Millennium ,1992 Millennium David Maybury-Lewis,1992 An anthropological and cultural journey to the worlds of indigenous peoples and traditional cultures *Millennium* David Maybury-Lewis,1994-09-01 **Millennium** ,1982*

Millennium David Maybury-Lewis,1999-07-01 This is the book that accompanied the television series Millennium also by Maybury Lewis He argues that tribal peoples have not tried failed to be like us but have actually chosen to live differently By examining the roads they took that we did not we can get a better insight into the choices we ourselves make the price we pay for them the possibility of modifying them The book includes full color photographic essays on the Dogon Xavante Aborigines Makuna Gabra Wodaabe Weyewa Nyinba Huichol Navajo peoples The Struggle over Singapore's Soul Joseph B. Tamney,2017-10-10 No detailed description available for The Struggle over Singapore s Soul **New York Magazine** ,1992-05-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Naturally Good Man* Rod E. Keays,2012-10-25 Men inherit definitions about manhood but many of these definitions no longer fit A society that was once based on power assumptions and stereotypes is changing Few people take time to learn about the history of male oppression the foundations of masculinity and the evolution of the modern man Join author Rod E Keays as he examines these important topics and more including why boys and men accept certain roles why men bully each other why its important to deal with emotions and why its so hard for men to talk about intimacy Keays explores his own experiences coping with the twists and turns that come with being a man One thing he learns early on is that most men dont talk about their emotional highs and lows As someone who likes to talk openly and frankly he has felt isolated but he continues living life on his terms Discover what good men have been doing for thousands of years and how mens groups can help men achieve their goals The world may have its share of problems but The Naturally Good Man continues to contribute to society

Sacred World Jeremy Hayward,Karen Hayward,1998-12-01 This is the first book to offer step by step instruction in Shambhala warriorship Combining Buddhist mindfulness practice and pre Buddhist shamanic teachings Shambhala warriorship training teaches ways to call on powerful natural energies for personal and collective transformation It shows us how to use everyday situations to unite mind body and emotions in a harmonious whole **The Best of Anthropology Today** Jonathan Benthall,2013-10-11 The articles in this influential journal placed it in the thick of a turbulent period for anthropology Reacting to current research interests and launching what were often heated debates it set the agenda for disciplinary change and new research Once described the American Anthropological Association as creating a strong voice for anthropology in the public arena the Founder Editor Jonathan Benthall introduces here a personal selection of articles

and letters with his own candid retrospect arguing that the discipline's greatest strength and potential lies in testing and refining the ideas of other disciplines Once described by the American Anthropological Association as creating a strong voice for anthropology in the public arena the founder editor Jonathan Benthall introduces here a personal selection of articles and letters with his own candid retrospect arguing that the discipline's greatest strength and potential lies in telling and refining the ideas of other disciplines

Developing Empathy Katharina Manassis, 2017-04-21 Empathy is valued across cultures and has a profound impact on psychotherapy our children and our world Why then are many human relationships not empathetic This volume describes in detail the neurobiological psychological and social elements involved with empathy Ideas are brought to life with case examples and reflective questions which help the reader learn ways to overcome empathetic barriers The book shows how fear anger and anxiety all take away the power to feel for others while also looking at the topic through a global lens Developing Empathy is an easy read book backed by science useful to the clinician and to all readers interested in the topic

Reframing International Development Nelson W. Keith, 1997-09-04 Attempts to theorize contemporary globalization rarely stray beyond variations on old themes of superordination versus subordination Yet there are many new definers of our present global reality depletion of strategic resources degradation of our environment counter offensives against modern patterns of thought and action which suggest that a new framework of global relations is needed Nelson Keith challenges the presumptions upon which Western notions of the world have rested and sounds a call to forge a world order more sensitive to all of its representative voices

The Politics and Economics of Park Management Terry Lee Anderson, Alexander James, 2001 The Politics and Economics of Park Management examines national protected area systems in both developed and developing countries that have made a transformation from fortress parks to a sustainable use model The contributors park management academics and members of nongovernmental organizations contend that successful institutional change in protected area systems involves not only the adoption of appropriate legal and regulatory regimes covering sustainable use but also the development of an informal culture of sustainable resource use among all of a park's stakeholders While this latter requirement is often difficult to achieve the contributors show how these informal attitudes may evolve over time both within the management structure of a park agency and the community of resource users The case studies cited represent examples of successful institutional change demonstrating both financial and conservation benefits to protected area agencies that should serve as model for managing parks today
