Van Der Toorn, 1996 This study of family religion in the Babylonian Ugaritic and Israelite civilizations opens up a little studied province of ancient Near Eastern religion By focusing on the interaction between family religion and state religion the author offers fascinating insights into the development of the religion of Israel *Encyclopedia of New Year's Holidays Worldwide* William D. Crump, 2016-03-30 Among the world's myriad cultures and their associated calendars the idea of a New Year is relative and hardly specifies a universal celebration or even a universal

point in time Ways of celebrating the New Year range from the observances of religious rituals and superstitions to social gatherings featuring particular foods music dancing noisemaking fireworks and drinking This first encyclopedia devoted exclusively to the New Year includes 320 entries that give a global perspective on the New Year beyond its traditional Western associations with Christmas National or regional entries detail the principal traditions and customs of 130 countries while 27 entries discuss major calendar systems in current use or of significant historical interest The remaining entries cover a wide variety of subjects including literary works movies and television specials the customs of specific ethnic groups universal customs such as toasting and drinking football bowl games and parades and the New Year celebrations at the White House and the Vatican

Family Religion in Babylonia, Syria and Israel Karel van der Toorn, 2023-08-14 This volume deals with the religious practices of the family in the ancient Babylonian Syrian and Israelite civilizations On the basis of a wealth of documents from both the private and the literary realm the book gives an exhaustive description and analysis of the rites of the ancestor cult and the devotion to local gods The author demonstrates the role of these two aspects of family religion in the identity construction of its followers The section dealing with Israel pays particular attention to the relationship between family religion and state religion The emergence of the state religion under King Saul marked the beginning of a competition between civil and private religion Though the two had great influence upon each other the tension between them was never resolved A study of their interaction proves to be a key for the understanding of the development of Israelite religion during the monarchic period The book is of particular importance to biblical scholars Assyriologists and all those interested in the history of ancient Near Eastern religion

Sacred Ritual Bryan C. Babcock, 2014-05-12 Israelite festival calendar texts Exod 23 34 Lev 23 Num 28 29 Deut 16 and Ezek 45 share many features however there are also differences Some of the most often cited differences are the following festival dates festival locations date of the New Year festival timing and festival names Scholars have explored these distinctions and many have concluded that different sources authors redactors wrote the various calendars at different times in Israelite history Scholars use these dissimilarities to argue that Lev 23 was written in the exilic or postexilic era Babcock offers a new translation and analysis of a second millennium B C multimonth ritual calendar text from Emar Emar 446 to challenge the late dating of Lev 23 Babcock argues that Lev 23 preserves an early 2nd millennium West Semitic ritual tradition Building on the recent work of Klingbeil and Sparks this book presents a new comparative methodology for exploring potential textual relationships Babcock investigates the attributes of sacred ritual through the lens of sacred time sacred space and movement sacred objects ritual participants and ritual sound The author begins with a study of ancient Near Eastern festival texts from the 3rd millennium through the 1st millennium This analysis focuses on festival cycles common festival attributes and the role of time and space in ritual Babcock then moves on to an intertextual study of biblical festival texts before completing a thorough investigation of both Lev 23 and Emar 446 The result is a compelling argument that Lev 23 preserves an early West Semitic festival tradition and

does not date to the exilic era refuting the scholarly consensus This illuminating reading stands as a model for future research in the field of ritual and comparative textual studies Miracles Tim Stafford,2012-07 A journalist explores claims of modern day miracles to better understand how God is working in the world today Provided by publishers **From out of the City** John Kelly,2014-04-15 This intriguing novel brings us to a future in which electricity is scarce and Dublin has gone to seed Hawk eyed octogenarian Monk is keeping assorted desperate characters under strict surveillance among them Schroeder recently sacked from Trinity College now stalking a reporter in the days leading up to the visit of the U S President When the unthinkable happens and the President is assassinated Monk sets about discovering what s happened to those in his care and along the way to the late President but this is not he insists the story of an assassination Nor is it a thriller It s the truth *Waymaking* Helen Mort,Claire Carter,Heather Dawe,Camilla Barnard,2018-10-04 Waymaking is an anthology of prose poetry and artwork by women who are inspired by wild places adventure and landscape Published in 1961 Gwen Moffat s *Space Below My Feet* tells the story of a woman who shirked the conventions of society and chose to live a life in the mountains Some years later in 1977 Nan Shepherd published *The Living Mountain* her prose bringing each contour of the Cairngorm mountains to life These pioneering women set a precedent for a way of writing about wilderness that isn t about conquering landscapes reaching higher harder or faster but instead about living and breathing alongside them becoming part of a larger adventure The artists in this inspired collection continue Gwen and Nan s legacies redressing the balance of gender in outdoor adventure literature Their creativity urges us to stop and engage our senses the smell of rain soaked heather wind resonating through a col the touch of cool rock against skin and most importantly a taste of restoring mind body and spirit to a former equanimity With contributions from adventurers including Alpinist magazine editor Katie Ives multi award winning author Bernadette McDonald adventurers Sarah Outen and Anna McNuff renowned filmmaker Jen Randall and many more Waymaking is an inspiring and pivotal work published in an era when wilderness conservation and gender equality are at the fore **ThirdWay** ,1999-06 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **Sumerian Hymnology** Mark E. their faith But it is primarily a trumpet call to people everywhere Christians Gentiles Jews Muslims Buddhists and especially those without a religious faith to urgently contemplate their end of life destination and make the necessary change now by accepting God s redemptive offer of eternal life The compelling message of the book is that every human being will spend his or her eternity in one of two destinations and that destination choice must be made before physical death occurs or it will be made by default The default choice guarantees eternal death but the conscious deliberate choice of redemption guarantees eternal life in a hilariously happy place A person without a chosen end of life destination is a candidate for the eternal Lake of Burning Sulfur by default You are listed in one of God s two record books the book of life or the book of wrath Your listing determines your eternal destination The good news is you can change your listing and destination but the time to act is now

