Bonnell, 2014-09-24 A small river in a big city the Don River Valley is often overlooked when it comes to explaining Toronto's growth With Reclaiming the Don Jennifer L Bonnell unearths the missing story of the relationship between the river the

valley and the city from the establishment of the town of York in the 1790s to the construction of the Don Valley Parkway in the 1960s Demonstrating how mosquito ridden lowlands frequent floods and over burdened municipal waterways shaped the city s development Reclaiming the Don illuminates the impact of the valley as a physical and conceptual place on Toronto s development Bonnell explains how for more than two centuries the Don has served as a source of raw materials a sink for wastes and a place of refuge for people pushed to the edges of society as well as the site of numerous improvement schemes that have attempted to harness the river and its valley to build a prosperous metropolis Exploring the interrelationship between urban residents and their natural environments she shows how successive generations of Toronto residents have imagined the Don as an opportunity a refuge and an eyesore Combining extensive research with in depth analysis Reclaiming the Don will be a must read for anyone interested in the history of Toronto s development **From Queenston to**
