Walden or Life in the Woods is a book by American transcendentalist writer Henry David Thoreau. The text is a reflection upon simple living in natural surroundings. The work is part personal declaration of independence, social experiment, voyage of spiritual discovery, satire, and to some degree a manual for self-reliance. Walden offers abundant evidence of Thoreau's ability to begin with observations on a mundane incident or the minutiae of nature and then develop these observations into profound ruminations on the most fundamental human concerns. Credited with influencing Tolstoy, Gandhi, and other thinkers, the volume remains a masterpiece of philosophical reflection. **White Pine** Henry David Thoreau, Stephen G. Perrin, 1991

Poems of Nature Henry David Thoreau, 2019-12-12 Henry David Thoreau see name pronunciation July 12 1817 May 6 1862 was an American essayist, poet, and philosopher. A leading transcendentalist, Thoreau is best known for his book *Walden*, a reflection upon simple living in natural surroundings, and his essay *Civil Disobedience*, originally published as *Resistance to Civil Government*, an argument for disobedience to an unjust state. Thoreau's books, articles, essays, journals, and poetry amount to more than 20 volumes. Among his lasting contributions are his writings on natural history and philosophy, in which he anticipated the methods and findings of ecology and environmental history, two sources of modern-day environmentalism. His literary style interweaves close observation of nature, personal experience, pointed rhetoric, symbolic meanings, and historical lore, while displaying a poetic sensibility, philosophical austerity, and Yankee attention to practical detail. He was also deeply interested in the idea of survival in the face of hostile elements, historical change, and natural decay; at the same time, he advocated abandoning waste and illusion in order to discover life's true essential needs. Henry Shakespear Stephens Salt 20 September 1851 19 April 1939 was an English writer and campaigner for social reform in the fields of prisons, schools, economic institutions, and the treatment of animals. He was a noted ethical vegetarian, anti-vivisectionist, socialist, and pacifist, and was well known as a literary critic, biographer, classical scholar, and naturalist. It was Salt who first introduced Mohandas Gandhi to the influential works of Henry David Thoreau and influenced Gandhi's study of vegetarianism. Salt is credited with being the first writer to argue explicitly in favour of animal rights in his *Animals Rights Considered in Relation to Social Progress* (1892), rather than focusing on improvements to animal welfare. He wrote: "If we are ever going to do justice to the lower races, we must get rid of the antiquated notion of a great gulf fixed between them and mankind, and must recognize the common bond of humanity that unites all living beings in one universal brotherhood." Franklin Benjamin Sanborn December 15 1831 February 24 1917 was an American journalist, author, and reformer. Sanborn was a social scientist and a memorialist of American transcendentalism who wrote early biographies of many of the movement's key figures. He founded the American Social Science Association in 1865 to treat wisely the great social problems of the day. He was a member of the Secret Six or Committee of Six, which funded the militant abolitionist John Brown. Walden Henry David Thoreau, 2016-12-05 Henry David Thoreau 1817 1862 was an American naturalist, poet, philosopher, and essayist who played a leading role in the transcendentalist movement.
