

You see, we are constantly trying to be this or that, to achieve a particular state, to capture one kind of experience and avoid another, so the mind is everlastingly occupied with something; it is never still to listen to the noise of its own struggles and pains. Be simple...and don't try to become something or to capture some experience.

Mind Of J Krishnamurti:

things of the mind Jiddu Krishnamurti,1988 **The New Mind** J Krishnamurti,2022-09-09 In these Talks given in India and Saanen Krishnamurti speaks to the necessity for a new way of looking thinking and being in the world What is the effect or value of an individual changing How will that transform the whole current of human existence What can an individual do there is no such thing as an individual consciousness there is only consciousness of which we are a part You might segregate yourself and build a wall of a particular space called the me But that me is related to the whole that me is not separate And in transforming that particular section that particular part we will affect the whole of consciousness And I think this is very important to realize that we are not talking about individual salvation or individual reformation but about being aware of the particular in relation to the total Then out of that realization comes action which will affect the whole

The Mind of J. Krishnamurthi Luis S.R. Vas,1989-01-01 What makes an apparently ordinary human being unfavoured by either heredity or environment suddenly achieve greatness The present volume is a study of this rare phenomenon as reflected in the life and thought of one man who had greatness thrust upon him early in life and who later achieved a different kind of greatness only to give it all up J Krishnamurti It uncovers a strange mind still very imperfectly understood

The Unconditioned Mind David Edmund Moody,2011-11-29 Like an iridescent diamond is how David Moody describes revered philosopher Jiddu Krishnamurti in this intimate portrait of him at the Oak Grove School in California Krishnamurti once groomed by Theosophists to become the next World Teacher founded the school in 1975 and personally oversaw it for the last decade of his life Moody Oak Grove s first teacher and later director recounts their close work together and explains Krishnamurti s ideas with splendid clarity He also recounts how those ideas sparked competition among the staff producing a complex force field that challenged Moody to the utmost The resulting drama and Krishnamurti s involvement in it forms the core of this rare behind the scenes view **The Mind of J. Krishnamurti** Luis S. R. Vas,2003 Jiddu Krishnamurti 1895

1986 Indian philosopher *As One is* J. Krishnamurti,2007 In this series of eight talks given in Ojai California in 1955 Krishnamurti confronts the confusion habits and assumptions of the human mind and claims these lie at the root of all violence and suffering in the world Publisher **Can The Mind Be Quiet?** Jiddu Krishnamurti,2019-08-13 One of the great thinkers of the 20th century discusses the nature of the lived experience the details of profound self inquiry and how to live a fulfilled life with spiritual seekers from around the world These 60 chapters with titles like Solitude Means Freedom All Seeking is from Emptiness and Fear and Life is an Extraordinarily Beautiful Movement carry the essence of Krishnamurti s teaching style and profoundest wisdom Each one reflects an encounter K had at different times during the sixties and seventies It opens with a poetic account of the location where the encounter took place plus occasionally a description of the seeker that K has met The chapter then moves back and forth between the seeker and the teacher giving the reader plenty to reflect upon This is previously unpublished material Readers will be captivated by the luminous prose and the piercing

insight The style is enigmatic and poetic but each chapter contains more than enough for the reader to consider perhaps as a daily practice In the style of Paulo Coelho they have the quality of fables but the teaching is far more profound and challenging *Within the Mind*, 1982 **The Collected Works of J. Krishnamurti** Jiddu Krishnamurti, 1991 **On Mind and Thought** Jiddu Krishnamurti, 1993 On Mind and Thought considers the enigmatic nature of the brain and mind conditioned thought and truly creative thinking Krishnamurti's books have sold more than 200 000 copies **Discover The Immeasurable** Jiddu Krishnamurti, 2014-02-28 For nearly sixty years J Krishnamurti one of the most distinguished voices of modern times tirelessly traveled the world lecturing on the need to know the mind and earned the respect of countless people Dozens of books document his talks both in the US and in Europe Discover the Immeasurable contains a series of six lectures given by J Krishnamurti in the Fall of 1956 It includes the original questions from his listeners together with his insightful and practical answers These lectures as all of the great philosopher's work are based on the need for radical change in understanding our own minds With the term immeasurable Krishnamurti is urging us to explore what is beyond the beliefs and theories beyond the sentimental hopes and intellectual assertions and mere projections of the mind that determine our lives He calls us to passionate action in experiencing life directly since only direct experience has validity To directly experience what is immeasurable will have an extraordinary significance in our lives even to the point of realizing what is God or what is truth The practice of knowing oneself is not an esoteric one the author asserts What we discover with focused attention is that truth is revealed in every relationship and at every moment Krishnamurti advocates the practice of meditation not as some otherworldly transport but as the method for initiating self knowledge Through meditation the mind becomes stilled without demands In this state he speculates that which is not measurable comes into being Attachment to any belief undermines the search for truth A book for seekers of wisdom truth from any tradition or no tradition For readers of J Krishnamurti's previous books and for bookstores and libraries university public everywhere **The Collected Works of J. Krishnamurti: 1963-1964. The new mind** Jiddu Krishnamurti, 1991 *Things of the Mind* Jiddu Krishnamurti, Brij B. Khare, 1988 *A Bibliography of the Life and Teachings of Jiddu Krishnamurti* Susunaga Weeraperuma, 1974 **Mind of J Krishnamurti** Luis S R Vas (ed), 1975 **India's Greatest Minds** Mukunda Rao, 2022-04-25 Indian spirituality from solemn sages to irreverent rebels A plethora of religions cultures languages and peoples have over the ages nurtured a plurality of ideas beliefs influences and practices thriving in India In India's Greatest Minds Mukunda Rao takes readers on an exhilarating exhaustive journey through the lives and teachings of India's most illustrious spiritual masters thinker activists and philosophers making their wisdom accessible to all Beginning from 700 BCE to the present day moving across the length and breadth of the subcontinent and covering every significant school of thought Rao provides a comprehensive view of the trajectory of Indian thought as it developed over centuries enriching minds and shaping modern discourse Whether tackling profound questions on the meaning of life or plunging into the restless urgency of social reform this book showcases an

Krishnamurti,2021-03-27 There is no such thing as your mind and my mind There is only mind the totality of all that has been known felt and experienced by man handed down from generation to generation We are all thinking and functioning in that thought sphere just as we all share the same atmosphere for breathing The thoughts are there to function and communicate in this world sanely and intelligently **The Collected Works of J.Krishnamurti**
