A Study of Gastonia ... With an Introduction by Richard A. Peterson and N.J. Demerath III. (Fifth Printing.). Liston POPE, Nicholas Jay Demerath, Richard A. PETERSON, 1965 **Millhands [and] Preachers** Liston Pope, Luther Allen Weigle, Henry Burt Wright, 1942 Millhands and Preachers Liston Pope, 2017-12-11 Excerpt from *Millhands and Preachers A Study of Gastonia* Individuals are represented as significant however only insofar as they represent institutions The cast of characters is limited in other respects Two institutions carry on a dialogue rather than conduct a forum in which all aspects of community life may be represented In more technical parlance analysis in this volume is vertical rather than horizontal in scope it probes into the roles of two institutions over a period of sixty years and explores the relations between them rather than undertakes exposition Of all social phenomena in the locale Politics leisure activities family relations education these and many other fellow townsmen beckon frequently to the main characters and occasionally it is necessary to pause for a brief word with them but hurriedly lest the thread of the ongoing conversation be lost About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Millhands & Preachers Liston Pope, 1942 **Sociology of Religion** Joachim Wach, 2019-03-20 This book first published in 1947 presents the then new subject of sociology of religion in systematic and historical theology and in the science of religion in political theory and the social sciences in philosophy and psychology in philology and anthropology Its intention is to bridge the gulf between the study of religion and the social sciences an exercise that draws strongly upon cultural anthropology *Contesting the New South Order* Clifford M. Kuhn, 2003-01-14 In May 1914 workers walked off their jobs at Atlanta's Fulton Bag and Cotton Mills launching a lengthy strike that was at the heart of the American Federation of Labor's first major attempt to organize southern workers in over a decade In its celebrity the Fulton Mills strike was the regional contemporary of the well known industrial conflicts in Lawrence Massachusetts and Ludlow Colorado Although ultimately unsuccessful the strike was an important episode in the development of the New South and as Clifford Kuhn demonstrates its story sheds light on the industrialization urbanization and modernization of the region

Drawing on an extraordinary collection of sources including reports from labor spies and company informants photographs federal investigations oral histories and newly uncovered records from the old mill s vaults Kuhn vividly depicts the strike and the community in which it occurred He also chronicles the struggle for public opinion that ensued between management workers union leaders and other interested parties Finally Kuhn reflects on the legacy of the strike in southern history exploring its complex ties to the evolving New South *Social Processes* Tamotsu Shibutani,2000 An introductory textbook to sociology

Hard, Hard Religion John Hayes,2017-09-19 In his captivating study of faith and class John Hayes examines the ways folk religion in the early twentieth century allowed the South s poor both white and black to listen borrow and learn from each other about what it meant to live as Christians in a world of severe struggle Beneath the well documented religious forms of the New South people caught in the region s poverty crafted a distinct folk Christianity that spoke from the margins of capitalist development giving voice to modern phenomena like alienation and disenchantment Through haunting songs of death mystical tales of conversion grassroots sacramental displays and an ethic of neighborliness impoverished folk Christians looked for the sacred in their midst and affirmed the value of this life in this world From Tom Watson and W E B Du Bois over a century ago to political commentators today many have ruminated on how despite material commonalities the poor of the South have been perennially divided by racism Through his excavation of a folk Christianity of the poor which fused strands of African and European tradition into a new synthesis John Hayes recovers a historically contingent moment of interracial exchange generated in hardship *The Cambridge Economic History of Europe* Michael Moisse Postan,H. J. Habakkuk,1966 For contents and other editions see Title Catalog [Work and Faith in the Kentucky Coal Fields](#) Richard J. Callahan,2008-11-20 Exploring themes of work and labor in everyday life Richard J Callahan Jr offers a history of how coal miners and their families lived their religion in eastern Kentucky s coal fields during the early 20th century Callahan follows coal miners and their families from subsistence farming to industrial coal mining as they draw upon religious idioms to negotiate changing patterns of life and work He traces innovation and continuity in religious expression that emerged from the specific experiences of coal mining including the spaces and social structures of coal towns the working bodies of miners the anxieties of their families and the struggle toward organized labor Building on oral histories folklore folksongs and vernacular forms of spirituality this rich and engaging narrative recovers a social history of ordinary working people through religion [The American South](#) William J. Cooper, Jr.,Thomas E. Terrill,2009-01-16 In *The American South* William J Cooper Jr and Thomas E Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States Each volume includes a substantial biographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the South Coverage now includes the devastation of Hurricane Katrina in 2005 up to date analysis of the persistent racial divisions in the region and the South s unanticipated role in the 2008 presidential primaries *The Fulton Bag and Cotton Mills Strike of 1914-1915* Gary

