drama and movies and living on one's own Progressing along these steps as most of us do allows us to see the nature of our shared humanity to understand our children and our childhood selves to teach and to learn from others and to better navigate and make sense of our social world Theory of mind is basic to why some of us become religious believers and others atheists why some of us become novelists and all of us love stories why some love scary movies and some hate them Reading Minds illuminates how we develop this theory of mind as children how that defines us as individuals and ultimately how it defines us as human **Parliamentary Debates; Official Report[s]** Great Britain.
