Gamble in the Devil's Chalk Caleb Pirtle, III,2013-05-22 In the mid 1970s a band of men with little expertise in the oilfield defied the hard ground of Giddings Texas to search for oil in a barren poverty stricken land that was littered with dry holes shattered hopes and empty pockets Max Williams the former hot shot basketball player at SMU and Irv Deal had been in high dollar real estate until the real estate market collapsed Both were facing the wrath of hard times Pat Holloway was a lawyer who operated drilling funds but had never tested the ill fated Austin Chalk He drilled the most and earned the most but lost it all in the shady confines of a Dallas courtroom Jimmy Luecke was a highway patrolman who stopped Holloway for speeding one night and promised not to take him to jail if the lawyer oilman would agree to drill on his family s land Bill Shuford was right out of college and more interested in finding the next beer joint than his next job Jim Dobos was a constable who used his badge to lease land struck it rich and was found with a gunshot in his head Was it murder or suicide Clayton Williams was the only big time oilman in the bunch but in the beginning he made the mistake of employing the wrong geologist Only those who used the geologic genius of Ray Holifield found oil Holifield had cracked the code of the chalk *Gamble in the Devil s Chalk* is the true story of their fights their feuds their trials their tribulations and their triumphs as they discovered the second largest oilfield in the United States during the past half century Once they came Giddings would never be the same again **Gambling** Fred Goodwin,2002-02 *The Big Gamble* Denise von Herrmann,2002-12-30 While the gambling industry is indisputably large and powerful it has received little attention from political scientists Utilizing a variety of perspectives and techniques von Herrmann analyzes gambling s recent expansion finding public attitudes have been shaped both by government policies and the industry s attempts to create a family friendly image Von Herrmann examines the politics of state and federal gambling policy particularly policies relating to casinos and state lotteries She considers gambling policy from a variety of perspectives including the politics of adoption the state and federal governments role in policy formation and implementation and the broad economic and social impact questions related to gambling The inclusion of several state case studies provides insight into the largely successful reshaping of Americans image of gambling from seedy sinful and corrupt behavior to a benign pleasurable entertainment experience which ultimately has led to widespread availability While many have asserted that gambling policy fits well within the political models of morality politics von Herrmann challenges this notion Noting that true consensus has not been achieved in the area of gambling policy she shows how supporters economic arguments and opponents moral concerns have effectively bifurcated the current debates on gambling policy gambling is now viewed by many in two distinct and separate bodies of thought As she observes the challenge for the future of gambling policy is to find ways to bridge the gap Of particular interest to scholars students and other researchers involved with public policy particularly that relating to gambling **The Maynwarings** Digger

Cartwright,2012-07-31 When United States Senator Barron Maynwarings returns to his family and his beloved ranch the Greenbrier much has changed in Carson City Family friends have taken to gambling Cattle rustlers have increased activity around the massive ranch A mysterious stranger Giddeon Van Thorn has arrived in town on secretive business A political opponent and the press have launched attacks on Barron and his family When Dan Arkin the Maynwarings s neighbor is murdered suspicion immediately turns to Jeremy Foster a loner who had threatened Arkin after a crooked card game When the posse led by the Maynwarings turns into a lynch mob against their will and Van Thorn s men hang Jeremy Foster Barron s daughter Mary Catherine the Carson City solicitor launches an investigation of her own hoping to learn why the strangers wanted Foster dead As Van Thorn attempts to buy up property in Carson City for a massive redevelopment Barron s son Stokes a city councilman attempts to block the slick businessman s plan that seems more than meets the eye As they seek answers to Van Thorn s true intentions and dark background the Maynwarings are stunned to learn that Jeremy Foster s brother has arrived in Carson City seeking revenge for his brother s untimely death As bodies mount and the Maynwarings are bushwhacked it becomes apparent that a sinister game of chance will determine the fate of the Greenbrier and the future of Carson City yet in this high stakes game of chance nothing is as it seems *Cinematic Flashes* Rashna Wadia

Richards,2013 *Cinematic Flashes* challenges popular notions of a uniform Hollywood style by disclosing uncanny networks of incongruities coincidences and contingencies at the margins of the cinematic frame In an agile demonstration of cinephiliac historiography Rashna Wadia Richards extracts intriguing film fragments from their seemingly ordinary narratives in order to explore what these unexpected moments reveal about the studio era Inspired by Walter Benjamin s preference for studying cultural fragments rather than composing grand narratives this unorthodox history of the films of the studio system reveals how classical Hollywood emerges as a disjointed network of accidents excesses and coincidences **Startup,**