Fink,2019-06-30 Mill operatives walked off their jobs at Atlanta's Fulton Bag and Cotton Mills complex in the spring of 1914 initiating a strike that involved ethnic confrontations gender divisions social and economic reforms regional and sectional differences and the textile industry's rendition of the gospel of efficiency In this richly documented account Gary Fink explores the year long strike that followed using the reports of labor spies who were paid by management to gather information about striking employees and to disrupt union organizing activities *Southern Music/American Music* Bill C. Malone,David Stricklin,2014-07-11 The South an inspiration for songwriters a source of styles and the birthplace of many of the nation's greatest musicians plays a defining role in American musical history It is impossible to think of American music of the past century without such southern derived forms as ragtime jazz blues country bluegrass gospel rhythm and blues Cajun zydeco Tejano rock n roll and even rap Musicians and listeners around the world have made these vibrant styles their own *Southern Music American Music* is the first book to investigate the facets of American music from the South and the many popular forms that emerged from it In this substantially revised and updated edition Bill C Malone and David Stricklin bring this classic work into the twenty first century including new material on recent phenomena such as the huge success of the soundtrack to *O Brother Where Art Thou* and the renewed popularity of Southern music as well as important new artists Lucinda Williams Alejandro Escovedo and the Dixie Chicks among others Extensive bibliographic notes and a new suggested listening guide complete this essential study *Local Baptists, Local Politics* Clifford Anthony Grammich,1999 This book explores the political views and actions of religious adherents who claim to base their faith on a literal interpretation of the Bible Focusing on several small Baptist sects scattered throughout the middle and uplands South Clifford Grammich finds that these groups are often highly engaged politically at the local level He thus challenges the traditional view of these Baptists as politically aloof concerned only with matters of faith and personal conduct Grammich shows that the politics arising from these groups religious beliefs are not those of any consistent pervasive ideology Rather he argues such politics more often reflect a series of adaptations to local circumstances **The Fire Spreads** Randall J. Stephens,2010-04-10 Pentecostalism came to the South following the post Civil War holiness revival a northern born crusade that emphasized sinlessness and religious empowerment With the growth of southern Pentecostal denominations and the rise of new affluent congregants the movement slipped cautiously into the evangelical mainstream *Rethinking U.S. Labor History* Donna T. Haverty-Stacke,Daniel J. Walkowitz,2010-10-21 **Reading Southern Poverty Between the Wars, 1918-1939** Richard Godden,Martin Crawford,2006 Franklin D Roosevelt once described the South as the nation's number one economic problem These twelve original interdisciplinary essays on southern indigence between the World Wars share a conviction that poverty is not just a dilemma of the marketplace but also a cultural and political construction Although previous studies have examined the web of coercive social relations in which sharecroppers wage laborers and other poor southerners were held in place this volume opens up a new perspective These essays show that professed forces of change and modernization in the

South writers photographers activists social scientists and policymakers often subtly upheld the structures by which southern labor was being exploited Planters politicians and others who enforced the southern economic and social status quo not only relied on bigotry but also manipulated deeply held American beliefs about sturdy yeoman nobility and the sanctity of farm and family Conversely any threats to the system were tarred with the imagery of big cities northerners and organized labor The essays expose vestiges of these beliefs in sources as varied as photographs from the Farm Security Administration statistics for incarceration and child labor and the writings of Grace Lumpkin Ellen Glasgow and Erskine Caldwell This volume shows that those who work to eradicate poverty and even victims of poverty themselves can hesitate to cross the line of race gender memory or tradition in pursuit of their goal
