Centre and Periphery in Modern British Poetry Andrew Duncan,2005-01-01 In Centre and Periphery in Modern British Poetry Andrew Duncan raises the provocative question of just how accurate and useful the concept of a British literary culture is for a nation that stretches over 600 miles and includes four distinct national cultures He identifies distinct regional poetic traditions in Scotland Wales and the north of England examining writers such as Glyn Jones Joseph Macleod and Colin Simms and coming to the startling conclusion that the finest British poets of recent decades have lived not at the heart of British literary society but in the outlands of the British Isles

The Cambridge Companion to British Poetry, 1945-2010 Edward Larrissy,2016 This Companion brings together sixteen essays that explore the full diversity of British poetry since the Second World War Focusing on famous and neglected names alike from Dylan Thomas to John Agard leading scholars provide readers with insight into the ongoing importance and profundity of post war poetry

Centre and Periphery in Modern British Poetry Andrew Duncan,2005-01-01 Does what is true depend on where you are or can we speak of a British culture which varies gradually over the 600 miles from one end of the island to the other with currents gradually mutating and turning into their opposites as they cross such a distance In Centre and Periphery in Modern British Poetry Andrew Duncan a published poet himself identifies distinctive traditions in three regions of the British Isles providing a polemic tour of Scotland Wales and the North of England while revealing the struggle for cultural assets The book exposes the possibility that the finest poets of the last 50 years have lived in the outlands not networking and neglecting to acquire linguistic signs of status Centre and Periphery in Modern British Poetry provides insightful accounts of major poets such as Sorley Maclean Glyn Jones Colin Simms and Michael Haslam
