An Examination of J. S. Mill's Philosophy, being a defence of Fundamental Truth
James McCosh, 1866

Suicide or Murder
Ian Ross Vayro, 2023-07-21
Mina, a Lufthansa flight attendant, and Adam, a trainee police detective, establish a loving relationship formed around an astounding story purported to be true that boggled police investigators and medical examiners in LA. The story investigates the legal ramifications associated with a bizarre death that was chosen as the most unusual case on record for presentation at the 25th Anniversary dinner of the American Association of Forensic Scientists. It may be difficult to envisage a growing romance within the confines of a murder mystery, however, the unusually volatile pressures and emotions that surround this case are in fact the perfect vehicle to exhibit the unique personalities of the involved characters. This story is sometimes bizarre and sometimes amusing, and it becomes quite difficult to keep in mind that a large part of it is claimed to have really happened.
