Unbecoming Women unpacks the ideological baggage of the Bildungsroman and turns to conduct books and novels of development by women for a new poetics of growing up In subtle readings of works by Frances Burney Jane Austen Charlotte Bronte and George Eliot Fraiman argues that a heroine's progress toward masterful selfhood is by no means assured Focusing on counternarratives in which girls do not enter the world so much as flounder on its doorstep Fraiman suggests that becoming a woman involves de formation disorientation and the loss of authority Written with grace and theoretical mastery Unbecoming Women emphasises the dialectical as well as subversive aspects of a genre long considered homogeneous The result is a compelling contribution to feminist genre criticism that charting female destiny in Georgian and Victorian texts also postmodernizes the novel of development

[Sex Scandal](#) William A. Cohen,1996 Never has the Victorian novel appeared so perverse as it does in these pages and never has its perversity seemed so fundamental to its accomplishment By viewing this fiction alongside the most alarming public scandals of the day Cohen exposes both the scandalousness of this literature and its sexiness In narratives ranging from Great Expectations to the Boulton and Park sodomy scandal of 1870 71 from Eliot s and Trollope s novels about scandalous women to Oscar Wilde s writing and his trials for homosexuality Cohen shows how in each instance sexuality appears couched in coded terms He identifies an assortment of cunning narrative techniques used to insinuate sex into Victorian writing demonstrating that even as such narratives air the scandalous subject they emphasize its unspeakable nature Written with an eye toward the sex scandals that still whet the appetites of consumers of news and novels this work is suggestive about our own modes of imagining sexuality today and how we arrived at them **BOOK JACKET** **Imperialism at Home** Susan Meyer,1996 The implicit link between white women and the dark races recurs persistently in nineteenth

century English fiction Imperialism at Home examines the metaphorical use of race by three nineteenth century women novelists Charlotte Bront Emily Bront and George Eliot Susan Meyer argues that each of these domestic novelists uses race relations as a metaphor through which to explore the relationships between men and women at home in England In the fiction of for example Anthony Trollope and Charles Dickens as in nineteenth century culture more generally the subtle and not so subtle comparison of white women and people of color is used to suggest their mutual inferiority The Bronte sisters and George Eliot responded to this comparison Meyer contends transforming it for their own purposes Through this central metaphor these women novelists work out a sometimes contentious relationship to established hierarchies of race and gender Their feminist impulses in combination with their use of race as a metaphor Meyer argues produce at times a surprising if partial critique of empire Through readings of Jane Eyre Wuthering Heights The Mill on the Floss Daniel Deronda and Charlotte Bront s African juvenilia Meyer traces the aesthetically and ideologically complex workings of the racial metaphor Her analysis is supported by careful attention to textual details and thorough grounding in recent scholarship on the idea of race and on literature and imperialism The Mill on the Floss George Eliot,1895

George Eliot's Early Novels U. C. Knoepfmacher,2024-03-29 This study shows how George Eliot a leader in the nineteenth century intellectual world of Darwin and the Industrial Revolution wrestled in her early novels with the esthetic problems of reconciling her art and her philosophy Attempting in her fiction to reproduce the real temporal world she lived in George Eliot also tried to reassure herself and her readers that their godless modern world still operated according to higher moral laws of justice and perfectibility U C Knoepfmacher examines here for the first time in sequence George Eliot s development of increasingly sophisticated forms of fiction in her efforts to reconcile the two conflicting orientations in her thought We see this popular novelist as she progressed artistically from the flawed Amos Barton in 1857 up to the balance she achieved in Silas Marner in 1861 And we discover her in the context of her literary antecedents and surrounding in a way that brings many new affiliations to light particularly the connection of her novels to the writings of Milton the Romantic poets and her contemporaries Arnold and Carlyle Professor Knoepfmacher thoroughly discusses each work in George Eliot s first stage bringing new attention to minor works like *The Lifted Veil* and *Scenes of Clerical Life* and fresh insights to such well known works as *Adam Bede* *The Mill on the Floss* and *Silas Marner* This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1968 *The Mill on the Floss* George Eliot,2018-02-08 The novel details the lives of Tom and Maggie Tulliver a brother and sister growing up on the river Floss near the village of St Oggs evidently in the 1820s after the Napoleonic Wars but prior to the first Reform Bill 1832 The novel spans a period of 10 15 years from Tom and Maggie s childhood up until their deaths in a flood on the Floss The book is
