Body and Time Bianca Maria Pirani, Thomas S. Smith, 2014-10-02 Body and Time is an innovative and concise survey of penetrating essays conceptualizing the body as a physiological system embedded in a social network In its complex and multilayered structure it is aligned to and overlaps with other related functions Contributors to this publication are members of the International Sociological Association Research Committee 54 The Body in the Social Sciences and their contributions specifically refer to the RC54 Mid Term Conference The Mobile Interface and Social Change held at Sapienza University of Rome 6 December 2012 What distinguishes the architecture of the book is that collectively it constitutes a challenge to the digital media paradigm in which the body is treated simply as a two dimensional icon of space and time a relatively free form with all kinds of narratives generated by the multimedia Order in sequence should indeed be the key phrase incorporating four incisive problems dealt with in the thirteen chapters forming the body of the book identity temporality hierarchy and territoriality In short the volume demonstrates how fundamentally different ways of experiencing time are also determined by the differing cultural use of bodily rhythms a two sided narration namely of space and time Central to the understanding of this interdependence is the study of interpersonal synchronization increasing knowledge through the investigation of how rhythm music chants dance prayer and other harmonizing practices support social integration This book will attract wide interest especially from students researchers and academics in the social sciences neurosociology digital studies and further afield

Pointing at the Moon: Teaching Martial Arts to Change Lives Neal Dunnigan, 2014-06-15 Teaching martial arts is not merely the development of skills and techniques in others Teaching martial arts is a life changing transformational process for both the students and teachers The Zen expression of pointing at the moon acknowledges the inherent difficulties in bringing other people to a higher level of personal understanding This book describes the issues and considerations involved in teaching martial arts to change lives

Martial Musings: A Portrayal of Martial Arts in the 20th Century Robert W. Smith, 1999 In every century there are unique individuals whose fate makes them standing symbols of unique merit and accomplishment Robert W Smith s *Martial Musings* stands out as the sole literary work which offers readers a special perspective of martial arts as they evolved during the 20th century Smith personally escorts the reader on a martial arts tour He starts with his own initial involvement in the arts then launches outward across the

nation over to Asia and eventually home again Some of the topics covered in the book include martial arts theory and practice portrayals of leading Asian instructors profiles of Westerners who studied the arts and brought them back to their respective countries and an historical record of the evolution of fighting arts in the West Martial Musings represents the fourteenth book Smith has written on the subject and is a broader somewhat historical semi autobiographical commentary on martial arts in the 20th century But what makes this book such a joy to devour is the literary relish Smith stir fries in with the books basic ingredients He astutely couples combatives with literary panache and a ready wit In short Martial Musings introduces the reader to the individuals who shaped martial arts in the 20th century The hardbound book has 398 pages and over 300 illustrations with a full color cover and two color text pages Mind Over Matter Glen St. John Barclay,1973
