Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs

*A Style and Usage Guide to Writing About Music* Thomas Donahue,2010-04-01 In *A Style and Usage Guide to Writing About Music* Thomas Donahue presents a collection of guidelines to help express through the written word the special notations terms and concepts found in the discipline of music It concentrates on questions of style and format in the interest of good formal writing within the context of United States English so that writers may communicate their ideas clearly and effectively While compiling the guidelines Donahue reviewed content from many other music and general guides He documented the most common formats in order to assist the writer in selecting an appropriate format for the given circumstance when more than one may apply The book draws on profuse musically oriented examples and is arranged by topics both musical and typographic such as the proper use and spelling of composer names and musical concepts the use of notes pitches and octave delineations letters and numbers employed to describe form and harmony when where and how to apply compound words and hyphenation of terms and names and the proper citation of musical and audiovisual sources The book concludes with a glossary of typographic terms a bibliography and a comprehensive index making this a valuable resource for students scholars teachers and writers

**The Way of Cane** Eric Arbiter,2020 As the sound producing mechanism for the bassoon the reed is a vital component in the sound of the entire instrument While pre manufactured reeds are widely available for purchase at music stores this one size fits all option hardly does justice to the unique needs of the musician and the piece Many bassoonists including seasoned professional bassoonist Eric Arbiter instead choose to craft their own reeds A nuanced and difficult craft to master reed making involves specialized machinery and necessitates special attention to the thickness and even topography of the reed itself When done correctly however this process results in a reed that not only produces a more beautiful sound but also holds up to even the most demanding musical performances In *The Way of Cane* Arbiter demystifies this process for bassoonists of all levels of experience Drawing from his decades long experience as both musician and reed maker Arbiter provides a comprehensive yet accessible overview of the craft from the differing sound qualities produced by changing the dimensions of the reed s blades to the changes in the reed s behaviors as it passes through cycles of wetting and drying during production Small changes in each of these variables Arbiter explains contribute to the ultimate goal of producing a bassoonist s ideal sound With step by step instructions detailed photos that further illuminate the reed making process and a companion website featuring the author s own recordings *The Way of Cane* emphasizes the importance of the reed to the bassoon s sound as well as the harmony between reed and musician

*Insanity and Genius* Harry Eiss,2014-06-02 In his

book about the discovery of the structure of DNA James Watson wrote So we had lunch telling ourselves that a structure this beautiful just had to exist Indeed the quest most often asked by scientists about a scientific theory is Is it beautiful Yes beauty equals truth Scientists know mathematicians know But the beauties the truths of mathematics and science were not the truths that inspired the author as a child and he intuitively knew that the truths he needed come from a different way of knowing a way of knowing not of the world of logic and reason and explanation though they have a value but rather a way of knowing that is of the world expression a world that enters the truths beyond the grasp of logic That is what this book is all about It is an exploration of the greatest minds of human existence struggling to understand the deepest truths of the human condition This second edition updates the previous one incorporating new publications on Van Gogh recent discoveries in neurology psychology and the rapid developments in understanding DNA and biotechnology We've come a long way already from that original discovery by Watson and his coauthor Francis Crick
