Millennial Hospitality Iv Charles James Hall,2007-10-30 In the first three volumes of his memoirs concerning experiences while serving at Nellis Air Force Base Charles Hall gave astonishing testimony of having met with Tall White extraterrestrials located at a secret underground facility at Nellis Three independent witnesses have come forward to confirm important parts of Hall s testimony Hall is a credible witness of extraterrestrials having reached agreements with military officials This fourth volume offers more startling details that help confirm his experiences and help usher in new era of official disclosure of extraterrestrial life Micheal E Salla Ph D President and Founder The Exopolitics Institute Charles Hall s report Millennial Hospitality I III of his encounters and deep interactions with tall humanoid beings living on the Earth remains without serious challenge to this day And this is remarkable as its implications are so radical they reveal an entrenched presence in the American Southwest that predates the arrival of Euro Americans in the area and that continues with covert protection and support from the government while maintaining communications with a distant home location Hall s powerful and entirely self consistent narrative filled with surprising and revealing detail is so impressive that I have chosen it as the only example of modern human ET contact to receive major coverage in my web pages Gerry Zeitlin Open Seti Initiative It is possible that eventually

How to Talk to an Alien Nancy du Tertre, 2015-10-19 Even for nonbelievers the author's palpable excitement over the subject matter is endearing and entertaining Ufologists won't want to miss this work Foreword Reviews In 1972 American astronomer and ufologist J Allen Hynek first coined the term close encounter He also identified three types of close

encounters with UFOs Since then several more types of encounters have been proposed A close encounter of the fourth kind is an alien abduction A closer encounter of the fifth kind is voluntary bilateral contact with an alien species We are no longer just looking at strange flying objects in the skies now we are beginning to interact with the actual pilots crew and passengers Do aliens exist In 2013 one poll showed that nearly half of all Americans 48 percent believe UFOs may be a sign of extraterrestrial visitation another found that 10 percent of Americans claim to have actually witnessed an actual UFO and yet another showed that 2.9 million Americans believe they had actually been abducted by aliens If aliens exist and are visiting us we need to talk Who will speak to them on behalf of planet Earth Who can translate their intentions good or evil toward the human race How can we learn about their advanced technologies Can aliens speak human languages These and even more fascinating questions are all addressed in *How to Talk to an Alien* Nancy du Tertre covers the various considerations involved with extraterrestrial communication including the use of alien technology ET linguistics and the possibility of using telepathy and dreams Her handbook for the future should be on every thinking person's bookshelf Jim Marrs New York Times bestselling author

Walking Through Walls and Other Impossibilities Milton E. Brener, 2011-06-09 The goal of the aliens among us is not the study of Earth for purely academic purposes It is something more vital to the aliens and more portentous for us The picture that emerges from much research makes sense of several aspects of the alien presence previously quite puzzling They apparently are a dying race inhabiting a dying planet They have undoubtedly mastered physical forces and phenomena of

which we have not even dreamed But it has come at a terrible cost Their emotional life has been all but lost existing only as a faint remnant from a long distant past They may pity our hopelessly primitive technology but they envy us our robust emotional life Like all living things everywhere they live for the perpetuation of their genes They do not hate us nor do they seek our destruction They seek to create a race of hybrids combining their scientifically superior minds with our rich emotional makeup The ridicule of the entire subject by the government and other forces fearful of upheaval in our society has aggravated the suffering of those chosen and victimized by the aliens who apparently seek ineptly sometimes to minimize it The author combines this scholarly approach with an almost folksy narrative style to make Walking Through Walls a very readable and approachable treatise on the phenomena as good as any book on the subject and far more skillfully written than most including those Brener has referenced most frequently Bud Hopkins Intruders and Philip Corso s The Day after Roswell
