing on the stories of the horses rather than the riders Heroic Horse in nonfictional form taps into the same spirit as Michael Murpogo s War Horse the tale of the fictional horse Joey These real stories of equine endeavor are equally moving and since they relate to an innate and global human affection for the horse and enable to horrors and gallantry of war to be examined afresh from the perspective of the morally blameless servant of the soldier The Military Horse Frederick Hooper,1976 The Horse in War D. S. Tambllyn,2011-12 The last great war of the horse The role of the war horse particularly during its twilight years during the First World War has recently become the focus of much interest All armies have used horses in wartime as cavalry and mounted infantry as officers chargers for artillery or for transport and supply Some large nations because the horse formed a central role in its domestic life became more associated with horses and horsemanship in the period when mechanised transport was making its first halting appearance onto the field of conflict Russia was famous for its Cossacks and among the countries of the British Empire and Commonwealth the accomplished riders of Australia New Zealand and especially noteworthy Canada the home of the author of this book Naturally the author is concerned with the activities of the Canadian Cavalry Brigade but his book examines in detail the role of horses in every aspect of the Great War He was not oblivious to the suffering of horses in war though he clearly demonstrates a great affection for them in their military role The book concludes with pictures and vignettes of individual horses of renown in the Canadian Army and a short piece on the service of dogs Leonaur editions are newly typeset and are not facsimiles each title is available in softcover and hardback with dustjacket our hardbacks are cloth bound and feature gold foil lettering on their spines and fabric head and tail bands

My Heart Is Too Full to Say More Lyne Raff,2010-09-20 The book examines the role of the horse in the American Civil War from 1861 1865 Each chapter considers aspects and impact of the horse s place in the war and the aspects surrounding these magnificent animals including maintenance logistics emotional and psychological Richly illustrated with rare photographs the book is an overview of the military horse in the tumultuous years of the War Between the States *Horses*

of the Great War John Fairley, 2015-10-30 *Horses of the Great War* explains the contribution of countless innocent horses using superb contemporary painting by artists such as Sir John Lavery Sir Alfred Munnings and Stanley Spencer These works supported by informed commentary tell how the horses were rounded up how the cavalry halted the German advance in 1914 and again in 1918 how the turks were overwhelmed in the deserts of Palestine and Arabia Most significantly the Western Front relied on horses for supply of everything from shells and ammunition to food and water in atrocious and perilous conditions While the vets kept the surviving horses alive and well in the end vast numbers were slaughtered or sold *Ben, the Battle Horse* Walter Alden Dyer, 2012-10-01 *The Horse at Gettysburg* Chris Bagley, 2021-08-03 Horses are one of the many unsung heroes of the American Civil War These majestic animals were impressed into service trained prepared for battle and turned into expendable implements of war There is more to this story however When an army s means and survival is predicated upon an animal whose instincts are to flee rather than fight a bond of mutual trust and respect between handler and horse must be forged Ultimately the Battle of Gettysburg resulted in thousands of horses killed and wounded Their story deserves telling from a time not so far removed *The War Horse* Lester L. Miller, 1983 *War Horse* Michael Morpurgo, 1982 World War I has started and the military needs horses to move equipment charge the enemy and carry wounded soldiers off the battlefield Joey a farm horse is sold to the Army Joey misses the farmer s son Albert and spends the war years wondering if the war will ever end and if he will ever see Albert again **Arthur Simmons** Jane E.