Lunney,2018-04-12 For more than two hundred years copyright in the United States has rested on a simple premise more copyright will lead to more money for copyright owners and more money will lead to more original works of authorship In this important illuminating book Glynn Lunney tests that premise by tracking the rise and fall of the sound recording copyright from 1961 2015 along with the associated rise and fall in sales of recorded music Far from supporting copyright s fundamental premise the empirical evidence finds the exact opposite relationship more revenue led to fewer and lower quality hit songs Lunney s breakthrough research shows that what copyright does is vastly increase the earnings of our most popular artists and songs which net result means fewer hit songs This book should be read by anyone interested in how copyright operates in the real world

Sperm, Wonderful Sperm! Alan Smithie,2009-07-01 I remember a report some time ago extolling the health benefits of the vitamins found in sperm with the advice that in preparation for having a healthy and intelligent baby for some months before becoming pregnant a woman should swallow her partner s sperm You can rest assured this report was compiled by a team of men This has nothing whatsoever to do with the fact I set out to write a book entitled 49 a humorously light hearted fly on the wall look at my life from the day before my forty ninth birthday to the day I hit fifty A story of how I was coping with being too old for a mid life crisis counting the days tick down until the inevitable

half century Should I be wearing socks with sandals when would I start to enjoy pastimes that involved either binoculars a fishing rod making boats out of used matchsticks a tandem bicycle or Morris dancing Was I developing man breasts and more importantly would the next woman I meet have bingo wings What pre fifty pastimes would I be consigning to the dusty bin of life wearing Ramones T shirts and ogling young girls my T shirt definitely had to go Maybe I wouldn't even make it to the end of the book instead I'd meet my end running the Snowdonia Marathon As it was I did make it to the end Having spent a year writing 49 and many months trying to get a publishing deal without success I started to write a blog I pretty soon realised the missing ingredient sex sex sells Post a good title and you have a success mention anal sex and you have a best seller Without a second thought I changed the book title to Sperm Wonderful Sperm and quickly contacted an online print on demand publisher This is the result The Afterlife & the Movie Casablanca and Other Speculations William R. Schweis,2015-05-26

If we take our thoughts and memories into the afterlife and find it filled with promised bliss What do we do with our impatience Even if we do find long gone loved ones and old friends waiting with warm greetings How much reminiscing can one do One way or another God is going to have to explain His indiscretions or His indecision I feel quite strongly that we are entitled to an explanation Unless we enter the afterlife with a slate that's been wiped clean But if that's the case how will we know happiness or bliss or anything else for that matter and how are we supposed to make an accounting I mean judgment seems to be a big part of this afterlife business Unless of course reincarnation is true Maybe we all come back as a new person or an animal or something The worse you were in life the lower form of life you return as At least until you redeem yourself But how does an animal or an insect redeem itself This is getting us nowhere because I really don't care whether or not an insect can redeem itself or even if it's possible for humans I understand the social context of the concept but as for God I'm amenable to a variety of philosophical intrusions I'm like Louis in the movie Casablanca when he tells Major Strasser Personally I'll take whatever comes Currently the prevailing winds are from Vichy Some may consider him opportunistic or at least unprincipled But he did redeem himself at the end of the film by throwing the bottle of Vichy water into the waste can and going with Rick to join a Free French garrison His redemption had a lot to do with the fact that he was on our side The right side But then everybody thinks they're on the right side If Major Strasser had managed to kill Rick would Louis claim he was trying to stop Rick from helping Ilsa and Victor Laszlo to escape It would have been magnificently pragmatic But we the audience would have booed and hissed at his cowardly behavior After all there is such a thing as right and wrong isn't there

The Oxford Guide to People & Places of the Bible Bruce Manning Metzger,Michael David Coogan,2004 This guide to people and places of the Bible covers both the New and Old Testament It will be of interest to anyone needing an A Z reference work on the people and places mentioned in the Bible from prophets and apostles to kingdoms and monuments

The Sacrificial Economy Michael Kozuh,2014-10-21 In the mid first millennium B C the Eanna temple at Uruk sacrificed a minimum of nine lambs every day in its basic routine of offerings to its gods in addition to these special occasions

and festivals demanded the sacrifice of as many as 90 lambs in a single day. All told the Eanna sacrificed about 4 300 lambs per year. There were more than 120 herdsmen connected to the Eanna at any given time and the temple expected there to be tens of thousands of sheep and goats under their responsibility. These herdsmen delivered male lambs to the Eanna for sacrifice and the temple had an internal infrastructure for the care, maintenance and ritual expenditure of these lambs; they also delivered wool which the Eanna sold mostly in bulk quantities. This book aims to analyze the economic organization of this entire system of sheep and goat maintenance and utilization to explore the economic and social relationships between the Eanna and its herdsmen and to integrate the study of the Eanna's animal economy into the developing picture of the Neo-Babylonian temple economy as a whole. Kozuh's careful examination of the bookkeeping records, the management records and legal documents connected with this substantial enterprise sheds new light on an arcane area of first millennium Mesopotamian life that will be sure to enlighten our understanding of the daily life, economy and social structure of this region.
