**Soldiers** David Livingstone,2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man s Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history

**Churchill and Hitler** David Jablonsky,2014-01-14 This collection of essays examines the development of Churchill and

Hitler as strategic leaders and analyses in particular the impact of their formative years on their leadership styles operational codes views on civilmilitary relations and approaches to the conduct of war at strategic operational and tactical levels Ultimately victory depended on the calculated use of all the means of national power military political psychological and economic to achieve the national end These essays demonstrate it was Churchill who best understood that calculation

*Before Evil* Brandon K. Gauthier, 2022-04-26 Should we humanize the world's most inhumane leaders Adolf Hitler Joseph Stalin Benito Mussolini Mao Zedong Kim Il Sung Vladimir Lenin These cruel dictators wrote their names on the pages of history in the blood of countless innocent victims Yet they themselves were once young people searching for their place in the world dealing with challenges many of us face parental authority education romance loss and doing so in ways that might be uncomfortably familiar Historian Brandon K Gauthier has created a fascinating work epic yet intimate well researched but immensely readable clear eyed and empathetic looking at the lives of these six dictators with a focus on their youths We watch Lenin's older brother executed at the hands of the Tsar's police an event that helped radicalize this overachieving high schooler We observe Stalin grappling with the death of his young beautiful wife We see Hitler's mother mourning the loss of three young children and determined that her first son to survive infancy would find his place in the world The purpose isn't to excuse or simply explain these horrible men but rather to treat them with the empathy they themselves too often lacked We may prefer to hold such lives at arm's length so as to demonize them at will but this book reminds us that these monstrous rulers were also human beings and perhaps more relatable than we'd like *Into the Minds of Madmen* Don Denevi, John H. Campbell, 2011-04-26 In a fascinating account full of quiet heroics and grisly criminal details the authors describe the difficult work of the tireless professionals who have devoted their careers to investigating and analyzing the deeds and personalities of the macabre psychopaths who haunt the nation's streets *The Nazi Séance* Arthur J. Magida, 2025-06-25 World War I left Berlin and all of Germany devastated Charlatans and demagogues eagerly exploited the desperate crowds Fascination with the occult was everywhere in private spaces personalized psychic readings communions with the dead as people struggled to escape the grim reality of their lives In the early 1930s the most famous mentalist in the German capital was Erik Jan Hanussen a Jewish mind reader originally from Vienna who became so popular in Berlin that he rubbed elbows with high ranking Nazis became close with top Storm Troopers and even advised Hitler Called Europe's Greatest Oracle Since Nostradamus Hanussen assumed he could manipulate some of the more incendiary personalities of his time just as he had manipulated his fans He turned his occult newspaper in Berlin into a Nazi propaganda paper personally assured Hitler that the stars were aligned in his favor and predicted the infamous Reichstag Fire that would solidify the Nazis grip on Germany Seasoned with ruminations about wonder and magic and explanations of Hanussen's tricks *The Nazi Séance* is a disturbing journey into a Germany as it descends into madness aided by a clairvoyant Jew oblivious to the savagery of men who pursued a Reich they fantasized would last 1 000 years ***The Watchdogs of Abaddon*** Ib
