Rossel, 2016-07-15 The Air Commando secret wars happened mostly during the Vietnam War time frame and was a global effort involving USAF volunteer personnel who were given official military orders that did not necessarily specify the country they served in and civilian clothes were many times authorized Later they had great difficulty proving that they served in many of these countries which affected their future VA care These operations were used to strengthen normally a poor

country with little military resources and training with secret warriors frequently being there doing some of their legwork behind the scenes All the operations were tight lipped frequently forbidden to tell families where you were and what you were doing As an example Capt Bob Simpsons death the first fighter pilot KIA in Vietnam in August 1962 became a total fabrication of where why and how and took a number of years before the government came clean because of my efforts Secret wars have a long history and they will continue because of the interest of more powerful nations with their less fortunate brethren
