**Light Breeze in Paradise** Carmen-Francesca Banciu, 2019-05-27 The narrator turns her back on Berlin and the hectic throb of the big city for a summer in order to recharge and reconnect with herself in the seclusion of a Greek mountain village For the first little while she passes the time silently on a terrace A terrace on the hillside looking out over the great expanse of the ocean She lives surrounded by insects and other animals that eventually become her friends She takes time to experience changes in light and transformations of the sea to take notice of the hidden and inconspicuous things in her environment the glimmer of what lies concealed It is only after some days have passed that she is struck by the desire to meet people again and starts to embark on journeys beyond the cosmos of her terrace She hitchhikes to the town by the sea each day Brief encounters along the way people watching on the beach and observations of nature's own spectacle as it unfolds reveal to her the interrelation of all living beings in nature Coinciding with the human interactions dramas play out in the microcosm of insects beetles and small animals like scenes from Greek mythology This book is all about the detailed narration of the small world reflected in the larger one Translation is a collaboration This couldn't be truer in the case of this bilingual translation of *Leichter Wind im Paradies* by Carmen Francesca Banciu in English *Light Breeze in Paradise* and Greek This bilingual translation challenges the limits of the notion of collaboration as it occurs on multiple levels More specifically this is the outcome of a collaboration in the frame of the Advanced Training in Greek Poetry Translation Performance Workshop founded and directed by Dr Vassiliki Rapti at Harvard University in 2014 Since July 2016 she has been running it independently

Female Enterprise Behind the Discursive Veil in Nineteenth-Century Northern France Béatrice Craig,2016-11-09 This volume explores the role of women in business in nineteenth century Northern French textile centers Lille and the surrounding towns were then dominated by big and small family businesses and many were run by women Those women did not withdraw into the parlour as the century progressed and the separate ideology spread Neither did they become mere figure heads most were business persons in their own rights Yet they have left almost no traces in the collective memory and historians assume they ceased to exist This book therefore seeks to answer three interrelated questions How common were those women and what kind of business did they run What factors facilitated or impeded their activities And finally why have they been forgotten and why has their representations in regional and academic history been so at odd with reality Indirectly this study also sheds light on the process of industrialization in this region and on industrialists strategies

Misfit Andreas Souvaliotis,2019-03-05 Updated and expanded A new edition of the inspiring memoir by one of Canada's most unusual successful and socially conscious businesspeople I am different I have

always been different I grew up scared of being found out scared of my natural inability to fit in to conform to look and sound and dress and behave normal I was always drawn to the different ones and I observed them with fascination but the thought of being even a little bit like them mortified me I was desperate to fit in From Misfit Andreas Souvaliotis was raised at a time when being on the autism spectrum wasn't easily diagnosed or even discussed Minds like his were simply considered odd He also knew from an early age he was gay and it terrified him as he was growing up with openly homophobic parents in one of Europe's least tolerant societies Andreas's differences made him an outsider right through to his mid forties And then suddenly everything changed Misfit is the extraordinary memoir of a man who realized there was strength in his strangeness that it could be used as a force for good It all happened in a flash On a beautiful spring morning in 2007 sitting in my backyard and licking my wounds from a spectacular career derailment I came up with a big idea and I found myself contemplating the most daring and unconventional pursuit of my life The weird kid from Greece was on his way to making his world and everyone's world a better place Andreas Souvaliotis's inspiring story shows us that everyone has what it takes to trigger positive change and that none of us should see our differences and quirks as handicaps The author is donating all of his proceeds from this book to 6 Degrees a global charitable initiative that promotes inclusion diversity belonging and citizenship [6degreesto.com](http://6degreesto.com)
