B. Yates,1920 **George Cole - The World Was My Lobster: The Autobiography** George Cole,2013-10-17 The World was my Lobster tells the story of George Cole s more than 70 years in the acting profession that began with a walk on part at the age of 14 in the stage musical The White Horse Inn in 1939 and continues today having included such roles as David Bliss in the radio and television versions of A Life of Bliss Flash Harry in

the St Trinian's films and Arthur Daley in television's Minder. Adopted when he was only 10 days old, George Cole grew up in south London in the 1920s. On the day he left school, he saw a newspaper advertisement seeking a small boy to join the cast of *The White Horse Inn* and was selected the following day. A year later, he found himself in the West End play *Cottage to Let*, playing a cheeky wartime evacuee. Here he met legendary comic actor Alastair Sim, who with his wife took him as an evacuee in their country house and coached him in the finer skills of acting. A flurry of films and theatre performances in the late 1940s after his RAF service culminated in a memorable role as a young Ebenezer Scrooge in the classic 1951 film *Scrooge* alongside Sim. Henry V, *Cleopatra* with Elizabeth Taylor, *Don't Forget to Write*, *Blott on the Landscape*, *Henry Root* and *Dad* are among other titles for which he is well known. But it was in 1979 that he landed the role that would elevate him to international recognition when he was offered the role of Arthur Daley in Thames Television's new series *Minder* alongside Dennis Waterman. In *The World was my Lobster*, a title taken from a classic line in a *Minder* episode, George Cole talks candidly, humorously and sensitively about his adoption, his life, his roles and many of the people he has worked with throughout his long career.

Pain and Memory Gregory Tague, 2009 From the PREFACE by Fredericka A. Jacks publisher
These writers recall not only the suffering but also the courage demonstrated by those who are sick and by those who participate in their illness. The writings consistently reminded us in some ways of Paul Tillich's expression and the title to one of his books, *The Courage to Be*. In many of these writings, the reader will be grasped by the human need for connection and the desire for existential meaning when confronted with pain and suffering. In pain, we suffer a fear of non-existence and want to forget, but in the anxiety of forgetting, we risk denying life. From the FOREWORD by John F. Lennon
PAIN AND MEMORY refuses to shy away from looking at those tender moments of pain. Whether it is unflinchingly writing about the moment of death, Mack the Hermit, or trying to come to grips with the loss of a loved one, Cartography, or the reeling that happens at the end of a relationship, Heartless, or attempting to understand an injury, After the Accident, or finding the exact words to discuss the feeling of being abandoned, Kiribiri, this anthology does not Hollywoodize pain or sanitize its imprint on those who are affected by it. Instead, these stories pull back the gauze that hides the day-to-day wounds of our lives, and with surgical precision, allows us to viscerally experience them. In the process, what this anthology will allow us to do as readers is revisit our own stories that we comfortably tell and retell, forcing us to dissect our own memories under the harsh light of truth. And if we are brave enough to look at this pain as these authors do, what we might discover is a strength that reveals itself at the core of our humanity. After all, if it is true that from our birth to our death, we are wrestling with pain, then as these stories can attest, we are also spending every second of this time persevering as well.

My Memoirs Charles Frederick Foreman, 2008-12 Fred Foreman was born just before the great depression on the family farm near Blue Rapids, Kansas. His story, written for his grandchildren, starts with the difficult economic times for his family during his youth. He describes the feelings of a young lad in his late teens who was desperately needed at home to help his family and could see no

independence for himself until he was drafted into the military in 1942. It was there that he gained confidence in his own abilities and following four years of service he took advantage of the G I Bill earning B S and M S degrees from Kansas State University and the PhD at the University of Missouri in just five years. He served on the faculties of Kansas State University, the University of Missouri and the University of Minnesota before his 31 years at Iowa State University. During his career Foreman was recognized by Iowa State University, The National Dairy Shrine, The American Dairy Science Association and the University of Missouri for his student teaching, academic advising and leadership contributions to the dairy industry. During his professional career he developed skills in the physical evaluation of dairy cattle and he describes some of his experiences in this work in 43 states and 14 foreign countries.

Memoirs of an Eighteenth Century Footman John MacDonalD, 2005. The memoirs of John Macdonald provide a rich panorama of life in the company of blind fiddlers, maid servants, the Scottish aristocracy, soldiers, historians, Oriental Princes, servants of the East India Company and men of great wealth.

The Memoirs and Travels of Mauritius Augustus, Count de Benyowsky Maurice Auguste comte de Benyowsky, 1898. Memoirs of seventy years of an eventful life Charles Hulbert, 1852. **Memoirs of seventy years of an eventful life ... Illustrated, etc** Charles HULBERT, 1852. *Memoirs of an American Cowboy* Sherman Hand, Steven A. Hand, 2008-11. These stories represent a small portion of the life and times of a man who impacted a lot of people's lives from family, neighbors, life-long friends and recent acquaintances. He has left his mark whether it was in the mountains of Wyoming, the prairies of Nebraska or a stretch of highway in South Dakota. They would not be what they are now in part for who he was. He saw the better part of a century when the United States was coming into its own, internationally brought electricity to the country and met with two of its greatest battles on its own turf. He has seen man go to depths in the ocean never before possible and soared to heights far into our galaxy. He has seen the development of television and computers and global positioning satellites. What an ever growing world his generation has left for us and what broad shoulders on which we are able to stand. This second edition reflects the editor's thoughts and sentiments after the death of his two grandparents and so puts a final chapter to close the book.

The Farmer's Cabinet, and American Herd Book, 1837. **Memoirs of Peasant Tolstoyans in Soviet Russia** William Benbow Edgerton, 1993-09-22. Following the 1917 revolution thousands of Leo Tolstoy's Russian followers, intellectuals and peasants, workers and former soldiers inspired by his ideas about the great moral significance of productive labor, joined together in agricultural communes believing that they would implement the ideals proclaimed by the Russian revolution: the building of a humane, stateless society free of violence and exploitation. The goals of the Tolstoyans soon came into conflict with the policies of the Soviet state. With the forced collectivization of agriculture in the late 1920s most of the Tolstoyan cooperatives were closed down; however one group, the Life and Labor Commune, was permitted to relocate to Siberia where it became a haven for Tolstoy's peasant followers until it too was shut down on the eve of World War II. Persecuted by the authorities and frequently arrested and imprisoned during the 1930s.

members of the Life and Labor Commune persisted in their pacifist beliefs vegetarianism and commitment to farming The powerful and moving memoirs presented here throw light on a long suppressed chapter in the history of Tolstoy's religious and social influence in the Soviet Union They also document the history of the Russian peasantry from what appears to be a unique source the peasants themselves [Memoirs of the Philadelphia Society for Promoting Agriculture](#) Philadelphia Society for Promoting Agriculture, 1826 Vol 1 includes a statistical account of the Schuylkill Permanent Bridge
