Mesopotamia Within those diggings an ancient text was unearthed and translated to read Blue Print of Man Within its pages was written the secrets of ourselves that could not be put in the first book because of further needed research It has taken many years to formulate this new work and because of the calculations and formulations used in modern day Numerology those calculations and formulations were used for the convenience of the reader All the answer in the book came from Blue Print of Man Only because the word Numerology has become a household word that the book was called Numerology a gift from the Gods If one cares to do the research they will find for the past thirty years 99.9% of all Numerology books sold got their calculations from Numerology and their answers to the questions from information obtained in this book Numerology a gift from the Gods is no more than a sociological blueprint of us you a study of society the behavior of an individual people and groups in society derived from the use of our name and the birth date we have these are the tools of life we answer to according to Blue Print of Man In the Sumerian s attempt to teach their subjects they came up with using the alphabet and giving each letter a number in order to acquire secret text that was only known by our Creator One could say that all the information hidden within this book about us you was our Creator s blueprint of how our brain will function according to the name we attach to it Numerology a gift from the Gods is not just some foolish work and certainly it is not some foolish whim for you to laugh at It can and will change one s life Within its pages you will find the answers that unlock all the mysteries in your life Therefore if you dare to know who you really are or if you have ever wondered where your future is going or if you wish to see how accurate your Creator had predicted your past and present then Numerology a gift from the Gods is for you Since this work is only for the serious individuals who have real affection to learn it is recommend you never purchase Numerology a gift from the Gods unless you are that person it s only for the person who truthfully has the urge to know the truth about their self or others and are able to handle truth This written work is not a game and therefore it is not for the week minded
